We have carefully examined and thoroughly tested this Machine, and have no hesitation in pronouncing it the best Corn Sheller we ever saw. It readily adapts itself to ears-of-any-size-and-shape, shells clean, and with great rapidity and ease, and at the same operation separales the corn from the cob, and the chaff from the corn, and delivers the corn ready for market; and it requires but the labor of one person to operate it. The whole affair is simple in construction, and dur-

NOTICE FOR ALL TO READ THE "MORNING GLORY!"

Is the Cheapest and the Best Base Burning

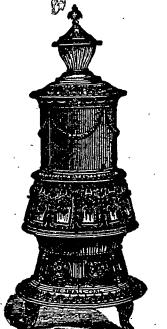

Stove beforethe Public!

THE No. 9 M. G. sells at \$25, and is nearly 50 Hogs. Sold by lbs. heavier than the No. 9 Criental, and is larger than the No 10 or No. 11, which sells at five to six dollars more than the No. 9 M. G. Again, the morning Glory is the only stove that breaks up its einder and passes them off with the a shes. This is done by means of the Mill Grate. This grate is not in any other stove, nor can any other stove use it-This mill grate is insured for five years, now, in the Oriental stove, when you must take out cinder you have to open a door on top of the fire-pot and with a poker rake them up and pass them out through this door. Very nice that, provided some of the hot cinder falls on your nice carpet.
