

# VILLAGE RECORD.

The Republicans of this State have declared that Gov. Curtin is their choice for Vice President.

Alex. H. Stevens, late Vice President of the "Confederacy," in company with the would-be Secretary of War, Lorenzo Thomas, visited President Johnson on Monday.

"Horse Oil," instead of butter, is frequently used in dressing vegetables in Paris. The first taste of it makes a man feel like trotting away from the table.

The Maryland Legislature has concluded to extend the time allowed for the completion of the Western Maryland Railroad.

The trial of Jefferson Davis, which was to have taken place during the present month, has been postponed until the 14th of April.

Attorney General Stanberry has resigned his position in order to take charge of the President's defence in the impeachment trial.

The new reconstruction bill has become a law. It requires but a simple majority of votes cast to adopt a constitution.

The guerrilla Mosby is said to be enrolling volunteers in the Loudon valley, to march on Washington and "wipe out the Rump Congress." Mosby tried that game once and failed.

The vote in South Carolina, on the ratification of the new Constitution and for the election of State officers and members of the Legislature, will take place on the 14th, 15th and 16th of April.

General Hancock has been ordered from New Orleans to Washington by the President. There is considerable speculation as to the President's object in this move. The order was not sent through Gen. Thomas, but through the usual military channels.

The Reconstruction Committee has agreed to report an amendment to the bill for the admission of Alabama requiring the Legislature of that State, within thirty days after the passage of the act of Congress, to consent to the conditions of Congress concerning impartial suffrage.

The President's counsel, Hon. Henry Staubert, appeared before the impeachment Court on Saturday, and filed the President's answer to the recent summons served upon him by that body, asking forty days in which to prepare his answer to the articles of impeachment. By a vote of forty to ten, the President was allowed until the 23d day of March to prepare his answer. Hon. B. R. Curtis, Thos. A. R. Nelson, Jeremiah S. Black and Wm. M. Everts, are to take part as Mr. Johnson's counsel.

Rev. Stephen H. Tyng, Jr. was publicly reprimanded on Saturday morning in the Church of Transfiguration, New York, for the violation of a canon of the church in officiating in the parish of another minister without his consent. The reprimand was pronounced by Bishop Potter, and was quite long, occupying over half an hour in its delivery. The church was densely crowded and much excitement prevailed among the congregation. At the close of the reprimand the Rev. Dr. Tyng, Sr., attempted to read a protest against the action taken in relation to his son, but Bishop Potter refused to listen to it.

At Cincinnati, a meeting of iron masters was commenced on Thursday last. It represented every iron mill west of Pittsburgh, and appointed delegates to the Iron Masters' Convention, which assembled at Pittsburgh on Thursday. The object of the Pittsburgh Convention is to take measures to secure an advance in the price of iron from its present low rates; but the result of its deliberations has not yet transpired.

The Rebels in Tennessee are threatening trouble. On Friday afternoon Gen. Grant received a brief dispatch from Major General Thomas, stating that the enemies of the present State Government in Tennessee were organizing for resistance to the laws, and to get control of the State. General Thomas asked for immediate instructions. His telegram to General Grant assured the latter that these statements were positively founded on movements of the Rebels and the supporters of the President. Without delay, General Grant telegraphed to General Thomas to use all the force at his command to preserve peace and protect the state authorities in the execution of the laws, to the fullest extent, and to report if more troops were needed.

I will stand by these loyal people. They never deceived, they never betrayed me.—They never were false to their pledges, and I never will be false to mine.—  
The Fulton Republican says:—The foregoing is a speech delivered by Andrew Johnson in September, 1864, from the steps of the Burnett House in Cincinnati.

How well he has kept his public pledge to "stand by these loyal people" who "never betrayed" him, and who "never swore false to their pledges," the world knows. This language was uttered in reference, especially, to the "loyal people" of the South and he declared he would "never be false to his pledges" because these people "never deceived" him. No man but one who, like Andy Johnson, is double dyed in perfidy, could be guilty of so basely betraying friends as he has done. All the acrimony, bitterness and hate which, during the war, he ostentatiously manifested towards the rebels, is now concentrated with increased virulence on the heads of the men to whom he declared he "never would be false," and all the love and sympathy he manifested for the loyal people is now bestowed on unrelenting and unrepentant rebels. History furnishes no parallel to the ingratitude and baseness of this man. May the fate of the "Wandering Jew" be his.

