

VILLAGE RECORD. WAYNESBORO.

Friday, July 17, 1868.

Alabama on Monday ratified the Constitutional Amendment, and her Senators and Representatives will be admitted to Congress this week.

Jeff. Davis recently fell down stairs in Canada, injuring his back. Not much would have been lost had he broken his neck.

The tax of one cent a box on matches, last year, netted to the Government a revenue of \$1,500,000.

In the United States Senate on Saturday the bill providing for the discontinuance of the Freedmen's Bureau after the 1st of January was passed.

The coal miners in the vicinity of Pottsville and Tamaque, Pa., continue their "strike," and have compelled several manufacturing establishments to close. Laborers on the railroad near Pottsville have also been driven off. The difficulty is assuming a very threatening attitude.

The Democratic National Convention on Tuesday last finished its work by the nomination of ex-Governor Horatio Seymour, of New York, for the Presidency, and of General F. P. Blair, Jr., of Missouri, for the Vice Presidency. At the opening of the session of the Convention, a letter from Mr. Pendleton was read, withdrawing his name. The three ballots that followed, being the nineteenth, twentieth and twenty-first, that the Convention had engaged in, showed no evidence of the ending of the dead lock. Hancock and Hendricks were the leading contestants, but neither had yet shown strength sufficient to procure a two-thirds vote. On the twenty-second ballot the vote for Mr. Hendricks increased until Ohio was called, when that State changed the whole aspect of affairs by placing Governor Seymour in nomination, and insisting on his acceptance. Governor Seymour made a show of declining but was not heeded, and State after State declared for him until the nomination was made unanimous. The Vice Presidency was disposed of quickly. General Blair, General Meigs, General Thomas, General Ewing and General Agnus Cassar Dodge were named, but the tide set so strongly in favor of the first named, that all the others were withdrawn and General Blair declared the unanimous choice of the Convention. The ex-Rebel Generals Wade Hampton, of South Carolina, and Forrest, of Tennessee, were among the secondaries of the nomination on the part of their respective delegations, and over these cut and dried exhibitions of fraternity the Convention indulged in a good deal of jubilation.

A J who was to be the colored man's Moses, and who once said "treason should be made odious and traitors punished," has issued a proclamation pardoning all rebels. This adds the Westminster Sentinel does not include Jeff. Davis and a few others who have indictments pending against them, but it takes in nearly every leader from the butcher of Fort Pillow to the lowest bushwhacker in the country. "Traitors should be punished and treason made odious," said A. J. This we presume is his way of doing it. He makes treason odious by pardoning the men who tried to destroy the nation; the men who started our brothers at Belle Isle, Andersonville and Millen; who murdered the lonely picket on his midnight walk; who destroyed our commerce on the high seas and slaughtered our boys in forts; who committed crimes which made the civilized world blush for very shame; who filled our land with widows and orphans and caused the cry of mourning to go up from the land drenched with blood, a cry of wailing from the people because their beloved President lay a martyr and murdered corpse at the Capital of the Nation. He makes treason odious by putting them in places of trust and honor and by giving them the power to oppress loyal men. In fact he "makes treason odious" by becoming the champion of treason, and with that pure spirit of Christianity for which he is celebrated, (the Surrett business always excepted,) he, with fatherly kindness, forgives the man who hunted him like a wild beast in the mountains of Tennessee. What Magnanimity! What Christian Charity! What a scene for the historian to depict, will it be, when, laying aside the robes of office he will retire to his happy, happy home in the mountains where the lion and the lamb, (A. J.) will lie down together.

Fortunately for the Country, this proclamation does not restore to the rebels the rights of which Congress has deprived them in the Reconstruction acts. It relieves them of the consequences of their offenses against public order and saves them from a trial and punishment for their crimes, but where they have been deprived, by Congress, of the right to vote and hold office they are not relieved. We are not opposed to amnesties in some cases, but this is too general and sweeping and makes no distinction or discrimination between the highest and lowest traitors. However, when a man really wants to make treason odious, we presume no half way measures will do.

There were seven fatal cases of sun stroke at Buffalo, N. Y., on Saturday and Sunday.

WHOLESALE PARDONING.—President Johnson, on the 3d, issued his long promised Amnesty Proclamation. After the usual wherewithals, he concludes thus:

Now, therefore, be it known that I, Andrew Johnson, President of the United States by virtue of the Constitution, and in the name of the people of the United States, hereby proclaim and declare unconditionally and without reservation, to all and to every person who, directly or indirectly, participated in the late insurrection or rebellion, excepting such person or persons as may be under presentment or indictment in any court of the United States having competent jurisdiction, upon a charge of treason or other felony, a full pardon and amnesty for the offense of treason against the United States or of adhering to their enemies during the late civil war, with restoration of all rights of property, except as to slaves, and except also as to any property of which any person may have been legally divested by the laws of the United States.

