

VILLAGE RECORD. WAYNESBORO. Friday, August 14 1868.

A GREAT MAN GONE.—On Wednesday morning last the telegraph wire announced to all parts of our country the sad news that the Hon. THADDEUS STEVENS was no more. He expired at his residence in Washington at 12 o'clock on Tuesday night. Mr. Stevens' death at the present juncture of national affairs will be regretted by the loyal masses everywhere. Rebels and Copperhead editors who have long wished and prayed for this event have at last been gratified. A thorn has thus been removed from their guilty sides, and if visions of the old Commander's ghost does not haunt them in their midnight dreams, they may flatter themselves with having in store a degree of ease and quietude not before experienced.

Mr. Stevens was born in Peacham, Caledonia county, Vermont, in 1792, and was therefore 76 years old at the time of his death.

The strike of the miners and canal-boat men in the Cumberland coal regions has terminated in their favor.

Major Wm. Monks, of Howell county, Mo., was taken out of his house one day last week and shot by six men from Oregon county. Major Monks has been very obnoxious to Conservative Rebels in the lower counties, and it is supposed he was murdered by some of them.

It was decided at the Cabinet meeting on Friday last that a circular order should be issued relative to the disturbances in the Southern States, and the demand by the Governors thereof upon the President for troops. This order is now being prepared by the Secretary of War, and will be issued in a few days.

The statement that the book authorized to be printed by Congress, entitled 'A tribute of the Nation to the Memory of Abraham Lincoln,' cost two hundred thousand dollars, is denied by the Government Printer. He states that three thousand copies of the book ordered did not cost over fifteen thousand dollars, and that it was printed at the earnest request of Secretary Seward.

The bravest set of men now in the country are supposed to be the Ku Kluxers. Recently, it took three hundred of them to hang a single negro in Tennessee. Their bravery is conclusively shown by the skillful manner in which they shoot persons in the back from behind rocks, trees and fences, and the unceremonious way they have of dragging defenseless men from their beds at midnight.

The telegraph, in the hands of the Southern agent of the Associated Press, pictured the recent disgraceful riots at Miliken, Texas, as the sanguinary work of negroes. The slower mails bring the Texas newspapers, and they testify that the riots were incited by rampant Rebel miscreants who sought a pretext for killing colored Union men. Fifty negroes were killed, but not one white suffered serious injury. The Rebels had taken the precaution to disarm the men whom they intended to murder.

LINCOLN MONUMENT.—The following is summary of the principal features of the grand structure proposed to be erected near the National Capitol by the Lincoln Monument Association at a cost of about \$300,000.

The pedestal is to be of granite, and the figures bronze. The whole structure to be seventy feet high, surmounted by thirty-five colossal figures. Its construction is triangular, and the crowning figure is Mr. Lincoln in the act of signing the Proclamation of Emancipation. On a ledge, just below his feet, stand the allegorical figures of Liberty and Justice and Time. The monument itself will have three bas-reliefs, representing the bombardment of Sumter, the Senate and House amending the Constitution, and the surrender of Lee. Among the colossal figures on different parts of the monument will be the members of Mr. Lincoln's Cabinet, the slave, as a slave and as a free man, the prominent men of the country who stood by the nation, including Bishop Simpson and Henry Ward Beecher.

Mr. Wm. H. Curkhill, former Agent of the American Bible Society has accepted the general agency for the collection of the fund.

Chief Justice Chase took occasion, in his charge to the Grand Jury at Parkersburg last week to recognize the Fourteenth Amendment as legally adopted, and as now a part of the Constitution. The particular subject which he made the occasion of this statement was that of the revenue laws, in their relation to the clause of the Amendment which declares that the validity of the national debt shall not be questioned. He showed that the honest collection of the revenue is a duty enjoined by this constitutional provision; so that the Government should be provided with means to sustain the public faith. The Fourteenth Amendment has now been recognized by the three branches of the Government, the legislative, executive and judicial, as a part of the Constitution.

Two brothers named Johnson were scuffling in a store at Greenwood, Indiana, on Saturday night, when the younger threw the elder on a box, killing him instantly.

CORN FOR SALE.—See notice of Mr. Hamilton.

CLAIMS.—See advertisement of J. Douglas, Esq.

ORE LAND FOR SALE.—Apply to A. S. Moan, Quincy, Pa.

RECEIVED—\$2 from S. D. Martio, Leacock, Pa., for subscription.

RINGGOLD SHOE STORE.—Mr. Wm Stewart of Ringgold is still supplied, with shoes for Ladies, Misses and Men. See advertisement.

REPUBLICAN MEETING.—The first political meeting of the campaign is announced for this place on to-morrow (Saturday) evening.

TOURNAMENT.—Invitations are being printed at this office for a Tournament and Cotillon party, to be held in Waynesboro' on Friday, the 21st inst.

GO TO DICKELS.—Green Corn can be had daily during the season at the Grocery and Provision Store of C. H. Dickel. Also Potatoes, Tomatoes, Cucumbers, &c.

