

VILLAGE RECORD.

WAYNESBORO.

Friday, April 24, 1868.

The Illinois Democracy have declared for Pendleton for President.

The Lutheran congregation at Hagertown has been divided so as to make two in the future.

Rev. H. L. Baugher, President of Pennsylvania College, died at Gettysburg on Tuesday of last week.

A terrible accident happened on the New York and Erie Railroad last week, in which upwards of thirty lives were lost.

Good School teachers receive from one to two hundred dollars per month in Illinois.

Secretary Stanton has written a letter saying that he does not wish to remain in the War Department a day longer than is necessary to appoint and confirm his successor.

A re-union of the officers of the Army of the Potomac is to be held at Gettysburg about the 1st of July, to celebrate the anniversary of the battle fought there.

Thurlow Weed states that no consideration whatever could induce Mr. Seward to remain in office a single day after President Johnson is removed, if removed he is to be.

The new tax bill, now before a Congressional Committee, will make nearly one thousand printed pages and would occupy Congress nearly two months in discussing it. It is believed at Washington, therefore, that no general bill will now be passed. Whisky, tobacco and some other articles may be attended to, and the residue of the proposed amendments left over for the next session.

The election in South Carolina has resulted in a great Union victory. The Republicans have elected the Governor, the State Legislature and members of Congress. The triumph of Union and freedom is complete. South Carolina, the first to secede from the Union, the first to secede from the Union, and the first to fire on the flag of our country in 1861, is the first to return to her allegiance; for although Arkansas has elected her Senators, there is some contest there over the general result.

The Baltimore American says, in the impeachment trial on Monday, the counsel for the President repeated their announcement of Saturday, that they had no further evidence to submit, and that the case was closed on the part. The Managers then announced that the case on the part of the prosecution was closed, and all witnesses at Washington at the instance of the Managers were at liberty to depart. Mr. Everts made a similar statement. The Chief Justice notified the Managers that they could proceed with the closing argument. Governor Boutwell, who is to open the final argument, summing up the evidence presented, will commence on Wednesday and will occupy the entire day. On Thursday Mr. Everts will speak for the defence, and on Friday Mr. Stanbery will make the closing argument of the defence. The last argument will be by Judge Bingham on Saturday, according to the present arrangement of the programme. It is believed that neither Mr. Boutwell nor Mr. Everts will occupy more than a day each. Mr. Stanbery may, however, continue his remarks over to the next day, being quite feeble. Mr. Bingham, on whom devolves the work of replying to the arguments of both the counsel for the defence, may possibly require two days, as his health is not such as to enable him to speak more than three or four consecutive hours. The arguments will undoubtedly be closed on Saturday or on Monday, and the Senate will then hold secret sessions for the consideration of the whole matter. In these sessions, each Senator will be limited to ten minutes' time in speaking on an interlocutory question, and fifteen minutes on the final question, unless further time be granted by a majority vote. The articles will be voted on separately in open court, and the general result will be in nowise affected by a failure to sustain any single article, the sustaining of any single article being equally as effective as though all were sustained. It is believed that the question of conviction or acquittal will be finally decided by the middle of next week. Republicans, according to our advices, have no doubt of the result, and are confident of the President's conviction. One of Mr. Johnson's Washington organs, commenting upon the action of the Senate on Saturday, says that "it exhibits a foregone conclusion on the part of those who constitute a Radical majority, and a purpose to convict the President."

ME. STEAVENS.—The Lancaster Examiner says the health of Mr. Stevens is now better than it has been at any time during the past two years. He seems to have mastered his disease, and the presumption is, that he will before long regain his wanted good health and energy. His appetite is good and he sleeps well at night.

Senator Wado says he has received a basketful of abusive and threatening letters growing out of the impeachment business. The Virginia election is to take place on the 21st day of June.

