A NOTICE FOR ALL TO READ

THE "MORNING GLORY!" Is the Cheapest and the Best Base Burning Stove before the Public! THE No. 9 M. G. sells at \$25, and is nearly 50 lbs. heavier than the No. 9 Oriental, and is larger than the No. 10 or No. 11, which sells at five to six dollars more than the No. 9 M. G. Again, the morning glory is the only stove that breaks up its clinker and passes them off with the ashes. This is done by means of the Mill Grate. This grate is not in any other stove, nor can any other stove use it—This mill grate is insured for five years, now, in the Oriental stove, when you must take out clinker you have to open a door on top of the fire pot and with a poker rake them up and pass them out through this door. Very nice that, provided some of the hot clinker falls on your nice carpet. "Oriental" look, page 3 says that you must take off your pipe during the season from the stove and remove the ashes &c., which have accumulated in the back flue." Another nice job in a nice room. Now, nothing of this kind have you to do in the Morning Glory. W. A. TRITTLE is the only agent in Waynesboro for the sale of the M. G. stove. He has sold since the 23rd day of Sept. 50 of these stoves. The M. G. has taken since 1866 all first class Premiums over all other Base Burning stoves. Call and see the stove in operation and learn what the stove is, for yourselves, then you can judge which is the best stove. Trusting that in this exposure I have done no injustice I leave it for the public to judge as to which of these stoves shall receive their patronage.

CELEBRATED BASE BURNING STOVE THE MORNING GLORY!

The Morning Glory is a perpetual burner, having a revolving or reservoir for coal, which is required to be filled but once a day, and if the proper sized coal is used it is not necessary to relight the fire during the entire winter. (No clinker will remain in these stoves, nor will there be any trouble from slate, or other impurities in the coal, the fire being always at the base of the grate, the impurities are left in the ashes and ground away by the "Mill-Grate.") THERE'S NO ESCAPE OF GAS OR DUST ECONOMY OF FUEL!

The combustion of fuel being perfect and at a high temperature, the amount of heat produced from the same quantity of coal is much greater than at a low temperature, hence but a small quantity of fuel is necessary to be undergoing the process of combustion at one time. The entire outer surface of the Morning Glory is radiating surface. Add to this the surface of pipes heated by rays of light through the mica windows, and you have the secret of the great heating properties of the Morning Glory with a small amount of fuel.

For sale at W. A. TRITTLE'S Tin and Stove Store. He has a large stock of Stoves, Tinware and other goods in his line, which he will sell cheap. You will find the best COOK, NINE PLATE and COAL STOVES in market. Also on hand Brass, Copper and Iron Kettles. His Copper Kettles are better than are offered for sale elsewhere, and cheaper, as he makes them, and can sell at shorter profits. Also the best CISTERN PUMP in market, 1 1/2 strong, simple durable and cheap, is insured not to freeze. Call and see it. All kinds of repairs done in Tin, Copper or Sheet-iron. Don't fail to call as you will find a large stock of goods. W. A. TRITTLE, Sept. 6-7 mos.

COURT!

Next Monday Court Commences METCALFE & HITESHEW, No. 27, FRONT STREET, 3d Door South of Centre Square, CHAMBERSBURG, PA.

Have a well assorted stock of Dry Goods, Notions, Carpets, Oil Cloths, and all goods belonging to the Dry Goods and Notion business, all of which will be sold at greatly reduced prices, on and after next Monday, 20th inst., in order to make room for Spring goods. Those having business in Chambersburg would do well to buy their goods of Metcalfe & HitesheW as they can easily make their expenses and good wages for the same money than any other Dry Goods House in Chambersburg.
