"Dr. P. Fahrney's celebrated Blood Searcher or Panacca," is a medicine that we can recommend to to those who are afflicted, having used it in our own family and furnished our friends with the article; we can, therefore, from experience say that it is a medicine possessing rare medicinal properties. Being a mild purgative, it is well to keep it always in tho family where there are children or those subject to colds or other sickness. It is compounded from medicinal Roota, Learcea, Barka, Seeds and Berries, which are said to be entirely free from polson. We are personally acquainted with the proprietor who was our family Physician for several years, and wo prere at one time raised from a bed of affiliction under his judicious treatment."-Christian Family Com-panion.
