

VILLAGE RECORD.

WAYNESBORO

Friday, November 20, 1867.

The trial of Jeff. Davis has been postponed until the 22d of March. Since Horace Greeley sent bail for Jeff. Davis seven or eight white babies have been named after him down in Alabama. Abraham Lincoln's debts when he was killed amounted to thirty-eight dollars and thirty-one cents. Speculators in Southern Ind. are buying flour at \$13 per barrel to hold until they get \$20 for it. They will probably have to hold it quite a while. Grundy county Iowa, at the late election, gave the Republican candidate 276 votes, and the Democratic candidate 8. Winnebago county gave 147 Republican votes to 1 Democratic. The City Councils of Baltimore have passed an ordinance to pay over one hundred and sixteen thousand dollars to the old Kane Police force, dismissed soon after the 19th of April riots for disloyalty, many of whom went South and fought against the United States. One member of Council endorsed the bridge burning and all other acts of the rebels, asserting that if necessary the same thing would be repeated. Secretary Stanton is represented as stating that he has no desire whatever to resume his position in the War Department, but he thinks that Congress should take some action in the matter, and make his case a test one under the Tenure-of-Office bill, with a view to rebuke Mr. Johnson for his unwarrantable assumption of power. A man named Spencer, and his wife, who reside in Paulsboro, N. J., appear to be of the highest respectability and are worth, it is said, over two hundred thousand dollars, were arrested in New York on Friday on charges, supported by affidavits and evidence in the possession of Colonel Wood, of the detective force, of being the chiefs of a gang of counterfeiters who have recently put the spurious Seven-thirty bonds on the market. Mrs. Spencer paid, cash down, \$40,000 as bail for herself and husband on the examination at Newark, where they were taken. Several other persons are supposed to be engaged with them, and they are all reported to be very wealthy. All advices from the South represent reconstruction progressing rapidly and successfully. In Alabama where the work is furthest advanced, many of the prominent men who were disfranchised under the laws of Congress, have assisted in the good work with their advice and influence, and acted nobly in the great trial of popular rights. The Convention, appreciating their important services, have memorialized Congress to restore this class of persons to the full enjoyment of political rights. The people of Alabama expected to have their new State Constitution ratified and submitted to Congress by the first January. North and South Carolina have both voted during the past week, and have both gone largely in favor of Conventions. In the former the opponents of reconstruction reserved their entire force until the second day, hoping to vote the measure down, but upon a trial of strength were defeated in almost every section of the State. The enemies of Equal Rights remained away from the polls in South Carolina, refusing to participate in the election. It is not likely that this stubbornness will cause Congress to change its policy, or in any way delay the restoration of those States upon the basis of equal and impartial justice. CONGRESS.—On Monday last the House opened with crowded galleries and a very full attendance of members in expectation of the report of the Judiciary Committee on the impeachment question. After the disposal of some routine business, Mr. Boutwell presented the evidence taken by the committee, together with the majority report, signed by himself, and Messrs. Churchill, Lawrence, Williams and Thomas in favor of impeachment. Two minority reports, against impeachment, one on the part of Messrs. Wilson and Woodbridge, Republicans, and the other from Messrs. Burdick and Marshall Democratic members of the committee, were also presented. After the reading of a portion of the majority report, the several reports were ordered to be printed, and the subject made the order of the day for Wednesday. A bill providing for the suspension from office of the President during trial was referred to the Judiciary Committee, a motion to have it acted on at once being voted down. IN PARIS.—A private letter received in Washington says that among the Americans, now in Paris, are Quartermaster General Meigs and General Hooker. General McClellan has returned to Paris from England, and will remain on the Continent for the present on account of the delicate health of Mrs. McClellan. The Indians in the West predict an unusually early winter, and a severe one, with an unusual depth of snow. They give as a reason for this, that the autumn was excessively dry, and that we did not get in rain we shall in snow.