In testimony whereof I have signed these presents with my hand, and have caused the seal of the United States to be hereunto affixed. Done at the city of Washington, the fourth day of July, in the year of our Lord one thousand eight hundred and sixtieth-eight, and of the independence of the United States of America the ninety-third.

(Signed) ANDREW JOHNSON,
By the President: WM. H. SEWARD,
Secretary of State.

The Impachment Investigating Committee have made their report to the House of Representatives. This report shows clearly that a large amount of money was raised for the purpose of obtaining the President's acquittal and was used for that purpose, but owing to the fact that the truth cannot be gotten out of the witnesses all the facts in the case cannot be brought to light. A point worthy of note is, that the President is appointing to office all the men who were implicated in the bribery, fraud and corruption, committed in his behalf.

Margaret Robinson, a colored woman, recently died in Schenectady at the extreme age of 108 years and 6 months. She was a native of Africa, and was brought to this country while a small child. At the time of the Revolutionary War she was sixteen years of age.

Despatches received at Harrisburg from the Pennsylvania coal regions say that the reports of trouble among the miners are false, and that they have been circulated for the purpose of raising the price of coal.

Hon. Geo. W. Ashburn of Georgia and several other prominent Unionists of the South were recently massacred by Rebel desperados. To this class of traitor villains the besotted Andy extends a full pardon.

LOCAL MATTERS.

ONE LAND FOR SALE.—Apply to A. S. Mond, Quincy, Pa.

RECEIVED—\$2 from David Masters, Leno, Ill.

PUBLIC SALE.—We direct special attention to the sale of valuable personal property advertised in to-day's paper by Rev. W. E. Krebs.

REPAIRS.—The Methodist Congregation have begun some important repairs on their church building.

WATCHES.—A fine lot of American and Swiss Watches just received by Alex. Leeds, next door to the Town Hall.

The author's name must accompany all communications sent to the Record of file.

THE WEATHER.—The weather has been excessively warm for the last couple of weeks, the mercury ranging at from 96° to 106°. Everybody is longing for a "cool soap."

SUDDEN DEATH.—We are pained to learn as we go to press that a despatch from Hagerstown announces the sudden death of Mr. Lewis S. Fisher, formerly of this place. The particulars are not given.

The editor during the last ten days has been sorely afflicted with Influenza, Rheumatism, &c. With the former we are not alone. It is a prevailing epidemic in our midst. We offer this as an apology for our short comings of this issue.

On Sunday last the barn of Mr. John Helling, who resides near Greencastle, was set on fire by fire crackers thrown on a straw roof by a couple of boys. The building, which contained about twenty tons of hay, was entirely destroyed.

FRENCH CRACKERS.—The latest novelty in the cracker line, to be had only at REID'S Grocery store, where the best crackers can always be found.

IMPORTANT NOTICE.—The County Treasurer gives notice that all persons indebted for State and County Tax for this year will save five per cent. by making payment at his office before the 16th day of August, at which time the duplicates will go in to the Collectors hands.

SUN STROKE.—On Tuesday afternoon a Mr. Overcash living near Chambersburg died from the effects of a sun stroke, while on his way from the harvest field to his house. During the past week two cases of sun stroke occurred in this vicinity, neither of which however proved fatal.

See "Hand Book of Politics for '68," by Hon. Ed. McPherson, advertised in another column.

OUR RAILROAD.—Since our last issue several meetings of the Railroad Committee have been held at Mount Alto. We understand the Penns. Canal Railroad Company have consented to run the proposed line and locate the road. Their engineers were to have commenced the work this week. We learn further that the Company have generally proposed to iron the road after the work of grading and putting down the ties has been completed, the cost of which is estimated at not less than one hundred and twenty eight thousand dollars. There is yet a considerable sum of money to be raised along the line of the road and the Committee should be actively at work, as nothing will be done after the survey has been made until the full amount has been secured.

PILFERING FRUIT.—It is perhaps not generally known that the pilfering of fruit or entering enclosures of cultivated grounds has become an offense of serious import.—Under the act of 1860, says the Harrisburg Telegraph, the stealing of fruit from the trees or on the ground is a serious offense, and the remedy is simple and prompt. By that law, the willful taking and carrying away of fruit, vegetables, plants, vines, shrubs or trees, is made a misdemeanor, punishable in the Court of Quarter Sessions and rendering the offender liable to a fine of \$50, and imprisonment for sixty days. The course of proceeding under this act is plain and easy. A complaint before any Alderman or Justice of the Peace is all that any person has to do. The law provides a full and simple remedy against the plunder and damaging of gardens or yards, and it is the fault of the owners if they suffer.