**NEW COINS.**—The House Committee on Weights and Measures and on Coinage has instructed its Chairman to prepare a bill providing for the coinage of one, three, five, ten and twenty cent pieces of the same metal as is now used in the new five cent piece, the same general device to be used on all the coins.

**SEVENTEEN YEAR LOCUSTS.**—The Centerville (Md.) Observer says that this is the year for the reappearance of the 17 year locusts. These insects made their first chronic appearance here in Maryland in 1799, and returned every seventeen years after that time. They last appeared in 1851, of which many of our readers doubtless have a distinct recollection.

**BURNED.**—The Rebel and murderer of young Spriggs, Bob Swann, was desperately burned at Fortress Monroe the first time. He was in bed when a kerosene lamp exploded and enveloped him in flames, burning parts of his body into a cinder. The building with the one adjoining was consumed.

**Dr. Cumming,** the well known prophet, who has heretofore been engaged in predicting the end of the world at stated periods, has recently had the kindness to postpone the destruction of the world for a period of one million years. Those who have an interest in remaining on the globe for some little time to come, will certainly be thankful for themselves and their posterity.

A law has been brought into the Legislature of Iowa for the protection of female innocence. True modesty is a better protection for female innocence than all the legal enactments in the world.

Henry Clay Dean, the Iowa traitor, whose ravings during the war delighted every enemy of the Union, thus spoke in a speech delivered on the eve of the recent election in New Hampshire:

"If I could have my way I would place Jeff. Davis in Congress, where he rightfully belongs; then I would go to Concord, take all those miserable battle flags from the State House, and make a bonfire of them in the State House yard; then I would go all through the North, and destroy all the monuments and grave-stones erected to the memory of soldiers; in short I would put out of sight everything which reminds us that we ever had a war with our Southern brethren. I do not know as I would hang one-legged and one-armed soldiers; but I would pay to God to get them out of the way as soon as possible."

Telegrams are daily received at Washington from the various Posts of the Grand Army of the Republic, of the different States, tending their services, if necessary, to aid Congress against the Presidential war upon its legal authority.

The Government property at Harper's Ferry is soon to be sold.

In Jasper, Iowa, a few evenings since, Robert Sprague, said to be ordinarily a quiet man, was engaged in reading the Bible, when his mother, seventy years of age, asked him a question. Seized with a sudden frenzy, he sprang upon the old lady and choked her to death. He then asked his wife to send for a neighbor to tie him, and exhorted her and the children to get out of the way as soon as possible. They took his advice, and the crazy matricide was soon after arrested.

The Philadelphia City Item, of the 29th ult., has a long and complimentary biographical sketch of Hon. Edward McPherson, by a "western man." We give the closing paragraph:—"Edward McPherson is a great man—perhaps not in the same sense we remember Bonaparte or Cæsar—nor as we recall Webster or Wilberforce; but as a fair and distinguishing example of democratic self-success. Earnestly radical in his convictions; clear and perspicuous in his intellectual powers; firm and inflexible in his devotion to the principles of progressive republicanism; warm hearted, honorable, impulsively cosmopolitan, strictly temperate and famously industrious, his name and fame add lustre to the bright record everywhere made by the representatives of the great Commonwealth of Pennsylvania."

BALTIMORE, March 14.—The city council last night passed over the Mayor's veto, the ordinance for the relief of the Connellsville and Pittsburg Railroad company.

# LOCAL MATTERS.

**DISSOLUTION.**—See advertisement of Messrs. Hamilton & Brackbill.

**LIFE.**—A prime article, wood burnt, at Hesse's Kiln. See notice.

**FALLING IN.**—New subscribers to the Record.

**Paying Investment.**—Judicious advertising in the Record.

**Refreshing.**—to hear fellows hardly removed a step from treason talk about Congress as conspirators.

**ORIGINAL STORY.**—The original story on first page by our young friend "S. T. Y." is a creditable production.

**IN TOWN.**—The man who is in arrears for 5 years subscription to the Record was in town the other day. He seems to have lost the run of our whereabouts.

**THUNDER.**—A thunder storm passed West of our town on Sunday evening last. Tods, of course, are wide awake.

**RECEIVED.**—We acknowledge the receipt of \$2 from Mr. Geo. Hoover, Chambersburg.

**MILLINERY.**—We direct special attention to the advertisement of Miss M. C. Rosser, Milliner and Mantua Maker, in to-day's paper.

**NEW GOODS.**—Messrs. Price & Hoeflich are now receiving their first spring supply of new goods. Their advertisement will appear next week.

**FIRST ARRIVAL.**—Mr. Amerson of the firm of Amerson, Benedict & Co., has just returned from the East, and they are now receiving their first supply of new goods.

