

VILLAGE RECORD.

WAYNESBORO, Friday, November 6, 1868.

Thanksgiving Proclamation.

Unto God, our Creator, we are indebted for life and all its blessings. It, therefore, becomes us at all times to render unto Him the homage of grateful hearts; and in the performance of our sacred duties, to set apart special periods to "enter into His gates with thanksgiving and His courts with praise."

Let us thank Him with Christian humility for health and prosperity; abundant harvests; the protection of commerce, and advancement of scientific, mechanical and manufacturing interests; our progress in education, morality, and social order; the increase of material wealth; exemption from pestilence and contagious diseases and the destructive influences of war; for having blessed us as a people and a nation, and opened before us the brightest prospects for the future; and for all other blessings, both temporal and spiritual.

With sure reliance upon Divine favor let us pray for the forgiveness of our sins, making public confession of our dependences, that we may continue worthy of His parental love and protecting care; that our civil and religious liberties and political rights may remain unimpaired; that we remember with gratitude our country's brave defenders, and cherish with sympathy their widows and orphan children; and that our paths through life may be directed by the example and instructions of the Redeemer, who died that we might enjoy all the blessings which temporarily flow therefrom, and eternal life in the world to come.

Given under my hand and the great seal of the State, at Harrisburg, this twenty-eighth day of October, in the year of our Lord one thousand eight hundred and sixty-eight, and of the Commonwealth the ninety-third. JNO. W. GEARY.

By the Governor: F. JORDAN, Secretary of the Commonwealth.

Three hundred of the Kuklux Klan made an attack on a Republican meeting at Huntsville, Alabama, on Saturday night. Judge Horton was mortally wounded two negroes killed, and many wounded.

The liquors belonging to the estate of ex-President Buchanan, were sold at public sale on Tuesday the 9th inst. The sales footed up over \$1,200. Quite a large stock.

The telegraph brings from Arkansas another terrible tale of political assassination. Whilst Captain Willis, Bureau Agent, Captain Andrews, U. S. A.; Captain Prosser and Sheriff Sturdie were traveling on official business, they were fired upon by a Kuklux gang concealed in the brush. Captains Willis and Andrews were instantly killed, and the Sheriff badly wounded. A negro man who happened to be passing was also killed.

Notwithstanding the great changes in the Revenue laws in July, and the large reduction made in taxes, the fact that the receipts of internal revenue for the first four months of the present fiscal year, ending October 31, amount to nearly \$51,000,000 is looked upon as hopeful to the business prospects of the country.

Joseph H. Bradley, Jr., whose name was stricken from the rolls of attorneys of the District Supreme Court in Washington by Judge Fisher during the first Surratt trial, has commenced a suit for libel against Judge Fisher, laying his damages at \$20,000. A rule has been served upon the Court by the United States Supreme Court to show cause why Bradley's name should not be restored to the rolls.

Mrs. William Duke, of Macon county, Ala., hung herself last week on account of discord with her husband. They were married last year, at the ages respectively of eighteen and sixteen. She suspended herself from one of the joists in the house, and when cut down her little babe lay tranquilly sleeping in a cradle near her feet.

Attorney General Everts has published an opinion on the whiskey distillation controversy adverse to Commissioner Rollins' view hitherto. He holds that the law intends to attach a tax to the whiskey when it goes to the receiving room for sale, and that no separate tax accrues upon redistillation. This opinion, it is thought, will open to business a multitude of stills that had ceased operation on account of the construction placed upon the law by the Commissioner.

Hon. G. L. Pennington an Alabama State Senator, and Hon. George L. Harrington, Speaker of the House, both Republicans, have published a card, stating that, while canvassing recently in Choctaw and Sumter counties, several attempts were made to assassinate them. On one occasion, while driving through a town in daylight, they were fired upon by shot-guns and revolvers; and in Choctaw they were threatened with immediate hanging. They say that in some localities there can be no fair election without the presence of United States troops to protect Union men from being killed by Rebels.

Six thousand and six hundred dollars have thus far been raised in New York city for the sufferers by the earthquake in Peru.

There was great excitement in Butler Pa., on Tuesday. A woman and her supposed paramour were arrested for poisoning her husband Jacob Shugart, who died very suddenly. Both parties are now in jail.

OYSTERS.—We would announce to the citizens of Waynesboro' and vicinity that we have made arrangements by which we can furnish them with oysters regularly, both in the shell and by the gallon, or smaller quantities. Call and try them at the Bakery, Confectionary and Oyster Saloon of HENNEBERGER & HOOVER.