Gen. Grant has a very quiet and most effective way of transacting business, and of getting rid of obnoxious individuals. On Tuesday we published a series of resolutions passed by some of the private soldiers at Carlisle Barracks, Pennsylvania, expressive of their opinion, as soldiers, concerning the impeachment trial, endorsing Mr. Johnson's course, and pledging him their support as the constitutional commander-in-chief, etc., all of which, as soldiers, they had no business in doing, and which their superior officers should not have permitted—the act being alike an insult to the President, Congress, and to Gen. Grant, who has not expressed any opinion upon the subject. Yesterday General Grant, in his usual quiet way, issued an order assigning the commander of the post, General Grier, to duty with his regiment of cavalry in Missouri, and ordering General Hatch to his place for two years. A subsequent order notifies the new commander to prepare detachment of recruits, from time to time, and forward them to Fort Leavenworth, Kansas, where they will be assigned to duty. The Indians, instead of impeachment, will there occupy the attention of the recruits at Carlisle. General Grant has also ordered the commanders of military districts to take immediate and summary measures for breaking up and preventing the organization and spread of the secret Rebel order known to outsiders as the Kuklux Klan.—Baltimore American.

WASHINGTON, April 20.—Hon. Benjamin F. Wade received the following anonymous letter this morning post-marked Winchester, Kentucky, April 17. I copy *verbatim* its contents. *Dear Wade, Hon. (so called):*

This communication is to notify you that you are marked and watched by the K. K. K., and that should you and your infamous associates succeed in your fanatical & hellish design of joining yourself as so called President on an unwilling people by actual force, that of "the late lamented A. L." You may not heed this warning, but go your course, and your fate is sealed by a bullet by 8 S. K. K. Eggs are on your track that never sleep, and this will be your portion. Thad. Stevens is doomed. General Grant is watched also. You think yourself in security, but there is a vengeance awaiting you three grand conspirators. As for Butler, the K. K. K. of New Orleans will take him in charge at the proper time, and his portion will also be a bullet. An indignant people will no longer bear what you demons in human shape are preparing for them. Go on, and you will see whether the 8 S. K. K. K. will lie. Burned in time.

By order of the Grand Commander of the K. K. K. W. C. C. K., April 14, 1868. 8 S. K. K. K.

A TWO STORY STREET.—A bill for tunneling Broadway, in New York city, has passed both branches of the Legislature. The plan proposes not simply to tunnel Broadway, but to take up the whole street in its whole width—carriage way, sidewalks and all—and to a depth of fifteen or twenty feet; then it is to be reconstructed by building a roof on the present street, and making a basement story for a second Broadway under the present one, through which six railroad tracks are to be carried; the traffic of the present street to be carried on top of the roof of the street below. This stupendous plan, it is said, cannot possibly be completed in less than ten years, and will cost at least ten millions of dollars per mile. New York is naturally very much excited over the scheme. It is probably impracticable, yet the Governor has signed the bill and it is now a law.

PRESBYTERIAN REUNION.—For thirty years the Presbyterians of the United States have been divided and known respectively as the New and Old School, but a general Convention of delegates from the various divisions adopted, last year, a basis for reunion, and it is now being discussed and acted upon in the subordinate synods and presbyteries whose ratification is necessary. The Presbyterians of Western New York recently met at Buffalo, and unanimously agreed to the proposed plan. Their example will probably be generally followed throughout the country, and as the leading clergymen on both sides are in favor of the measure a great breach of thirty years' standing will at last be healed. The abrogation of slavery and the prevalence of more liberal views respecting abstract questions of theology have materially paved the way for the unity of the denomination.

A CHILD CARRIED AWAY BY AN EAGLE.—The Quincy (Illinois) Herald says: One of the most startling events that has disturbed the calmness of our citizens occurred this afternoon. A lady with her babe had been walking near the river, and for some cause the child was left alone for a few moments, in which time an eagle, which had been observed, but not dreamed of as dangerous, swooping, bore away the babe. The mother rushed toward the child, but too late to prevent the eagle from carrying it off. The anxious crowd watched its course till it was lost to sight. Two men immediately started in a skiff across the river in the direction of its track, but of course they were unable to follow it any distance, and nothing has since been heard of the infant thus taken away in the morning of life, and its fate is enshrouded in mystery. We were unable to learn the name of the mother or her history, but her mental condition can be imagined. Those who saw the eagle say it was of the gray species.