**HORSE INSURANCE.**—It will be seen by reference to our advertising columns—that Mr. Jacob R. Wolfersberger, of this place, is agent for the Great Western Horse Insurance and Detective Company. He insures horses and other live stock against theft, death and accident.

**DON'T SPONGE.**—We have no objection to persons patronizing other newspaper offices to the exclusion of the Record, but we do object to them sponging on our good patrons. Some of our subscribers at Quincy complain of this class. Each person generally have much cheek but little honesty.

**RAILROAD MEETING.**—Another Railroad Meeting was held in this place on Monday evening last. The meeting was largely attended notwithstanding the unfavorable state of the weather and a most excellent address was delivered by Col. Geo. B. Weistling. At the conclusion of the Col's remarks an Executive Committee was appointed, which has since appointed the following Soliciting Committee:

- L. S. Forney,
- Nicholas Bonebrake,
- Jacob Beaver,
- Henry Gilbert,
- Geo. Harbaugh,
- Joseph Cook,
- D. F. Good,
- Aaron Funk,
- Jos. Price,
- Jerome Beaver,
- Daniel Hollinger,
- H. X. Stoner,
- John Walter,
- Abm. Frantz,
- Geo. Fourthman,
- John W. Coon,
- Geo. Stover,
- Daniel Hoover,
- Thos. J. Filbert.

The Books for Stock Subscriptions have been opened, and we learn the prospects for the success of the great enterprise are most encouraging, and that it is the intention of the committee to push the work forward with the least possible delay.

A Convention of Iron Masters was held at Pittsburg on Thursday to take measures to secure an advance in the price of iron from its present low rates. This shows the propriety of prompt action on the part of all Railroad men along the proposed line.

**SPECIAL NOTICE.**—Town patrons who are in arrears for more than two years subscription will be waited upon by our carrier between this date and the first day of April. We have several payments to make this Spring and must make collections. Those in the neighborhood largely in arrears will also greatly oblige us and relieve us at the same time, by calling and settling their accounts. Those more distant will please remit to us through the mail.

After the first of April we will be compelled to give some of our subscribers a black mark unless payment is made by them in the meantime.

**REPUBLICAN TICKET.**—The following is the Republican ticket to be voted for at the election to-day: Judge, Chas. West; Inspector, E. W. Washbaugh; Assessor, Henry Baer; School Directors, Matthew Gordon, John Good, Wm. Potter; Supervisors, Aaron Funk, Daniel Potter; Auditor, Jacob Carbaugh; Justice of the Peace, Thomas Clingan; Constable, H. A. Fisher.

**QUINCY TICKET.**—The Republican party of Quincy township nominated the following ticket, which will be voted for to-day: Justice of the Peace, Melchor Eldon; Constable, Alfred Miley; Judge, John C. Martin; Inspector, Henry Good; Assessor, John Lantz; Auditor, Wm. Feagle; School Directors, H. E. Wertz, Daniel Newcomer, Geo. Smith; Township Clerk, Capt. Jos. Rock.

**SEED POTATOES.**—Mr. W. A. Reid has been appointed agent for the sale of choice Seed Potatoes, viz: Early Goodrich, Harris, Cuzco, White Peach Blow, Mercers, &c. Samples can be seen in a few days.

**THE RAIL ROAD.**—Now that books for stock subscriptions to a Railroad from Scotland via Mt. Alto to this place have been opened, we cherish the hope that citizens, both of our town and country, will awake to the importance of the enterprise. The subject of a Railroad in this region of country has been agitated—we do not know how long—perhaps for thirty years or more.—The long sought for and much coveted enterprise now seems to be within our grasp, but should lack of public spirit and liberality defeat the present efforts it would be a lasting disgrace to our people. The project is one of magnitude and importance, not only to this community, but the country at large, and if unsuccessful, we may well despair as to the future growth and prosperity of both. With the construction of this road an outlet is opened up from a region of country perhaps almost unsurpassed in the State for its agricultural and mineral productions, which should be a sufficient guarantee that the investment will prove profitable. The work has been commenced, and it remains for our citizens and those along the proposed line to say by their efforts and subscriptions whether success or failure shall be the result.

We are gratified to learn that the firm of Messrs. Geiser, Price & Co., of this place, have led off with a liberal subscription, \$10,000. If our moneyed men generally will come up to the work with anything like their liberality it will not be long until the tread of the "iron horse" is heard in our midst. We will then be on an equality so far as facility for transportation is concerned with less favored localities. Jangling as to a survey, a particular route, etc., the effect of which is to produce division and peril the success of the undertaking, should if possible be avoided.

