**\$200,000 DOLLARS**

TO BE divided and \$100 certificates paying a dividend of eight and ten per cent per annum issued to all who will subscribe for Stock in the Chamberburg Woolen Mill.

The great success of the Company and demand for their goods has encouraged them to enlarge the capacity of their Mill and increase their capital stock. They now offer \$200,000 additional stock for sale at the par value of \$100 per share. This stock pays a dividend of eight per cent per annum on the Special and ten on the Common, and can be made to pay 12 to 15 per cent per annum. The Company owns all that splendid water power of the Falling Spring in the heart of the Borough of Chamberburg, including the Flouring Mills. Their Woolen Mill uses 60 horse-power and leather enough to run the Flouring Mills of a pair of Burrs. These Mills rent for one half the interest of the whole cost of their real estate except the Woolen Mill building and Machinery. Any who have \$100 or more and especially Farmers wishing to make a safe and profitable investment are requested to examine the merits of this stock before investing in land or Government securities, as it pays at least 8 per cent, and no premium, making the safest and most profitable investment now offered, and besides encourages industry and advances the interest of the community at large. You are referred for fuller particulars to our printed circulars, and a personal examination of the Mill and Machinery. We invite a careful examination being convinced that the better the affairs of our Company are known, the more confidence and success will be attained. We are in our own confidence and that our knowledge of all our affairs is all that is wanting to secure a speedy sale of all the stock.

Subscriptions received at the office of the Company at the Woolen Mills, or at the 1st National Bank of Waynesboro, 1st Nat. Bank of Green Castle, by M. Fallon, Esq., Mercersburg, Judge Italy, Shippenburg, and Judge Ferguson, Path Valley & Geo. Bailey Esq., who will visit in person different localities.

Feb. 14, 1868. J. C. AUSTIN, Pres't. F. Drexel Sec'y.

**NORMAL INSTITUTE.**

THE next session of this Institution will commence on Monday, the 23d of March.

Those wishing to send pupils should make it known to the Principal, as soon as possible, as but a limited number can be received.

The government will be mild and parental, appealing to the pupils' reason and sense of propriety and right; yet obedience and good behavior will be strictly required.

The object of this school will be to give pupils a complete education, and to prepare gentlemen for business or for any class in college.

Pupils will be taught to study understandingly, and not merely to commit rules to memory or go through text books.

The branches that will be taught are, Orthography, Reading, Penmanship, Geography, Arithmetic, Grammar, Algebra, Geometry, Physiology, Com. Law, History, Botany, Hygiene, Trigonometry, Natural Philosophy, Zoology, Analytical Geometry, Mental Philosophy, Zoology, Education, Logic, Moral Philosophy, Astronomy, Calculus; Latin, Greek, French, German, Italian, Music, Drawing and Painting.

N. B.—Primary pupils, if sufficiently advanced to be classified, will be received at somewhat reduced rates.

W. NOETLING, A. M., C. E., Prin. Rev. C. V. WILSON, J. F. WILSON, Assistants. Waynesboro, Pa., Feb. 7, 1868—2m.

**ANNOUNCEMENT FOR ALL TO READ!**

**THE "MORNING GLORY!"** is the Cheapest and the Best Base Burning Stove before the Public!

THE No. 1 M. G. sells at \$25, and is nearly 100 lbs. heavier than the No. 2 Oriental, and is larger than the No. 10 & No. 12, which sell at \$20 to \$25 dollars more than the No. 2 M. G. Again, the Morning Glory is the only stove that breaks up its cinder and passes a them off with the ashes. This is done by means of the Mill Grate. This grate is not in any other stove, nor can any other stove use it. This mill grate is insured for five years, now in the Oriental at one, when you must take out cinder you have to open a door on top of the fire-pot and with a poker rake them out and pass them out through this door. Very nice that, provided some of the hot cinder falls on your nice carpet. "Oriental Book, page 3 says that you must take off your pipe during the season from the stove and remove the ashes &c., which have accumulated in the back flue." Another nice job in a nice room. Now nothing of this kind have you to do in the Morning Glory.

W. A. TRITTE is the only agent in Waynesboro for the sale of the M. G. stove. He has sold since the 28th day of Sept., 50 of these stoves. The M. G. has taken since 1866 all first class Premiums over all other Base Burning stoves. Call and see the stove in operation and learn what the stove is for yourselves, then you can judge which is the best stove. Trusting that in this exposure I have done no injustice I leave it for the public to judge as to which of these stoves shall receive their patronage.

**CELEBRATED BASE BURNING STOVE THE MORNING GLORY!**

The Morning Glory is a perpetual burner, having a magazine or reservoir for reserve coal, which is required to be filled but once a day, and if the proper fuel is used the fire is not necessary to rekindle the fire during the entire winter. (No clinker will remain in these stoves, nor will there be any trouble from slate, or other impurities in the coal, the fire being always at the base of the coal, the impurities are left in the ashes and ground out by the "Mill-grate.")

**THERE'S NO ESCAPE OF GAS OR DUST ECONOMY OF FUEL!**

The combustion of fuel being perfect and at a high temperature, the amount of heat produced from the same quantity of coal is much greater than at a low temperature, hence but a small quantity of fuel is necessary to be undergoing the process of combustion at one time. The entire outer surface of the Morning Glory is radiating surface. Add to this the surface of objects, heated by rays of light through the mica windows, and you have the secret of the great heating properties of the Morning Glory with a small amount of fuel.

For sale at W. A. TRITTE'S Tin and Stove Store.

He has a large stock of Stoves, Tinware and other goods in his line, which he will sell cheap. You will find the best COOK, NINE PLATE and COAL STOVES in market. Also on hand Brass, Copper and Iron Kettles. His Copper Kettles are better than are offered for sale elsewhere, and cheaper, as he makes them and can sell at shorter profits. Also the best CISTERN PUMP in market, it is strong, simple durable and cheap, is insured not to freeze. Call and see it. All kinds of repairs done in Tin, Copper or Sheetiron. Don't fail to call as you will find a large stock of goods. Sept. 6-7 mos. W. A. TRITTE.