APPRAISEMENT OF DAMAGES.—A commission, consisting of A. S. Ely, W. S. Woods and D. W. Woods, appointed by Gov. Jno. W. Geary, in pursuance of an act of Assembly relative to assessment of damages sustained by citizens of Adams, Franklin, &c., from Rebel raids and from property appropriated for the public service, will meet at Greencastle, Tuesday and Wednesday, August 4th and 5th; and at Chambersburg, Thursday, August 6th. Applicants for damages must make detailed statements, to be sworn to and be proved by one or more respectable witnesses.

Let all of our readers who have suffered losses in this way make out their statements and present them.

The following brief notice of an old and valued friend we slip from the Gettysburg Star and Sentinel:

YORK SPRINGS July 2d 1868.

Mr. EDITORS:—We were somewhat startled a few days since by the information that Mr. E. HITESHAW had disposed of his Store Room to Mr. JOHN GRIEST for \$4,500, and his entire Stock of Store Goods to Messrs. GRIEST and BOWERS. We regret the loss of Mr. HITESHAW exceedingly, who will no doubt leave our town for another and more extensive business place. He has been a popular and successful Merchant here for 11 years, and has made many warm friends during his stay among us.

DEDICATION OF A CHURCH.—The new Presbyterian Church will be dedicated on next Sabbath morning. Services will begin at 10 A. M. The sermon will be delivered by the Rev. Dr. Thos. Creigh of Mercersburg. Rev. I. N. Hays of Middle Spring, will preach in the evening.

HARVESTING.—Our farmers with the close of this week will have finished the work of harvesting. A few farmers East of our town have light crops owing to rust and the ravages of the weevil, but the crop generally is pronounced good. One of our citizens who has been canvassing the county on an electioneering tour and who visited the harvest fields generally, is of the opinion that the yield of wheat in Franklin County will exceed that of any season for the last ten years.

FAREWELL SERMON.—Rev. W. E. Krebs, who has been made a Professor in Mercersburg College and appointed agent for the institution, will preach his farewell sermon in this place on Sunday morning a week. After that date Mercersburg will be his Post Office address.

CONCERT.—A vocal and instrumental concert by some of the graduates of the Maryland Institution for the instruction of the Blind, will be given in the Town Hall on Friday evening next, the 24th. All who enjoy fine musical entertainments should attend. Admission 25 cents. Children 15 cents.

PRESENTATION.—Mr. Isaac Suively, assistant Agent of the Adams Express Company at Pittsburg, was on last Monday evening presented with a handsome gold watch by the employees in the office, as a testimonial of their esteem and regard. Mr. Suively is a native of Antrim township. For several years past he has devoted himself very closely to the interests of the Company he represents. He is now about to make an extended tour through Europe.

Andrew Johnson it is said managed to keep sober during the impeachment trial, and attended church regularly, but no sooner was it over than he got into his old habits.

The days have now commenced getting shorter and will continue to do so until the 21st of December.

Alfred Lee, a colored resident of Georgetown, D. C., died on Saturday worth three hundred thousand dollars, made in business.

The ancients proclaimed that Mermaids, Nymphs, Naiads, and the Graces, had long flowing tresses which made them envied by their sisters of earth. But they arose out of the sea foam or bathed in fountain reached by no mortal hands and kept their locks of *devis softness, dark and lustrous*, and thus had no need of Ring's Vegetable Ambrosia which is doing the same thing for thousands of people in our day.

The School Directors of Girard township, Erie county, have resolved that tobacco shall not be used in the school-houses in that township, either by teachers or any other person in said school houses.

FOR SALE.—A Perpetual Scholarship in the "Eloetic Medical College of Pennsylvania," located in Philadelphia. We offer a liberal inducement to any young man wishing to enter this institution.

THE TOMB.

Near this place, on the 3d inst., JULY ANN, daughter of Christian and Mary Shockey, aged 31 years, 6 months and 24 days.

"Sister, thou wast mild and lovely,
Gentle as the summer breeze,
Pleasant as the air of evening
When it flits among the trees.

Pearl be thy silent slumber—
Peaceful in the grave so low,
Thou no more will join our number;
I had no more our songs shall know.

Dearest sister, thou hast left us,
When the day was doubly fair,
But 'tis God that has bereft us,
He can still our sorrows heal.

Yet again we hope to meet thee,
When the day of life is fled,
Then in the best of worlds together
Where no farewell is shed."

2. It has the best attachment for Hemming, Felling, Tucking, Quilting, Ruffling, Binding, Binding, and Trimming, ever put on a Sewing Machine.

3. It is the fastest running Machine in the world and runs the easiest.

4. It does not take six months to learn to use it. It is so simple that a child can use it.

5. It will out-wear any two other machines you can name, and hence the most durable.

6. It does its work equally well, at fast or slow rates of speed.

7. It cannot be got out of order by sewing.

8. With these facts, we invite you to come and see for yourself, and can assure you that after ten years practice with Sewing Machines, we know by practical experience which Machine to sell and which to recommend; and can say that you will find it to your own interest to see these before making a purchase.