LOAFERS.—Loafers in a printing office, especially boy loafers, are a positive annoyance. We hope youngsters will profit by this gentle hint and hereafter give us their room instead of their company.

The yield of huckleberries this season has proved an unusually large one. We believe the "Tomstown train" continues to arrive daily, and as usual, readily disposes of large quantities at 10 cents per quart.

Rev. W. E. Krebs, late Pastor of the German Reformed congregations in this place and vicinity, goes to Allegheny City Pa., instead of Mercersburg, as heretofore announced.

NATURAL.—When the despatch announcing the death of the Hon. Thaddeus Stevens was made public several persons in our town are said to have rejoiced. Did not the same parties with the announcement of Lees' surrender to the victorious Grant at Appomattox Court House, hang their heads?

The reopening of the M. E. Church announced for last Sabbath, but deferred in consequence of a disappointment in not receiving paper from the city to complete the improvement, will take place next Sabbath. Rev. Samuel Barnes, of Chambersburg, will occupy the pulpit morning and night. The community are cordially invited to be present. A good time is contemplated.

DAMAGE CLAIMS.—The Commissioners appointed by the Governor to appraise the damages sustained by citizens during the Rebellion will meet claimants in Waynesboro' one day during the first week in September. Geo. W. Welsh, Esq., having procured a large supply of approved blanks will prepare and present the accounts of claimants. Office in the Town Hall.

Parties who promised to settle their accounts at this office "after harvest," possibly do not consider the harvest season past until after the corn crop shall have been gathered. We know, whether this is the case or not, that it is quite natural for some persons to stretch things, and we are only fearful that some newspaper patrons will not cease stretching until they are stretched themselves.

Rev. W. E. Krebs, whose sale is advertised in another column, but who now expects to remove further from Waynesboro' than he first intended, will dispose of all his household and kitchen furniture on the day of his sale. The sale will therefore be more extensive than advertised, consisting of beds, mattresses, bureaus, tables, full sets breakfast & dinner dishes, carpets, stoves, and bookcase, large iron Kettle &c.

BIG TIME EXPECTED.—A talking match is on the tapis between two women. Time to talk—twenty four hours without sleep. The two notorious old maids in Baltimore ought to be sent for. Some paper said they were once separated for thirty odd years, and when they met, talked over thirty hours without intermission.

For the information of persons who wish to buy American Watches we would say that none other than those having one of the following names on are genuine: American Watch Co., Appleton, Tracy & Co., Waltham Watch Co., P. S. Bartlett, William Ellery, Home Watch Co., E. Howard & Co., Tromont Watch Co., B. W. Raymond, H. Z. Culver, Culver, Laffin, J. T. Ryeson.

Any of the genuine American Watches can be had very cheap from Alex. Leeds, next door to the Town Hall.

A young Copperhead says the death of Mr. Stevens is the best news he has received since the assassination of President Lincoln. We advise Boyd of the Maryland Free Press to enlist this young cop. at once for the K. K. K. service. With a little training he would surely make a "lion" among the Klan.

The property of Hole in the day, the Indian Chief who was murdered recently, is estimated at about 2,000,000.

THE COUNTY FAIR.—At last we are enabled to announce the organization of an Agricultural and Mechanical Association for Franklin County, and we are to be no longer behind sister counties possessing less advantages.

The Company have purchased the grounds of C. M. Burnett, adjoining the Borough of Chambersburg, lying between the Waynesboro' and Greenastle Roads, and are now prosecuting the erection of buildings, stalls and fences. This location is one of the best in the suburbs of Chambersburg, holding a commanding position and is easy of access from any direction. The buildings as well as every other accommodation will be ample, and every effort will be made to make the visit of exhibitors and visitors pleasing and attractive. The Premium List now in the hands of the Committee will be announced at an early day. The List is large, including farm products of every variety, manufactured articles, agricultural and mechanical implements; goods and wares of every description, horses cattle, sheep, swine, &c. &c.

We know our farmers and business men will feel and take a proper interest in the enterprise. There are hundreds of these Societies in the United States. Bringing the people of the County together thus once a year, will cultivate a true spirit of improvement and enterprise, and give a healthy intercourse and lively competition in all trades and professions.

The members of the company for the various districts have not as yet been secured, but efforts to that end are now under way. The fair will be held on the 6th, 7th, 8th, and 9th of October.

DON'T GIVE UP.—Somebody says "don't give up," is one of the best sentiments ever uttered by man. Young man, if you have formed the resolution to abstain from intemperance, profanity, debauchery, and the vices that follow in their course, don't let circumstances get the advantage of you; don't give up!

There will be in your life, as there is in the lives of all men, times when you are tempted very strongly to give up former resolutions; don't yield!—Lawrence died with the words, 'Don't give up the ship!' The noble principle of fidelity to government, to comrades and to self, so grandly exhibited by the dying hero, will be a source of pride and gratitude.

Benedict Arnold was tempted by gold to sell his country, and yielded; we cannot think Arnold a traitor from the beginning; he lacked courage, was tempted, and gave up. And what an end was his! Forsaken alike by friends and enemies, he died a miserable, God forsaken, remorseful death.—Such the contrast.