He Won't Do.—The Louisville Courier recently proposed General Sherman as the Democratic candidate for the Presidency.—The La Crosse Democrat, edited by Brick Pomeroy, thinks he won't do for that important position, and remonstrates in the following forcible language: "And such a candidate! Sherman—William Tecumseh Sherman—Vandal Sherman, prince of a band of bummers, thieves, vagabonds and ruffians—Sherman, whose 'march to the sea' would have damned to all eternity a legion of pirates and freebooters—Sherman, the Jackey, tool lieutenant of the Sangamon brother of the devil, the obscene, brutal and boorish Lincoln—Sherman, whose hands are red with the blood of thousands of American freemen—Sherman whose most glorious acts can be written in two words—'Atlanta' and 'Columbia!' "This mushroom of civil war, blood-watered, rank with the corruption and wickedness engendered in the hellish crusade for the enslavement and degradation of white men, and the triumph of niggers—this thing a Democratic candidate for the honors which, as a party, we have conferred upon Jefferson, Madison, Jackson, Van Buren, Pierce and Buchanan? Proposed by a Kentuckian, from a Sovereignty thousands of whose sons rest in unhallowed graves, slain for the love of liberty by Sherman's minions? Great God! that a Democrat should so disgrace himself and humiliate that grand old party!" MR ALEXANDER T. STEWART it is said will soon erect a block of dwellings, to cost \$1,000,000, and to be forever the home of the working-women of New York. It is not to be an almshouse, but a home—more extensive than the working-women's home in Elizabeth street—where women may find food and shelter at prices within their reach, and whatever revenue it may yield is to be employed in the erection of other like institutions.—Mr. Stewart has also resolved to expend \$5,000,000 in the erection of tenement houses on an improved plan, and to devise them to a board of trustees, to be composed of one person from every religious denomination in the city, and to be so rented as to yield a revenue that shall be applied in the construction of other model tenement houses in that city perpetually. A NEW RAILROAD.—The Harrisburg Telegraph says a new railroad is to be built from Wilmington, Delaware, to connect with the Reading railroad somewhere near Birdsboro, Berks county. A meeting of the directors was held last Wednesday, in Philadelphia, for the purpose of awarding the contracts for the construction of the road. The whole work on the road, except the bridge at Birdsboro, was let to William M. Wiley & Co., of Lancaster, for the amount of the Engineer's estimate for the work a trifle over \$506,000. The building of the bridge at Birdsboro, was awarded to William call & Co., of Reading, for about \$20,000. IMPEACHMENT.—The majority of the Committee on impeachment report in favor of the impeachment of the President of the United States. The Telegraph says if the House should endorse the majority report, articles of impeachment will be prepared and presented to the Senate. That body constitutes the court, and they will be called upon to pass their solemn verdict upon the guilt or innocence of President Johnson. The question is a serious one, and we hope Congress will not fail to do its full duty in the premises promptly. THE PHRENOLOGICAL JOURNAL FOR DECEMBER contains 17 portraits of distinguished men, with their biographies—George Peabody, President Woolsey, Elias Howe, Oliver Cromwell, Rev. Dr. Worcester, Chaucer, Abiel Silver, J. R. Hibbard, James P. Stuart, J. C. Ager, W. B. Hayden, and others. The Sultan of Turkey, and a Glance at his Empire. Our Social Relations; the Paris Exposition; Unmarried; What shall We Do with Old Maids? History of the New Jerusalem; or Swedenborgian Church; Saints and Sinners; and much other instructive matter. End of Vol. 46. A new volume begins with the next number. Now is the time to subscribe—only \$3 a year. Address S. R. WELLS, 389 Broadway, New York. A woman in Milwaukee has been made hopelessly insane by some mischievous female fools who told her, for "a joke," that her husband had been drowned. The Union Pacific Railroad has been completed for five hundred and twenty-five miles westward from Omaha, to the base of the Rocky Mountains. The British Government carried out its purposes in the execution of the three Fenians—Allen, Larkin and Gould—at Manchester on Saturday. At London 2,000 men joined in procession, carrying a black banner and marched to Hyde Park, where a meeting was held and addresses delivered condemning the execution. A similar meeting was held in the evening. A Newcastle Republican wheeled a barrel of potatoes six miles last week, to fulfill the conditions of an election bet. He was received by an immense crowd of spectators, who complimented him with three cheers. After dumping his load, he exclaimed: "There! I'm out of debt to the d—d Copperheads, and we'll see how they feel next fall!" The democrats of New York city propose to raise the sum of \$150,000 to start a new daily paper which is to advocate the claims of the Hon. Geo. H. Pendleton, of Ohio, for the next Presidency. Abraham Abrahams, a prominent wealthy pawnbroker of St. Louis, has been convicted of receiving stolen goods, and sentenced to two years in the penitentiary.

LOCAL MATTERS.

