Improved Thrashing Machuie!

Farmers will please look at the great advantage in Thrashing Grain with

GEISERS PATENT MILE-REGULATING GRAIN SEPARATO R CLEANER AND BAGGER.

With the latest Improved Triple-Geared Horse Power, driven either by Gear or Belt

This Machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half trouble in a barn floor as ac common thrasner and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and clearly to work by when in operation, not making near the dust as the commonnachme or other Separators.

Farmers can rest assured that this machine is no hunbur, and judging from the high recommenda Farmers can rest assured that this machine is no humbur, and judging from the high recommendation of farmers that are using them, I must come to the conclusion that it is the very Machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its ments, for which I hope they will give me an opportunity, as I am widing to be responsible if it does not perform, as represented in this Circular.

No. I is a eight-horse power, with east iron thresher frame and wrought iron and wood cylinder, six, teen inches in diameter and thirty-three moties long. Trunk has together rake crunk and seven rakes is thirty five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the stacker, which will deliver about thirty-live feel beyond the tender, on a stack lifteen to eighteen feet high, and can be easily manifed to carry the chaff with the straw, or deliver it

tops, and detiver it on the stacker, which will deliver about thirty-live given beyond the teeler, on a stack fifteen to eighteen feet high, and can be easily manify d to curry the chaff with the straw, or deliver it in a separate place. The trunk and tan sides being closed, to confine the straw and chaff, remedies a lidifficulties in comming grain against whom weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushes els per hour, using eight horses and the same number of hinds; but to force the work under favorableircumstance, it will thresh from lorty to fifty bushels per hour, and with more ease and agrecableness

circumstance, it will thresh from torty to fifty bushels per near, and with more ease and agreedieness to hands than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; in intended to apply to any common lever or ratiway power; weighs 1,300 pounds; has an iron threshes frame, and cylinder, 12½ inches in diameter at d 48 inches long; delivers the clean grain in bags, or at desired, in a half bushel. It delivers the straw fifteen feet from the reoder, or if desired, can deliver the straw and chalf together; will thresh and clean, in good grain, ready for in ricket, from 100 to 175 bushels nofwheat, or hom 300 to 500 busicels of oats per day, using four or s. horses, and the same number of dhas; but to force the work, under most favorable circumstances, good gam, &c., will thresh and clean a considerably more. The Machine will threah and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will apply very well to a two-horse railway power

Shop Prices of Machines range from \$210, to \$525. warrant the machines to be as above represented; also against any reasonable defects of materi

Having now taken a room to keep Repair Castings on hand, I have also selected and am prepared to furnish a variety of other agricultural implements, the latest and best improved and such as are best adapted to the wants of the tarmers of this part of the country: Such as the Hagerstown (Miller's) Clover Stemmer. Huller and Cleaner, which is proving by its own merits to be one of the best machines of the kind now in use. The latest improved BUCKEYE RE PER AND MOWER combined, with Dropper, and the Mower alone. The American May Fork and Knite combined, Hay Rakes, Fodder Cutters, Cider Mills, &c. &c. &c., which I will furnish on short notice and warrant them in answer the increases for which I was reconstinated. hem to answer the purposes for which they are intended.

10.000 POUNDS OF BUTTER ! W. W. WALRER. T. J. NILL. GEO. W. WALRES

THE quantity of butter made in this country is too small. It can be increased 10.000 pounds the use of Nixon's Horse and Cattle Powder Good for all diseases of Herses Cattle, Sheep and Hogs. Sold by J. F. KURTZ, Waynesboro

Rend these certificates, hundreds of whic could be published: Four of five years ago, J. S. NIXON compounded a Horse and Cattle Powder, and asked me to try it I was the first farmer to whom it was given and the first ene to use it for stock. I found it full ly equal to what Mr Nixon said of it, and I hae it to farmers as a sure thing in fattening stock of vikinds and a capital Powder for Horses.

MICHAEL EBERSOLE.

Chambersburg, Deember 1865,

MR. J. S. Nixon.—To the multitude in this pos-tion of our State, who have used your Cattle Powders no commendation is necessary. Its beneficial erl fects have been fairly tested, and hence its unboune ded popularity I have used it for my horses au cows for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, loosens the skin, smoothes the hair, and sharpens their app tites. As a preventive from disease, I regard it us invaluable. Yours, &cc., XEV. B. S. SCHNECK. Chambersburg, Apru, 1866.

MR. J. S. Nixon - Dear Sir :-- I gave your Hors and Cattle Powder a fair trial with all my stock Horses and cattle, and it improved them wonderfuly. It speedily increased the richness of the milk o my cows, and improved the condition of my stock

-1-can cordially recommend it as the best thing-of the kind I have ever known or tried, for all kinds of stock, and it should be kept in every stable. Yours truly,

A. K. McCLURE, Ed. Repository.
