CAPE MILLER'S
Celebrated Ointment!
A sure cure for Rhegones, Spavine, Hoof Evil, Wind Galls, Old Sores, or any Enlargement on a Horse.
This Ointment is so well known by the Farmers in this country, that it is not necessary for me to say anything about its good qualities, further than that it has proved itself to be the BEST PREPARATION ever offered to the public for the cure of the above diseases. I wish to inform the public that I have now and from Mr. Miller the recipe for making this Celebrated Ointment, and am now manufacturing it at my house at Mt. Hope, where persons wishing it can be supplied.

Improved Threshing Machine!

Farmers will please look at the great advantage in Threshing Grain with
GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.
With the latest Improved Triple-Geared Horse Power, driven either by Gear or Belt.

This Machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half-trouble in a barn floor as a common thrasher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by when in operation, not making near the dust as the common-machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, I must come to the conclusion that it is the very Machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, for which I hope they will give me an opportunity, as I am willing to be responsible if it does not perform as represented in this Circular.

No. 1 is a eight-horse power, with cast iron thresher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty-three inches long. Trunk has ten-inch rake crank and seven rakes, is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the stacker, which will deliver about thirty-five feet beyond the feeder, on a stack to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place. The trunk and fan sides being closed, to confine the straw and chaff, remedies all difficulties in cleaning grain against winny weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstances, it will thresh from forty to fifty bushels per hour, and with more ease and agreeableness of hands than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; it is intended to apply to any common lever or railway power, weighs 1,300 pounds; has an iron thresher frame, and cylinder, 12 1/2 inches in diameter and 28 inches long; delivers the clean grain in bags, or a half bushel. It delivers the straw fifteen feet from the feeder, or if desired, can deliver the straw and chaff together; will thresh and clean in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 600 bushels of oats per day, using four or six horses, and the same number of hands; but to force the work, under most favorable circumstances, good grain, will thresh and clean considerably more. The machine will thresh and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will apply very well to a two-horse railway power.

Shop Prices of Machines range from \$210, to \$525.
I warrant the machines to be as above represented; also against any reasonable defects of material workmanship, &c.

Having now taken a room to keep Repair Castings on hand, I have also selected and am prepared to furnish a variety of other agricultural implements, the latest and best improved, and such as are best adapted to the wants of the farmers of this part of the country. Such as the Hagerstown (Miller's) Clover Stemmer, Hauler and Cleaner, which is proving by its own merits to be one of the best machines of the kind now in use. The latest improved BUCKEYE REAPER AND MOWER combined, with Dropper, and the Mower alone. The American Hay Fork and Knife combined, Hay Rakes, Fodder Cutters, Cider Mills, &c. &c., which I will furnish on short notice and warrant them to answer the purposes for which they are intended.
Orders solicited and promptly attended to. For further particulars, circulars, &c. address

10,000 POUNDS OF BUTTER!
THE quantity of butter made in this country is too small. It can be increased 10,000 pounds by the use of NIXON'S Horse and Cattle Powders. Good for all diseases of Horses, Cattle, Sheep and Hogs. Sold by
J. F. KURTZ,
Waynesboro'.
Read these certificates, hundreds of which could be published:
Four or five years ago, J. S. NIXON compounded a Horse and Cattle Powder, and asked me to try it. I was the first farmer to whom it was given and the first one to use it for stock. I found it full of equal to what Mr. Nixon said of it, and I have used it extensively since, and heartily recommend it to farmers as a sure thing in fattening stock of all kinds and a capital Powder for Horses.
MICHAEL EBERSOLE,
Chambersburg, December, 1865.
Mr. J. S. NIXON—To the multitude in this portion of our State, who have used your Cattle Powder, no commendation is necessary. Its beneficial effects have been fairly tested, and hence its unbounded popularity. I have used it for my horses and cows for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, keeps the skin smooth, the hair, and sharpens their appetites. As a preventive from disease, I regard it as invaluable.
Yours, &c.,
REV. B. S. SCHNECK,
Chambersburg, April, 1866.
Mr. J. S. NIXON—Dear Sir:—I gave your Horse and Cattle Powder a fair trial with all my stock of Horses and cattle, and it improved them wonderfully. It speedily increased the richness of the milk of my cows, and improved the condition of my stock greatly.
I can cordially recommend it as the best thing of the kind I have ever known or tried, for all kinds of stock, and it should be kept in every stable.
Yours truly,
A. K. McCLURE, Ed. Repository.

Still the Latest,
AND
Most Important to Mankind,
Is that I have removed my
Merchant Tailoring and Furnishing Store from my old stand, one door west of the extensive Hat and Fur Store of Uplegaff & Son, to the new fitted room in the Washington House, one door East of Mr. Ogilby's Store, where I have now in store one of the best selected stocks of
English, French, German and Domestic CLOTHS, CASSIMERES, &c., that can be found in the city of Hagerstown or County. These goods have all been selected with great care, especially adapted to the Fashionable as well as the Plain Dress, and at prices that cannot fail to please all. All thoroughly shrunk before made up and satisfaction guaranteed. I have also a stock of
HEAVY COTTON GOOD FOR MEN AND BOYS WEAR, OF THE BEST MAKE.
Linen Ducks and Plain Linens, and a full stock Plain and Mixed Cassimeres or Boy's Wear, and as cheap as can be sold in the town or country will be made to order or sold by the yard or pattern to suit buyers.
All work guaranteed to fit or no sale. My stock of Gent's Furnishing Goods is large and complete of everything in that line, and at prices to suit the times.
I have also the Agency for the sale of the celebrated improved
Singer Family Sewing Machine, and am prepared to compete with every other Machine sold in the town or country, and for sample of Machines please call at my store.
I return my thanks to my customers and the public generally for their patronage, extended me and hope a continuance of the same.
Don't forget—The place is the Washington House Merchant Tailoring Establishment, West Washington Street, Hagerstown, Md. J. A. FISHER,