In the darkest days of the Atlantic telegraph enterprise, a friend of Cyrus Field's bought \$70,000 of stock for a \$10 bill. Mr. Field offered to take the stock at a considerable advance. "Well, but what do you advise me to do, Mr. Field?" "Take your stock home," was the reply, "look it up in your safe, and never look at it, or think of it, till you come to me for your dividends on it." And that man is now receiving on his investment of ten dollars eight hundred dollars per annum in gold.

LOCAL MATTERS.

RAILROAD MEETING.—A R. R. Meeting will be held in this place to-morrow (Saturday) at 3 o'clock, P. M. Col. Geo. B. Wiestling is expected to address the meeting.

The enterprise is progressing as well as could be expected under the circumstances. The commencement made in the township is commendable, and we doubt not in a very short time their subscription will equal if it does not exceed that of our Borough. If Quincy township will join hands with Washington and push on the work arrangements will soon be made to survey and locate the road.

APPLES.—New York Apples at Reid's.

PUBLIC SALES.—See sale advertisements by Wm. Hammett and R. H. Farley.

TURNPIKE ELECTION.—See notice in another column.

The "Tyrannical Father," is the title of an interesting little story on first page.

NOTICE.—To the patrons of the Ryder Nursery Association: All seed potatoes subscribed for must be taken away before the 1st day of May. W. A. Reid is the agent.

SNOWS.—Mr. James Richardson, of this place, who made a record of the Snows as they fell during the past winter, foots up the column at twenty-eight.

BARN BURN.—Wm. Hager's barn, near Hagertown, was entirely destroyed by fire on Friday morning last, together with several head of cattle, farming implements, etc.

THE WEATHER.—For the past few days the weather has been delightful, already producing a marked change upon the grain and grass fields. Both, perhaps, never looked more promising at this stage of the season.

GOOD BREAD.—A few days since Messrs. Henneberger & Hoover presented us with a couple of loaves of bread as a sample from their Bakery. It was white, spongy, just what might be called good bread, and was so pronounced by our "better half."

FISH.—We are under obligations to Capt. D. Seively for a present of a pair of fine Shad, four pounders. Mr. S. is now extensively engaged in the purchase and sale of fresh fish. His "base of operations" is the seller under the office of Dr. Frantz.

One thing is plain that if impeachment is one of the important questions of the day, we still have other news of importance that E. & J. Eldon have received a new supply. Just read their advertisement in another column. Ap. 24—1w.

PAINT.—We have received from the manufacturers two barrels of the celebrated Grafton Mineral Paint, each containing 800 lbs, which we will sell several dollars less than first cost.

R. R. MEETING.—A Railroad Meeting was held in Chambersburg, yesterday (Thursday) evening, for the purpose of considering the propriety of having that place instead of Scotland the terminus of the proposed road to this place. Col. Wiestling among others was to address the meeting.

RECEIVED.—We acknowledge the receipt of \$2 from D. Shockey, Elkhart, Ill., \$2 from Geo. F. Ehr, Canton, Ohio, and \$2 from Miss Amanda C. Mogan, Wellsville, Frederick co., Md.

E. & J. Eldon have just opened a new and fresh stock of goods to which they invite the attention of the Public. Their stock is well selected and bought at the lowest cash price, and cash customers will find it to their interest to call and see for themselves. Ap. 24—3w.

WAYNESBORO BAKERY.—We invite special attention to the advertisement of Messrs. Henneberger & Hoover, in another column. They have established a Bakery, Confectionery, and Refreshment Saloon, in the building on East Main street, recently occupied by Jacob Kriner, and are now prepared to supply persons with fresh Bread and all other articles in their line of business. A Bakery has long been a public want in our town, and we trust this enterprising firm may be liberally patronized.

BUILDING ASSOCIATION.—It will be seen by reference to an advertisement in another column that an election for officers of the Waynesboro' Building Association will be held on Friday evening the first of May. In order that members may participate in the election it will be necessary for them to pay up all arrearages in the meantime.

An opportunity is still afforded for safe and profitable investments, as the Association has still several hundred shares of stock to dispose of. Considering the time that has elapsed since the Association was organized this lack of interest is as surprising as it is discouraging. During the past few months similar Associations have been organized in various towns in this and adjoining counties, and as far as we have been able to learn the stock was promptly disposed of, and they are represented as prospering beyond expectation. Waynesboro', so far, proves the exception.