NOTICE.—See notice of L. S. Forney. PUBLIC SALE.—See advertisement of Mrs. Elizabeth Stouffer. RECEIVED.—We acknowledge the receipt of \$5 from Jacob F. Hess, Quincy. CALL ACCEPTED.—Rev. Mr. Keefer has accepted a call from the German Reformed congregation in Hagerstown. Passenger trains commenced running regularly on the Washington County Railroad on Monday last. WILD CAT.—A large Wild Cat was shot on the Mountain East of this place a few days since. Jos. C. Clugston of this county has purchased of Dr. Dorsey a farm containing about 145 acres, on the Leitersburg turnpike, two miles from Hagerstown. Jacob L. Dietrich has purchased of David Brandt the Antrim Hotel, in Green castle. FARM SOLD.—Mr. John Lantz has sold his farm near Quincy, containing 94 acres and 20 perches, to Mr. John Singer, for the sum of \$119 per acre. CORN SHELTER.—The attention of farmers is directed to the advertisement of the Brinkerhoff Corn Shelter in to-day's paper. Every farmer in the county should have one of these machines. FOR SALE.—The desirable town property belonging to the heirs of Michal Stoner, dec'd., is to be sold at public sale. See advertisement. THE WEATHER.—For sometime we have been enjoying the most delightful fall weather, which has afforded our farmers ample time to secure their corn crop and make all needed preparations for winter. CALL ACCEPTED.—Rev. Simon S. Miller, a native of this vicinity, but lately of Sunbury Pa., has accepted a call to the German Reformed Church, at Jefferson, in Frederick county Md, and has entered upon his new field of labor. FOR SALE.—Mr. Geo. J. Balsley offers at private sale in another column his farm near this place. The land is the very best quality, pleasantly and conveniently situated. It is unquestionably one of the most desirable small properties in our township. For full particulars see advertisement in another column. A Building Association has been organized in Chambersburg. The following individuals were last week elected officers of the Association for one year. President, Geo. Eyster, Esq., Vice President, Wm. D. Guthrie; Treasurer, B. F. Nead; Secretary, Calvin Gilbert; Directors, B. L. Maurer, Jacob Henninger Wm. D. Guthrie, B. F. Nead and Dr. W. H. Boyle. FIRST TEACHER.—A friend hands us the following scrap of history for publication:—The first School Teacher in Pennsylvania was Enoch Flower, employed by Wm. Penn and others when the Quaker Colony landed in 1683. Birch barks were used instead of slate and paper. The Constitution provided for the education of youth when our State was in its infancy. The framers knew that the stability of our Government and Religious Liberties depended upon the development of the mind and heart. HANDSOME BUILDING.—Our enterprising friend, Mr. F. Fourthman, has so far completed the erection of his new dwelling on East Main Street as to occupy it with his family. The store room which is commodious promises to be a very handsome one when finished. The building has been put up according to the most approved style of architecture and is quite an ornament to that part of our town. TERRIBLE CALAMITIES. Tortola, one of the smaller British West India Islands, containing an area of forty-eight square miles, has been completely submerged by the flood following upon the great gale of the 7th inst., and it is reported that ten thousand lives have been lost. Advice from Porto Rico to the 7th inst., have been received. A terrible hurricane had visited the southern portion of the island, destroying all the crops. All the towns have been terribly de-lated. One thousand houses have been laid in ruins, and three thousand severely damaged. Two hundred lives were lost. The amount of losses in Matamoras by the tornado which passed over that city and vicinity on the 7th, is estimated at at least \$5,000,000. At least 600 houses were destroyed. At St. Thomas, the Liverpool steamer which was sunk during the hurricane carried down \$5,000,000 in specie and merchandise. The loss of the steamship company at St. Thomas will amount to \$12,000,000. Some five hundred bodies remaining unburied have been burnt on the island. WASHINGTON, Nov. 23.—I learn on authority believed to be wholly trust worthy that the Attorney General has expressed the opinion that Surratt cannot be legally tried a second time for a complicity in the assassination of President Lincoln, as the Constitution expressly declares that no man's life shall be twice put in jeopardy for the same offense. A new indictment may possibly be drawn up against the prisoner, but it is more likely that he will be released by Congressional direction. It may not be generally known that Kansas is more than twice as large as the State of New York. The snow was half a foot deep at Hartford, Conn, on the 13th inst.

