Having had long experience in the profession with the largest and best selection of ARTIFICIAL TEETH and Dentist's materials in the country, he does not hesitate to guarantee all work to give full satisfaction, or the money will be refunded after a fair trial.

The most violent toothache cured without extraction or pain and the tooth made useful for years. The best references given in Franklin county.

PERMANENTLY LOCATED IN
GREENCASTLE, PA.

HAVING taken a thorough course of instruction in Dental science and more than five years experience, is prepared to practice his profession with care and attention. Double and single sets of Teeth mounted and insured on the new portable form at prices which defy competition. Teeth mounted on Gold or Silver. Having one of Dr. Richards' Ether or Nitrous Sprays, a process of freezing the gums, proves an excellent method of having Teeth extracted. Pain scarcely is felt, is generally liked, and always safe. I prefer it to Nitrous Oxide Gas. Magneto-Electricity is used for weak nerves and neuralgia. No charge for examination of Teeth. Have your Teeth examined once or twice a year, and filed as soon as a cavity is formed. Thus all Teeth may be saved. Particular attention is paid to children's teeth (too much neglected by parents), also, to the preservation of the natural organ by filling. Dental rooms in Nathaniel Martin's residence, once occupied by Dr. Hammill, Dentist, West-Baltimore street.