ADVICE GRATIS.—If you want to sell anything advertise it. If you want to buy anything consult the columns of your local newspaper, and you will know where to go to buy cheap.

A Registry Law.

The Legislature has passed, and the Governor signed, a supplement to our election laws, requiring the registration of voters throughout the State. This is a much needed measure, and calculated to accomplish a great deal of good in the way of preventing frauds at elections. The following is a synopsis of the most important features of the bill:

Section 1. That the assessors shall make lists of voters annually, with their residence, whether householders or boarders; the occupation and name of employer, if working for another; whether native citizen voting on age, naturalized, or having declared intentions, expecting to vote upon full papers to be procured before the election.

Section 2. Duplicate copies of the registry list to be made out, one copy to go to the County Commissioners, the other to be posted on the door of the house where the election is held prior to August 1st in each year.

Section 3. Assessors, inspectors and judges of election to attend at places for holding elections on Saturday the tenth day preceding the second Tuesday of October, to place names on the registry not thereon, upon due proof of the right of the voter. At the election no person to be allowed to vote whose name is not on the list. Where a person has been omitted he may request a special meeting of the officers to decide on his case, and all such claims may be heard at the election house on the Saturday before the election.

Section 4. Voters may be challenged and put to proof, notwithstanding the fact that their names are on the registry, and the matter to be decided according to law. Naturalized voters must produce their certificate of naturalization, the election officers to place the word "voted," with date and place of election.

Section 5. Registry papers to be sealed up after the election with other election papers.

Section 6. Registry to be reopened in years when there are Presidential elections ten days before the election, and names of voters omitted to be placed thereon.

Section 7. At special elections the registry to govern, but not to exclude citizens not registered who have the right to vote according to law.

Section 8. prescribes the oath of office for assessors, inspectors and judges of elections.

Section 9. On the petition of five or more citizens, under oath, setting forth reasons for believing that frauds will be practiced at an election, the Court of Common Pleas may appoint two persons as overseers of elections, one from each political party, if the inspectors belong to different political parties; but where these officers are both of the same party, the overseers are both of the opposite party. The overseers to have a right to be present at the election and to see what is done, keep lists of voters, &c. If said overseers are not allowed to perform their duties, or are driven away by intimidation, the whole poll of that election district or division to be thrown out.

Section 10. If a district polls more votes than are registered, it shall be prima facie evidence of fraud, and the whole vote may be rejected upon a contested election.

Section 11. No court of the State to naturalize any foreigner within ten days of an election, under penalty of misdemeanor in the officer issuing the naturalization certificate. Voting, or attempting to vote, on a fraudulent certificate of naturalization, subjects the party to imprisonment not exceeding three years, and fine not exceeding one thousand dollars.

Section 12. Issuing false receipts by a tax collector, fine not less than one hundred dollars, imprisonment not less than three months.

Section 13. At the elections hereafter, polls to open between 6 and 7 a. m., and close at 6 p. m.

Very Singular and Dangerous.

We copy the following remarkable accident from a Southern paper: Near the town of Smithville, in the State of Mississippi, there was a violent thunder storm passed over that section lately. Two houses in the country were struck by lightning, very much damaged, but fortunately no person was killed. What seems strange was that one house had a good lightning rod on it, and the other none, but in the central part of each house was a bureau, which in each case was torn to atoms, and the clothing in it set on fire. Upon a thorough examination of the ruins, it was found that the people had a large number of the new nickel or zinc fire cell pieces, with a number of coppers, saved up and hid in one of the drawers of the bureau; and as it is known to all that zinc and copper are the metals with which electricity is generated, it is supposed by scientific men that having them lying together in the drawer generated a stream of electricity, which became a powerful conductor for the outside current, and invited the disaster. If such things happen it would not be wise in persons keeping many of the new fire cell pieces on hand especially if mixed with coppers.

Much has been sung of the "Maid with Golden Hair." No song, however, has yet been able to make that color a popular one for any considerable length of time. Light red, faded or sandy hair are equally under the ban of public opinion. We are happy to announce to our readers who desire to change those colors, that three applications of King's Vegetable Ambrosia will give them beautiful auburn tresses possessing all that soft, lustrous appearance so desirable in this chief adornment of female beauty.