DOMESTIC GOODS.—Domestic goods of almost every description have declined so much in price, that our merchants, we are told, can sell goods generally as low as such articles were retailed previous to the late war. They are consequently rapidly diminishing their stocks. It is time there should be a tumbling down of prices, not only of dry goods, but most of the common necessities of life. Every thing merchantable has for the last five or six years been too far in advance of its real value.—Speculators have all the while been reaping golden harvests at the expense of the less fortunate pecuniarily. But the indications now point unmistakably to the breaking up of such iniquitous combinations: Those who have sought to thus wrong the commonality of the people will not be likely to prosper in the end with their ill-gotten gains. A number of failures among this class have lately been reported in several of our larger cities. If this state of things continues, which we believe to be inevitable, the decline in prices must become general, and those who continue to hoard up for higher figures may learn wisdom in the end by sad experience. BUILDING ASSOCIATION.—The propriety of organizing a building Association is still being agitated among some of our citizens. We certainly have the material for such an Association, which once in operation would prove profitable to all parties concerned.—Associations of this order have of late been organized in various towns, and in every case as far as we have seen, favorable reports of their operations have been given. A place of deposit is thus afforded for surplus earnings which, instead of being squandered, as is too often the case, would be safely and profitably invested. Public enterprise would thereby be stimulated and a spirit for public improvement encouraged. Those wishing to build or otherwise procure homes would have the opportunity afforded them of liquidating their indebtedness in small weekly installments, and in time would thus have their properties paid for, which they could not do under other circumstances. To the individual of moderate means, the benefits and convenience of such an association are incalculable. We understand a number of citizens met at the office of Jos. Douglas Esq., on Monday evening last and that a committee was appointed to examine the constitution of different Associations now in operation and to report to a meeting to be held soon, of which notice will be given. WOLF CAUGHT.—On Monday morning a young female wolf was caught in Horse Valley on the land of John Weaver in a trap set by Abraham Rosenberry. About one o'clock in the morning, some neighbors heard the wolf howling, and on going to the trap, found her there. While in the act of dispatching her with an axe, about fifteen wolves made an attack upon them from the woods and they were obliged to retire very rapidly. There is said to be a pack of eighteen of them in that neighborhood which have been destroying a pretty considerable number of sheep. The men who went to the trap were Messrs. Andrew Fricker, Jacob Horn and John Horn.—V. Spirit. THE SCHOOL BUILDING.—A discussion is now going on among certain parties as to the location to be selected for the new School Building. It is certainly very important to secure a good location, which should be pleasantly situated and easy of access. The Eastern School House Lot has been talked of by some, but this would be the last spot we would recommend for such a building to which access could only be had through alleys. We would rather advise our Board of Directors to remove the stone in the building to some eligible point and convert the lot into a "potato patch."

Virginia. RICHMOND, November 25.—1 P. M.—There is a large crowd waiting admittance to the United States Court. A company of cavalry is on the spot. Among the witnesses summoned for the Government are Generals Magruder, Mahone and Wickham, of Virginia, and Gordon, of Georgia. [SECOND DISPATCH.] Judge Chase did not arrive, consequently there will be no trial to-day. RICHMOND, November 25.—The United States Court was not opened at all to-day, nor did the Judge assume his seat.—Upon the train arriving without Judge Chase, at 130 P. M. the Marshal adjourned the Court until 11 A. M. to-morrow. Judge Underwood received a telegram from Judge Chase saying he would certainly be present here to-morrow morning. Mr. Davis, having been notified of the circumstances, did not appear at the Court House, but will be there to-morrow. Among the witnesses summoned by the Government, who arrived to-day, is Gen. R. E. Lee. Gen. Custis Lee and Fitzhugh Lee are also here. General Horace Porter, of General Grant's Staff, also a witness, arrived to-day. Ex-Governor Letcher and General Francis H. Smith, of Lexington, are here. Upon the announcement of the adjournment of the Court to day, the crowd, consisting chiefly of blacks, quietly dispersed. Judge Underwood to-day granted, upon the prayer of General J. D. Imboden, a mandamus to compel General Schofield to permit him to vote. His returnable December 5th. The venire of which the Davis jury is to be selected is one-third colored men. A squad of ruffians in Henry co., Ky., on Monday night a week burned all the cabins of the negro laborers on the Louisville and Lexington railroad. There was a large demonstration by the copperheads at Troy, Ohio, on the 13th inst. in honor of Vallandigham, their choice for the Presidency. The Grant clubs of Philadelphia have nearly all declared for Secretary Stanton for Vice-President. The President has pardoned G. B. Crittenden, of Kentucky, who is a graduate of West Point, and was a major general in the rebel army. In St. Louis, on Tuesday, Thos. Phillips, of Kentucky, was robbed of \$57,200. SPECIAL NOTICES. May the troubled sea of matrimony over which their frail barque is destined to glide, be free from squalls, and float smoothly on to the end of their voyage. MARKETS. PHILADELPHIA Tuesday, Nov. 26.
