

A NEW AND IMPORTANT DISCOVERY FOR

Restoring the Sight of the Aged,
 STRENGTHENING THE WEAK, AND PRESERVING THE PERFECT SIGHT.

The Concave-convex Spectacles prepared through me a short time since, have proved superior to any other glasses in use. Hundreds of persons who have tried them, will testify to their superiority over the old ones in use.

The Concave-convex Glasses are ground from pure crystal in such a manner that the focus is distributed over the entire surface. They therefore afford a clear and distinct vision, to the eye, in whatever direction it may be turned, whereas the old double convex glasses require a direct sight through their centres.

THE CONCAVE-CONVEX GLASSES

are patterned after the shape of the cornea of the human eye; they give a clear and healthy light to the eye, and prevent it from becoming tired or dim. Whether used by daylight or lamplight, they never leave that unpleasant feeling in the eyes, which is common from the use of the old style Glasses. Persons who after reading or sewing feel their eyes growing dim and smarting, are advised to try these new and improved

CONCAVE-CONVEX GLASSES.

They can be used a long time before changing to a higher power.

Also constantly on hand SPECTACLES to suit all other deficiencies of the sight, such as near-sight, weakness, inflammation, catarrh, &c. Every pair of Spectacles being adjusted by an Optician which gives the exact power of the eye, is warranted to suit.

NEW GLASSES SET IN OLD FRAMES AT SHORT NOTICE.

10,000 POUNDS OF BUTTER!

The quantity of butter made in this country is too small. It can be increased 10,000 pounds by the use of NIXON'S Horse and Cattle Powders Good for all diseases of Horses, Cattle, Sheep and Hogs. Sold by
 J. F. KURTZ,
 Waynesboro

Read these certificates, hundreds of which could be published.

Four or five years ago, J. S. NIXON compounded a Horse and Cattle Powder, and asked me to try it. I was the first farmer to whom it was given and the first one to use it for stock. I found it fully equal to what Mr. Nixon sold it, and I have used it extensively since, and heartily recommend it to farmers as a sure thing in fattening stock of all kinds and a capital Powder for Horses.

MICHAEL EBERSOLE,
 Chambersburg, December 1865.

Ma. J. S. Nixon.—To the multitude in this portion of our State who have used your Cattle Powders no commendation is necessary. Its beneficial effects have been fairly tested, and hence its unbounded popularity. I have used it for my horses and sheep for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, loosens the skin, smooths the hair, and sharpens their appetites. As a preventive from disease, I regard it as invaluable.

Yours, &c.,
 MEY. B. S. SCHNECK,
 Chambersburg, April, 1866.

Ma. J. S. Nixon.—Dear Sir:—I gave your Horse and Cattle Powder a fair trial with all my stock Horses and cattle, and it improved them wonderfully. It speedily increased the richness of the milk of my cows, and improved the condition of my stock greatly.

I can cordially recommend it as the best thing of the kind I have ever known or tried, for all kinds of stock, and it should be kept in every stable.

GOOD Levy Sugar at

REID'S,

A NOTICE FOR ALL TO READ!

THE "MORNING GLORY"

Is the Cheapest and the Best Base Burning Stove before the Public!

THE No. 9 M. G. sells at \$25, and nearly 50 lbs. heavier than the No. 8 Oriental, and is larger than the No. 10 or No. 11, which sell at five to six dollars more than the No. 9 M. G. Again, the Morning Glory is the only stove that breaks up its cinder and passes them off with the ashes. This is done by means of its Mill Gate. This gate is not in any other stove, nor can any other stove use it—This mill gate is insured for five years, under the Oriental stove, when you make out under it with a poker rake them up and pass them out through this door. Very nice that, provided some of the hot cinder falls on your nice carpets. "Oriental Book, page 3 says that you must take off your pipe during the season from the stove and remove the ashes &c., which have accumulated in the back flue." Another nice job in a nice room. Now, nothing of this kind have you to do in the Morning Glory.

W. A. TRITLE is the only agent in Waynesboro' for the sale of the M. G. stove. He has sold since the 28th day of Sept., 50 of these stoves. The M. G. has taken since 1866 all first class Premiums over all other Base Burning stoves. Call and see the stove in operation and learn what the stove is, for yourselves, then you can judge which is the best stove. Fruiting that this caprice, I have done no injustice to leave it for the public to judge as to which of these stoves shall receive their patronage.

CELEBRATED BASE BURNING STOVE

THE MORNING GLORY!

The Morning Glory is a perpetual burner, having a magazine or reservoir for reserve coal, which is required to be filled but once a day, and if the proper sized coal is used it is not necessary to rekindle the fire during the entire winter.

(No clinker will remain in these stoves, nor will there be any trouble from slate, or other impurities in the coal, the fire being always at the base of the coal, the impurities are left in the ashes and ground out by the "Mill-gate.")

THERE'S NO ESCAPE OF GAS OR DUST ECONOMY OF FUEL!

The combustion of fuel being perfect and at a high temperature, the amount of heat produced from the same quantity of coal is much greater than at a low temperature, hence but a small quantity of fuel is necessary to be undergoing the process of combustion at one time. The entire surface of the Morning Glory is radiating surface. Add to this the surface of objects heated by rays of light through the mica windows, and you have the record of the great heating properties of the Morning Glory with a small amount of fuel.

For sale at W. A. TRITLE'S Tin and Stove Store.

He has a large stock of Stoves, Tinware and other goods in his line, which he will sell cheap. You will find the best COOK, NINE PLATE and COAL STOVES in market. Also on hand Brass, Copper and Iron Kettles. His Copper Kettles are better than are offered for sale elsewhere, and cheaper, as he makes them from the best material. Also the best CISTERN PUMP in market, it is strong, simple durable and cheap, is insured not to freeze. Call and see it. All kinds of repairs done in Tin, Copper or Sheet-iron. Don't fail to call as you will find a large stock of goods.
 Sept. 6-7 mo. W. A. TRITLE.

LIVERY! LIVERY!

THE subscribers announce to the public that they still continue the Livery business. Having recently added both horses and vehicles to their stock they are now better prepared than ever to accommodate persons wanting horse riding and driving horses, and all other suitable conveniences. An attentive Order always in attendance and parties conveyed to any point desired, night or day. Passengers conveyed daily to and from Greencastle—Their Buss leaves at 6 A. M. and returns at 7 P. M.