Then, young man, young woman, stick by the right! Mark well your course in life and don't give it up. No matter how great may be the apparent inducement or temptation, the end will prove that he who stands firmly for all that is good, pure and true, resolved never to give up, will in the end come off more than conqueror.

SERIOUS ACCIDENT.—On Tuesday last Mr. Thomas Robinson, of Smithsburg, Md., in the employ of Messrs Geiser, Price & Co., met with a distressing accident. It appears he was attending the planing machine and a lot of chips collecting under or about it he attempted to remove them with a stick. The machine caught the stick suddenly pulling in his right hand and literally chopping it to pieces. In this condition he ran several squares to the office of Dr. Herring, where several other physicians were summoned and amputation at once decided upon. The limb was accordingly removed between the wrist and elbow. At last accounts the patient was doing as well as might be expected under the circumstances.

Mr. R. is an excellent mechanic and a young man of the most exemplary habits, and being the main support of his parents, makes the case a peculiarly distressing one.

APPRAISEMENT OF DAMAGES.—We learn from the Repository that the Commissioners appointed by Gov. Geary to appraise the damages and losses sustained by citizens in this county during the late Rebellion, did not decide upon more than one-fourth of the claims, and that they will return early in September to dispose of the unfinished business. They will sit in the Court House, and have ordered two thousand blanks to be printed, which will be ready for distribution in a few days.

The Mormons have converted 10,000 women in England this year. A twentieth part of that number, five hundred, were in New York on Tuesday, on their way to Utah. Where is there another religious sect that can boast of having made so many female converts in one year?—Is it not surprising that women can be so infatuated, as voluntarily to accept a slavery that appears to a woman of delicate sense, moral death?

A Mrs. Wade, of Dayton, Ohio, about one year ago presented her husband with three heavy, bouncing boy babies. Last week she again honored him with two of the same sort. Five children inside of one year may please Mr. Wade, but most other folks would not relish the joke.

A murderer who was recently executed in Idaho, ascended the scaffold with a smile on his face. An editor in the town, describing the scene; says, 'But then it should be understood that the culprit had but recently been married to a widow with eight children.'

Intelligence from abroad says that Dr. Pursey, the English tractarian, has become a convert to the Roman Catholic Church.

Lancaster county has 409 public schools.

SPECIAL NOTICES.

FRANKLIN NORMAL AND COLLEGIATE INSTITUTE. WAYNESBORO', PA.

OBJECT.—The object of this Institution is threefold: 1. To prepare Teachers for the Public Schools; 2. To give ladies a complete education; 3. To give gentlemen a thorough Practical education, or to prepare them for any class in our best colleges.

SYSTEM OF INSTRUCTION, &c. The system of instruction is principally the Pestalozzian. This system, which deserves to be called that of reason and common sense, has been tried and proved in over a half century's practice in the reformed schools of Germany and Switzerland, and of late, in the best schools of this country, and is the only one that will make clear and vigorous thinkers, instead of "mere parrots." Pupils are neither required nor permitted—merely—to commit text-books to memory; on the contrary, they are taught to study understandingly, which makes learning a pleasure rather than a tedious task.

The Principal will spare no pains to make this Institution one of the best in the country. He has had ample opportunities for learning what constitutes a good school. Besides having had more than ten years' actual experience in teaching, he has visited a large number of the best schools of the country, especially of New England, and also made himself acquainted with the best European systems of instruction. Besides Prof. C. V. Wilson, who is already favorably known as a teacher, the Principal will be assisted by one or two experienced females.

GOVERNMENT AND DISCIPLINE.—The government is mild and parental, appealing to the pupil's reason and sense of right and propriety; yet, obedience and good behavior are strictly required.

BRANCHES TAUGHT.

The branches taught are Orthography, Reading, Penmanship, Geography, Arithmetic, Grammar, Bookkeeping, Algebra, Geometry, Physiology, Composition, Declamation, Rhetoric, History, Botany, Trigonometry, Natural Philosophy, Geology, Analytical Geometry, Mental Philosophy, Zoology, Elocution, Logic, Moral Philosophy, Evidences of Christianity, Analogy of Religion, Astronomy, Calculus, Methods of Instruction, Latin, Greek, French, German, Italian, Gymnastics, Music, Drawing, and Painting.

SESSIONS AND VACATIONS.

The Scholastic year is divided into three sessions of thirteen weeks each. The Fall Session begins August 20th, and ends November 19th. The Winter Session begins November 23d, and ends March 1st, 1869. The Spring Session begins March 8th, 1869, and ends June 8th, 1869. There are three vacations. The first occurs during the Holidays, the second, during the first week of March, and the third, after the close of the Spring Session.

Pupils may enter at any time, though they will generally find it gratifying to their advantage to enter at the beginning of the Sessions.

EXPENSES.

The tuition, except for Primary pupils, is ten dollars (\$10) a session. There are no extra charges except for Instrumental Music, and for injury that may be done to the school property.

REMARKS.

Good board can be had in private families. Parents having sons or daughters to educate, are respectfully invited to visit this school in order to judge of its merits.
