Fresh Spices, Black Pepper and all other articles in that line. He has also something to please the

10,000 POUNDS OF BUTTER!

THE quantity of butter made in this country is too small. It can be increased 10,000 pounds, by the use of Nixon's Horse and Cattle Powders. Good for all diseases of Horses, Cattle, Sheep and Hogs. Sold by J. F. KURTZ, Waynesboro'. Read these certificates, hundreds of which could be published. Four or five years ago, J. S. NIXON compounded a Horse and Cattle Powder, and asked me to try it. I was the first farmer to whom it was given and the first one to use it for stock. I found it all equal to what Mr. Nixon sold it for, and I have used it extensively since, and heartily recommend it to farmers as a sure thing in fattening stock of all kinds and a capital Powder for Horses. MICHAEL BERSOLE. Chambersburg, December, 1865. Mr. J. S. NIXON. To the multitude in this portion of our State who have used your Cattle Powder, no commendation is necessary. Its beneficial effects have been fairly tested, and hence its unbounded popularity. I have used it for my horses, and cows for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, loosens the skin, smooths the hair, and sharpens their appetites. As a preventive from disease, I regard it as invaluable. Yours, &c. REV. S. S. SCHNECK. Chambersburg, April, 1866. Mr. J. S. NIXON. Dear Sir. I gave your Horse and Cattle Powder a fair trial with all my stock of Horses and cattle, and it improved them wonderfully. It quickly increased the richness of the milk of my cows, and improved the condition of my stock greatly. I can cordially recommend it as the best thing of the kind I have ever known or tried, for all kinds of stock, and it should be kept in every stable. Yours truly, A. K. MCCLURE, Ed. Repository. Chambersburg, Dec. 1865.

This Machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half trouble in a barn floor as a common thrasher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by when in operation, not making near the dust as the common machine or other separators. Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using it, I must come to the conclusion that it is the very best machine that farmer want and will have as soon as they have an opportunity to appreciate and attest its merits, for which I hope they will give me an opportunity, as I am willing to be responsible in it, do not permit, as represented in this Circular. No. 1 is a eight-horse power, with cast iron thresher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty-three inches long. Trunk has ten inch rake crank and seven rakes, is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the shaker, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the straw with the straw, or deliver it in a separate place. The trunk and fan sides being closed, to confine the straw and chaff, remedies all difficulties in cleaning grain against windy weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstances, it will thresh from forty to fifty bushels per hour, and with more ease and agreeableness than any other machine now in common use. The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; is intended to supply to any common level or railway power; weighs 1,300 pounds; has an iron thresher frame, and cylinder, 12 1/2 inches in diameter and 28 inches long; delivers the clean grain in bags, or chaff desired, in a half bushel. It delivers the straw fifteen feet from the feeder; or if desired, can deliver the straw and chaff together, will thresh and clean, in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 500 bushels of oats per day, using four or six horses, and the same number of hands; but to force the work, under most favorable circumstances, goods may be threshed and cleaned considerably more. The Machine will thresh and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will supply very well to a two-horse railway power Shop Prices of Machines range from \$210, to \$525. I warrant the machines to be as above represented; also against any reasonable defects of material workmanship, &c. Having now taken a room to keep Repair Castings on hand, I have also selected and am prepared to furnish a variety of other agricultural implements, the latest and best improved, and such as are best adapted to the wants of the farmers of this part of the country. Such as the Hagerstown Miller's Clover Steamer, Huller and Cleaner, which is proving by its own merits to be one of the best machines of the kind now in use. The latest improved BUCKEYE REAPER AND MOWER combined, with Dropper, and the Mower alone. The American Jay Fork and Knie combined, Hay Rakes, Fodder Cutters, Cider Mills, &c. &c. which I will furnish on short notice and warrant them to answer the purposes for which they are intended. Orders solicited and promptly attended to. For further particulars, circulars, &c. address DANIEL GEISER, Waynesboro', Franklin Co. Penn'a. May 4, 1866.]

CHILDREN. A fine stock of Toys of all kinds, a large supply of China ware.

CURTAIN Fixtures of all kinds at the store of AMBERSON, BENEDICT & CO.

Still the Latest, AND Most Important to Mankind, Is that I have removed my Merchant-Tailoring and Furnishing Store from my old stand, one door west of the extensive Hat and Fur Store of Updegraff & Son, to the new fitted room in the Washington House, one door East of Mr. Ogilby's Store, where I have now in store one of the best selected stocks of English, French, German and Domestic CLOTHS, CASSIMERES, &c., that can be found in the city of Hagerstown or County. These goods have all been selected with great care, especially adapted to the Fashionable as well as the Plain Dress, and at prices that cannot fail to please all. All thoroughly shrunk before made up and satisfaction guaranteed. I have also a stock of HEAVY COTTON GOOD FOR MEN AND BOYS WEAR, OF THE BEST MAKE. Linen Ducks and Plain Linens, and a full stock Plain and Mixed Cassimeres or Boy's Wear, and as cheap as can be sold in the town or county, will be made to order or sold by the yard or pattern to suit buyers. All work guaranteed to fit or no sale. My stock of Gent's Furnishing Goods is large and complete of everything in that line, and at prices to suit the times. I have also the Agency for the sale of the celebrated Singer Family Sewing Machine, and am prepared to compete with every other Machine sold in the town or county, and for sample of Machines please call at my store. I return my thanks to my customers and the public generally for their patronage extended me and hope a continuance of the same. Don't forget - The place is the Washington House Merchant Tailoring Establishment, West Washington Street, Hagerstown, Md. J. A. FISHER, May 3, 1867.
