

VILLAGE RECORD. WAYNESBORO. Friday, October 2, 1868.

Gen. McClellan arrived in New York on Tuesday.

The Republican majority in the State of Maine, official, is 20,404.

Gen. Butler has been re-nominated for Congress in the Fifth District of Massachusetts.

There are said to be more than a hundred houses in Fifth avenue, New York, that rent for \$40,000 each a year.

Outside of Louisville, there is not a single daily paper published in the entire blessed state of Kentucky, the home of the immortal Nasby.

Four thousand Mormons are now ready to leave Europe to join the iniquities of Salt Lake, the result of which will be a place in the lake of eternal fire.

Some dastardly wretch robbed a soldier widow a few nights ago, at Granville station Pennsylvania R. R. of \$67 pension money she had just drawn.

A Republican procession at Lancaster on Tuesday was attacked by a party with clubs, stones, &c., and in the melee a large number of persons were seriously injured.

Mr. Robert Lincoln, eldest son of the late President Lincoln, was married at Washington last week to the only daughter of Senator Harlin, of Iowa.

The ex-Rebel General J. C. Hindman was assassinated at his home, in Helena, Arkansas, on Sunday night. One of his former soldiers is charged with the crime and has been arrested.

K. K. MASSACRE.—Detailed accounts confirm in every particular what has been said of the atrocious and barbarous character of the massacre at Camilla, Georgia. Not only was the slaughter of the negroes preconcerted, but the pursuit was kept up for miles after they were driven from the town, and blood-hounds used to hunt up the fugitives.

A special correspondent of the New York Tribune states that Capt. Wm. C. Pierce a gallant officer of the Union army during the late war and Republican candidate for Congress in that District, entered the town accompanied by John Murphy, Sheriff of the adjoining county, Rev. F. F. Putney and others, and a procession of colored voters, to attend a radical meeting at that place.

The colored band consisting of two drummers and a fife was met by a man named Johns who discharged a double-barrel shot gun into the wagon wounding two of the men. Upon this there rose up from either side of the road upon which the colored people were approaching the town, a large number of white men, who had been concealed in the undergrowth, who opened a cross-fire upon the colored people, having pistols, endeavored to defend themselves, but a majority of them fled.

Messrs. Pierce and Putney rushed toward the contending parties, Mr. Pierce throwing up his hands and calling upon the freedmen to stop, saying "don't do that, don't do that." Upon this the whites, or a portion of them, turned upon Pierce and Putney, and fired, wounding Mr. Pierce in the leg, and Mr. Putney in the elbow and shoulder.

Both, however, took to the woods and escaped, reaching the plantation of Messrs. Flagg and Fish, two gentlemen from Massachusetts, at 3 o'clock in the morning.

The whites pursued, some of them first assuring themselves that those colored men left on the ground were dead by repeated shots at their prostrate bodies.

The white people in Camilla boast that one pond contains twelve dead "iggers." This pond is near the house of a Doctor Dasher, some two miles from Camilla.

It is believed that fifty colored men, killed and wounded, is a moderate estimate.

Wm. S. Meades of the Towson (Ill.) Register a scallawag of the Brick Pomerooy order, says:

What sort of Republicanism is that which would honor Generals Thomas, Sheridan and Meade, and degrade Generals Forrest and Hampton? Forrest is as good a man as Sheridan, and a better cavalryman. No one will pretend to say that Hampton is inferior in talent, virtue or accomplishments to Thomas. Hampton, Forrest and Lee are our trophies. They are worth all the bureau and carpet bags and negro militia, and tax collectors, and petty military tyrants, and greasy contractors, and fat bondholders that a corrupt congress can manufacture between this and doomsday.

Sombody says: Detractors and backbiters are the very yermim of society. Pity that we have not some moral magnoetic powder to exterminate the creatures, swelling with their envious, spiteful venom, who having no force for anything good or great in themselves, seek by insinuation, or a roll of the eyes or a shrug of the shoulders, to diminish the fame of a neighbor! What is there so vile as the sneaking slanderer? The man who cannot advance except by tearing down the reputation of his fellow man, should be shut out from all respectable association.

The 20th regiment of the United States Infantry has left Washington for Nashville, from whence it will be distributed to different parts of Tennessee to aid in preserving peace in that State, and suppressing the outrages the Kuklux Klan.

SERIOUS ACCIDENT.—On Monday last Adam Baker, aged about 18 years, son of Mr. Daniel Baker of this vicinity, met with a very painful accident. It appears Solomon Bitner was engaged drilling in grain when the lad was uncovered by him commenced stirring in the box containing the fertilizing material, when one of the spikes caught his hand running through the left wrist joint, drawing in his arm and breaking it in two places. In this painful situation he remained for a full half hour before sufficient help could be obtained to release him. Drs. Frantz and Snively were called to his relief, and at last accounts he was doing well. It is hoped amputation may be avoided.

