

EMPIRE SHUTTLE MACHINES.
PATENTED FEBRUARY 14, 1860
SALE ROOM, No. 921 CHESTNUT ST.,
PHILADELPHIA.

This Machine is constructed on a new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be SIMPLY PERFECT AND PERFECTION COMBINED.

- The following are the principal objections urged against Sewing Machines:
1. Excessive fatigue to the operator.
 2. Inability to get out of order.
 3. Expense, trouble, and loss of time in repairing.
 4. Inability to sew every description of material.
 5. Disagreeable noise while in operation.

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle, perpendicular action, makes the LOCK or SHUTTLE STITCH, which will neither RIP nor RAVEL, and is alike on both sides, performs perfect sewing of every description of material, from Leather to the finest Nanook Madras, with linen, cotton or silk thread, from the coarsest to the finest number.

TERMS, FELTS, BINDS, BRAIDS, TUCKS, QUILTS, PLISTS, GATHERERS.

Having neither CAM nor COG WHEEL, ESPECIALLY A NOISELESS MACHINE.

All varieties of GAINES MACHINES from \$50 upwards.

Particular attention is called to the new and improved Manufacturing Machine, for Tailoring, Shoe-Fitting, Coach Trimming, &c. Its advantages are simplicity, durability, rapidity, equal adaptability to all branches of manufacturing, its perfect work on all materials. It is especially desirable in sewing Patent Leather, and is very still. In short, it is the most perfect manufacturing machine in the market.

N. B. Every machine guaranteed.

VALUABLE IMPROVEMENT!

They have purchased of the public the patent for the "Key-Brand" Flood Fence, patented April 30, 1867, from whom Individual or Town-ship Rights may be obtained at reasonable rates. This fence is recommended for strength and durability. It can be taken down and put up under the most adverse conditions, and is especially desirable in low-lying places, and is the cheapest and most durable of all the portable fences yet offered to the public.

THE BEST IN AMERICA!
THE BRINKERHOFF
CORN SHELLER,
SEPARATOR AND CLEANER!

Patented April 12, 1864 and February 28, 1865.

Farmers can rest assured that this Machine is no humbug, and judging from the many high recommendations of many farmers who are using them, we have come to the conclusion that it is the very best Machine that every farmer wants and will have as soon as they have an opportunity to test its merits. One man, without any assistance, can feed, turn and shell seventy five Bushels per day.

TESTIMONIALS.

The following is the report of the Judges on this Machine, at the great trial of Agricultural Implements held at Auburn, N. Y., in July, 1866, under the auspices of the New York Agricultural Society: "Among the Machines on exhibition, was a Hand Corn Sheller, Separator and Cleaner, exhibited by Jacob Brinkerhoff, Auburn, N. Y. We have carefully examined and thoroughly tested this Machine, and have no hesitation in pronouncing it the best Corn Sheller ever seen. It readily adapts itself to ears of any size, shells clean, and with great rapidity and ease, and at the same operation separates the corn from the cob, and the chaff from the corn, and delivers the corn ready for market; and it requires but the labor of one person to operate it. The whole affair is simple in construction, and durable."

JOHN STANTON GOLD, Pres. N. Y. State Ag. Society.
BENJAMIN J. JOHNSON, Sec'y N. Y. State Ag. Society.
SOLON R. JOHNSON, Agt. New York Tribune.
S. EDWARDS TODD, Agt. Editor New York Times.

Dated Auburn, N. Y., July, 1866.
[Copy of Letter from U. S. Agent for the Paris Universal Exposition.]
"As J. Brinkerhoff, Auburn, N. Y., My Advisory Committee, appointed to select implements for exhibition at the Universal Exposition, in Paris, in 1867, have selected and recommended to me your Corn Sheller, as the best in America. I have accepted their report and will forward your Sheller, as delivered here, ready for shipment, on or before January 1, 1867. Yours truly,"

J. C. DERBY, U. S. Agent, &c.
The undersigned having secured the right for Franklin County, Pa., and Maryland, a portion of the Territory will be sold on liberal terms. Good and reliable agents wanted to sell the above Machine who will be supplied on application. Retail price of Machine \$45 00. For further information address

A NOTICE FOR ALL TO READ!

THE "MORNING GLORY"

Is the Cheapest and the Best Base Burning Stove before the Public!

THE No. 9 M. G. sells at \$25, and is nearly 50 lbs. heavier than the No. 7 "Oriental," and is larger than the No. 10 or No. 11 which sells at five to six dollars more than the No. 9 M. G. Again, the Morning Glory is the only stove that breaks up its embers and passes them off with the ashes. This is done by means of the Mill Grate. This grate is not in any other stove, nor can any other stove use it. This mill grate is insured for five years, now, in the Oriental stove, when you must take out under your arm to open a door on top of the fire pot and with a poker rake them up and pass them out through this door. Very nice that, provided some of the hot embers fall on your nice carpet. "Oriental Hook," page 3 says that you must take off your pipe during the season from the stove and remove the grate, &c., which has accumulated in the back fire. Another nice job in a nice room. Now, nothing of this kind have you to do in the Morning Glory.
W. A. TRIPLE is the only agent in Waynesboro for the sale of the M. G. stove. He has sold since the 28th day of Sept. 50 of these stoves. The M. G. has taken since 1866 all first class Premiums over all other Base Burning stoves. Call and see the stove in operation and learn what the stove is, for yourself, then you can judge which is the best stove. Trusting that in this exposure I have done no injustice I leave it for the public to judge as to which of these stoves shall receive their patronage.