**SPEAKING ILL OF A NEIGHBOR.**—The Mercantile Advertiser, published at Carlisle, says, never place confidence in a person who makes it a practice to run down his neighbor and his neighbor's goods, because he is in the same line of business.—There are those who are so destitute of moral principle—so mean and selfish—that they cannot endure the thought of the prosperity of their neighbors, and when they are out of certain articles, which they know their neighbors have in abundance, they do not hesitate to tell the purchaser he cannot obtain in the town what he is in pursuit of. Such a course may answer for the time being, but it eventually results in the injury of the liar. When the character of such are found out, their customers gradually leave them, believing that, if they lie in one case, they will in another—and not only lie but cheat also. The most dangerous men to deal with, are those of this description. You never hear the truly upright man speak ill of another. With double dealing and dissimulation he is a stranger.

**MOVING DAY.**—In a few weeks, says a cotemporary, all our moving population will be pulling up stakes and plodding through mud and mire to their next year's abode. Then the general mixture and confusion of house and household will come up, all things will be out of place and all the good mothers will be full of overflowing and many a sound article will be made un-sound. Moving day has no comparison to any other day of the year—for in our opinion, it will equal wash-day, Bake-day, Butcher-day, and all the Dog-days, and unlucky days combined.

**DEMOCRATIC TICKET.**—The following is the ticket selected by the Democrats of this township: Judge, Henry Besore; Inspector, John H. Johnston; Assessor, Wm. H. Pupp; School Directors, Jacob Whetzel, Greubrey Whitmore; Supervisors, Simon Lecron, Jno. Hovis; Constable, Frederick Funk; Auditor, John J. Irvin. The candidates in the Borough are, H. M. Sibbet for Assessor, Jos. H. Crobs and Geo. Morgenthal for School Directors, W. E. Horner for Constable and Geo. W. Welsh for Auditor.

**WILD GESE.**—Flocks of wild geese have recently been seen flying northward—an indication that the season of ice and snow is passed—so the man with the "white bat" informs us.

**DECEASED.**—M. M. Stoner, Esq., expired at his residence in this place on Tuesday last. Mr. S. had been much afflicted for a number of years and for several months had been confined to his bed. He was formerly an active citizen, and long a Justice of the Peace in our Borough. He was aged about 55 years.

**FRESH FISH.**—Our young friend, Mr. W. A. Reid, has placed us under obligations to him for a present of a pair fine Shad, the first of the season. He will be regularly, as heretofore, in receipt of fresh fish weekly during the season.

**COMPLAINING.**—Since the "muddy season" set in the usual wail of complaint comes from West Street. If something is not done for the taxable inhabitants thereof a "rebellion" may be anticipated. They want pavements and should have them.

**DECEASED.**—Mr. Jos. Whitmore, a well-known citizen of this county, died at his residence, near Shady grove, on Sunday a week, in the 74th year of his age.

A young man was recently bathing in the Missouri river, and seeing a number of ladies approach, he drowned himself from motives of delicacy.

**LAW OF ESTATES.**—For the information of our readers, we publish the following synopsis of the law relative to stray cattle:—  
Persons having stray cattle or horses in their possession are liable in the sum of five dollars, and will receive no compensation for damaged and costs, if they fail to report the fact to the town clerk within four days, and it is his duty to make record of the same, subject to the same punishment in default thereof. If the owner of the stray presents himself to the clerk within ten days, he is entitled to receive his property on payment of charges. If after the expiration of this time, no owner is found, the person possessing the stray is required to advertise it; and if within sixty days thereafter, no owner appears, the person taking up the same shall apply to a Justice of the Peace in the township, who is required to issue his warrant to a constable, who, after giving ten days notice, is required to sell the same—the money for which is to be paid into the hands of the Justice of the Peace, who is to pay all reasonable charges for the cost of keeping, registering, advertising, selling, &c., and the balance, if there be any, to be paid in the county treasury.

A fine head of hair is such an indispensable adjunct to beauty that no one who prizes good looks should neglect to use the best preparation to be had to increase its growth, restore its color or prevent its falling off. Ring's Vegetable Ambrosia is one of the most effectual articles for the purpose we have ever seen, besides being one of the most delightful hair dressing and beautifiers extant. It is free from the sticky and gummy properties of most other dressings, and being delightfully perfumed recommends itself to every lady or gentleman using face toilet articles.