GET ASSESSED.—No person can be permitted to vote in this State on the second Tuesday in October who shall not have paid a State or county tax within two years immediately preceding that day, which tax must have been assessed at least ten days previous to the 13th of October. All therefore not on the special assessment list to-day (Friday) will lose their votes at the coming election.

THE NEW ROAD LAW.

Sec. 1 Be it enacted, &c., That at the general election to be held on the second Tuesday of October, Anno Domini eighteen hundred and sixty-eight, it shall be lawful for the qualified electors of the county of Franklin, to vote in their several election districts upon the question of the continuance or not of the act relative to roads in the county of Franklin, approved March fourteenth one thousand eight hundred and sixty-seven, and the supplement thereto, approved March twenty-sixth, one thousand eight hundred and sixty-seven.

Sec. 2 That each of such qualified electors may, at such general election, vote a ballot, on the outside of which shall be printed "Road law," and on the inside either the words, "For the new road law," or the words, "Against the new road law;" and it shall be the duty of the officers of election, in each of said election districts, to receive such ballots so voted, and deposit them in a separate box, and to tally and return the said votes as in other cases of ballots cast at such general election in relation to county officers.

The Farmers will find it to their interest to bear in mind that at the October election the people are called upon to decide whether this new road law shall continue in force or not. Shall it continue? We have tried it for about two years, and what is our experience? Increased taxation. Taxes will increase year after year in order to carry out the provisions of the new system? Are we prepared for this? Bounty taxes have been a heavy burden which we have but recently disposed of, and shall we take a new one. I would not complain if the roads were improved relatively to the increased expense. Let any candid person look over Washington Township, and such an one cannot but admit that the public roads have not been improved more than they were under the old system. The result of the election in case the majority of the votes cast are "Against the new road law," will be to restore the old system the same we had prior to making the present experiment.

Let no one who holds to the opinion I have expressed above, stay away from the polls add afterwards make complaint that justice has not been done.

A FARMER. It is true that the "New Road Law," is obnoxious to many of our farmers but there are others, some of the most influential land holders of Washington township, who favor the new system and will vote and use their influence to have it sustained at the ballot box.

How TO KEEP POOR.—There is no working man but would rejoice to have the way pointed out by which he might honestly attain riches. No one would thank us for a prescription to insure poverty, and yet there is many a man who keeps himself poor by indulging in the following:

Two glasses of ale a day at ten cents, seventy three dollars; three cigars, one after each meal, one hundred and nine dollars and fifty cents; or in one year, two hundred and twelve dollars and fifty cents—sufficient to buy six barrels of flour, and one barrel of sugar, one sack of coffee, a good coat, a respectable dress, a frock for the baby and half a dozen pairs of shoes. If you do not believe it, figure for yourself.

JOINT DISCUSSION.—According to previous announcement a joint discussion came off in the Eastern School House Lot in this place on Saturday afternoon last between the candidates for Congress in this District, Hon. John Cessna, Republican, and Hon. F. M. Kimmell, Democrat. Mr. Cessna opened the discussion in a speech of fifty minutes, Mr. Kimmell followed consuming the full time allotted him, one hour and ten minutes, Mr. Cessna closing the discussion in a twenty minutes reply.

An immense crowd was in attendance, but fortunately there was little excitement and no disturbances during or after the discussion.

In the evening a mounted delegation of Boys in Blue, upwards of eighty, attended a meeting at Quincy, which is said to have been the largest township meeting held there for many years. The meeting was addressed by John D. DeGolley and L. S. Clark, Esqrs., Mr. Cessna and Judge Chas. Lee Armour of Maryland. Good order prevailed.

WASHINGTON, Sept. 28.—Advises through army sources from an officer at Marshall, Texas, say that the country in his neighborhood and that of Shreveport is overrun by robbers, that all the roads are entirely unsafe, except for considerable armed bodies, and that a free booter roams the country with over 110 men well mounted and armed.

About the 1st inst. they captured a train of forty Government wagons, loaded with supplies, openly.

The commanding officer at Sulphur Springs, Texas, a post garrisoned by a small company of the Twenty-sixth infantry, had sent an express to General Hayden, commanding at Marshall, stating that if not reinforced, the garrison, which was surrounded, would be slaughtered. A company of the Fifteenth infantry, and fifty picked men beside, had just started to reinforce him.

The great amount of time consumed by the ladies in dressing and arranging their hair must make any article which would lessen their labor particularly desirable. Ring's Vegetable Ambrosia leaves the hair in such condition as to render the dressing and arranging a very easy matter. It imparts to it that splendid glossy appearance so much admired, cleanses the scalp from dandruff and all humors, and prevents baldness; promotes its growth, and restores gray hair to its original color.