THE FALL OF WHEAT.—The average decline in the price of standard wheat, in the Chicago market, for the last thirty days, has been one cent a bushel, and bottom has not yet been reached so far as appearances indicate. The supply in the market, owing to the abundance of the crops, has baffled the calculations of the speculators, and many of them have suffered severely, and all without general sympathy in their losses.

TO PURIFY A ROOM.—Sot a pitcher of water in a room, and in a few hours it will have absorbed all the respired gases in the room, the air of which will have become purer, but the water utterly filthy. The colder the water is the greater the capacity to contain these gases.

MORE ABOUT THE MURDER.—Since our last some additional facts in relation to the murder of Andrew Rowland have been brought to light. Three negroes have been arrested and are now lodged in jail, one a woman, the wife of one of the parties charged with the murder.

THE ROWLAND MURDER.—Mr. Snyder was released on Saturday last in connection with this affair, but held to bail as a witness for his appearance at Court. A man named Weaver was arrested in Pittsburg and brought here and committed last week. This makes four commitments, viz: Mrs. Rowland, two colored men, named Carl and House, and Weaver. We presume the matter will remain as it is until the meeting of Court, which will take place on Monday next.

REFORMED SYNOD.—This body closed its 122d Annual Meeting, held in this town, on Friday morning last, having continued for nine days. As we stated in our last, the session was an important one, and much business relating to the interest and welfare of the Church was considered and generally speaking satisfactorily disposed of.

It is stated in some of our fashion books, that short dresses are to be all the rage this Fall. Let the short or walking dress be continued by all means. It is the neatest, the most tasteful and most becoming of all others.

PAY YOUR TAX.—H. A. Fisher, Collector, requests us to notify persons whose State and county tax was due last May that immediate payment must be made. All who fail to comply with this notice will subject themselves to costs.

OYSTERS.—We would announce to the citizens of Waynesboro' and vicinity that we have made arrangements by which we can furnish them with oysters regularly, both in the shell and by the gallon, or smaller quantities. Call and try them at the Bakery, Confectionary and Oyster Saloon of HENNEBERGER & HOOVER.

SOME OF OUR EXCHANGES are dismally prophesying that this winter will be as hard as that of 1824, when the ground froze on the twentieth of October, and did not open again until the next spring. Many crops of potatoes were locked up in the ground and could not be dug, except with a pickax or crowbar.

THE ELECTION.—The election in this place on Tuesday last was warmly contested by both parties, but good order prevailed up to the closing of the polls. The whole number of votes polled was 695, one less than at the October election. The majority for Grant and Colfax is 81, a gain of three votes over the last election. In the county the Republican majority will be about 200, and in the State from 20,000 to 25,000.

TO PRODUCE THE GRECIAN BEND.—A young lady of our town, has discovered the most economical way to produce the Grecian Bend, and is anxious that we should give public the benefit of her discovery. Here it is: Rise in the morning before breakfast; on an empty stomach, eat one pint of green chestnuts, two large hard green apples, half pound raw cabbage and a quarter of a pound of honey. A little vinegar will add to the effect. The bend in the most approved form will appear in about half an hour, and the young lady can put a camp kettle on her back for a bump, and take the streets with the most confident assurance that the bend will last for several hours.

GIVE US THE NEWS.—All persons desiring to have published, the deaths that occur in their families, yet not one in twenty ever think of sending the printer the name, age, and date of demise. Some of them too, ignorant, and unreasonable enough to censure the printer because he has not published the death of a member of their family.

When we are willing to do the printing without pay, the people ought to consider that enough, without expecting us to run all over the country to hunt up their private affairs.

THE ROWLAND MURDER.—Mr. Snyder was released on Saturday last in connection with this affair, but held to bail as a witness for his appearance at Court. A man named Weaver was arrested in Pittsburg and brought here and committed last week. This makes four commitments, viz: Mrs. Rowland, two colored men, named Carl and House, and Weaver. We presume the matter will remain as it is until the meeting of Court, which will take place on Monday next.

It will hem into a square corner and out; around an abrupt curve; into a scoll-p, and turn the work all in neatly. It will also hem the edge of unbleached muslin without trimming off the fringe.

3. It has the best attachments for Hemming, Felling, Tucking, Cording, Ruffling, Braiding, Binding, and Trimming, ever put on a Sewing Machine. 4. It is the fastest running Machine in the world and runs the easiest. 5. It does not take six months to learn to use it. It is so simple that a child can use it. 6. It will out-wear any two other machines you can name, and hence the most durable. 7. It does its work equally well, at fast or slow rates of speed. 8. It cannot be got out of order by sewing.

With these facts, we invite you to come and see for yourself, and can assure you that after ten years practice with Sewing Machines, we know by practical experience which Machine to sell and which to recommend; and can say that you will find it to your own interest to see these before making a purchase.
