

I. H. WHITMORE,
Wholesale and Retail Dealer in
FURNITURE
—AND—
Carpets,
GREENCASTLE, PA.

I. H. WHITMORE,
Would call the attention of all who are in need of Furniture, Mattresses, Looking Glasses, Carpets, to the fact that he has a larger stock on hand, at his rooms on Southeast Corner of Centre Square, than all similar establishments in the county combined, and that he can and does offer inducements to Housekeepers and others, in want of Goods, in his line, such as no other Carpet Dealers can do.
He has on hand upwards of 100 Bedsteads of over 25 different styles, ranging in price from \$5 to \$75 each.
More than 50 Bureaus, of 25 different styles, from \$7.50 to \$75 each.
Upwards of 600 Chairs, of all styles, from \$1.25 to \$35 each.
Rocking Chairs from \$1.50 to \$30
Full Chamber Suits, solid Walnut, from \$60 to \$200 each.
Cottage Suits, from \$30 to \$90 each.
Tote-a-Tates and Sofas, from \$20 to \$60 each.
Spring seat Parlor Chairs, from \$30 to \$60 per half dozen.
Lounges from \$7 to \$35 each.
Marble-top Parlor Tables, solid Walnut, from \$10 to \$35 each.
Wood-top Parlor Tables, from \$2 to \$13 each.
among which are 20 different styles.
Also, Extension, Breakfast, Dining and Hall Tables, in endless variety.
Wardrobes, Book Cases, Writing-Desks, Library Tables, Secretaries, What-Nots, Hat Racks,
Piano Stools, Umbrella Stands, Camp, Office, Hall and Library Chairs.
Safes, Sideboards, Sinks, Doughttrays, Cupboards, Washstands, Also, a large stock of all kinds of Mattresses, such as
Hair, Husk, Palm Leaf, Wool and Straw at prices from \$4 to \$40.
Spring Mattresses, Spring Bed Bottoms, Carpets from 30 cents to \$2 per yard, (the highest cash price paid for Carpet Rags.)
Swinging and Self-Rocking Cradles, Also a large assortment of
Looking Glasses, from plain Walnut Frames to Fancy Ovals and Arch Tops, in Gilt and Rose-wood. Also, Children Buggies, and Hobby Horses, Picture Frames, and Moulding of all descriptions, and at lower prices than can be had elsewhere in the county. He also sells Wholesale to the trade, all of which he requests to call and learn prices before purchasing elsewhere.

MOWERS AND REAPERS FOR SALE.

DISSOLUTION:

The firm of Stover & Winger having this 31 day of January, 1869, been dissolved by mutual consent all persons knowing themselves indebted to the said firm are respectfully requested to make settlement with STOVER & WINGER.

Thankful for the patronage given to the late firm of hope by far dissenting and strict attention to business to merit a continuance of the same.
I would further say that having a heavy stock on hand I will sell regardless of cost for 60 days.
CALL IN FOR BARGAINS!
E. B. WINGER.
Quincy, Jan. 4—31

FLAVORING Extracts Vanilla, Lemon and Orange Concentrated, perfect in purity and delicacy of flavor.

M. J. LESE & CO.
ENGINEERS,
Foundry, Machinists and Blacksmiths.
ESTABLISHED 1861.
PARKERSBURG, WEST VA.

Your attention is respectfully called to our extensive
FOUNDRY AND MACHINE WORKS
situated on Kanawha street, near the D. and O. R. R. Depot.
The entire establishment, in all its departments is supplied with the most approved Machinery tools and appliances necessary to the manufacture of
MACHINERY AND LIGHT AND HEAVY CASTINGS OF EVERY DESCRIPTION.
Our Work is of the best quality both as to material and Workmanship.
We are extensively engaged in manufacture of
Portable and Stationary Steam Engines,
Steam Boilers,
Circular Saw Mills,
Gang Saw Mills,
Flouring Mill Machinery,
Sorghum Sugar Mills,
Shafting Pulleys
And Hangers,
We are prepared to do
COPPER, BRASS, Sheet Iron Work And Pipe FITTING.

and to manufacture cast-ings and all the apparatus and machinery for making salt. We also manufacture
OFFICE AND OTHER STOVES.
Our office stoves are of the best quality.
We have also on hand
PORTABLE ENGINES,
At all prices,
adapted to the running of all kinds of
THRESHING MACHINES, ALSO, JACK SCREWS AND STAVE MACHINES.

As to our Stave-Machines we respectfully refer the public to Messrs. Kimble & Shaffer, Pennsboro', West Va. It excels all others. They cannot be surpassed.
Iron Railings, Verandahs, Garden Vases, Brass and Iron Castings of every description.
We would also call the attention of School Officers and others interested to our
IMPROVED SCHOOL DESKS,
which for neatness, cheapness, and durability, are not surpassed. They are recommended by Prof. W. H. White, State Superintendent of Free Schools of West Va., and by the Parkersburg School Board.
I have examined M. J. Leese & Co's, Folding Seats for schools, and fixed seats for primary departments, manufactured at Parkersburg, West Va., I most cheerfully recommend our Boards of Education and others interested, to supply our Public School-Houses with them.

W. R. WHITE,
Gen'l Sup't Free Schools, Wheeling, W. Va., Parkersburg, Nov. 7, 1867.
"M. J. Leese & Co., Dear Sir:—In answer as to how we are pleased with your Improved Iron School Desks, we would state that we have used several kinds, but for cheapness, neatness and durability, we give yours the preference to all others."
S. F. SHAW,
K. H. BOREMAN,
E. T. DRAHOSH,
Board of Education.

I fully concur in the above.
STEPHEN BOARDMAN,
Sup't Free Schools, Wood Co., W. Va.
New and second-hand Engines, of all sizes on hand and for sale at low rates.
GOOD MACHINERY. We will reply to enquiries by mail and promise our best efforts to please purchasers, both as to quality and price.

Improved Threshing Machine!

GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.
With the latest Improved Triple Geared Horse Power, driven either by Gear or Belt

Farmers will please look at the great advantage in Threshing Grain with
GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.
With the latest Improved Triple Geared Horse Power, driven either by Gear or Belt

No. 1 is a eight-horse power, with cast iron threshing frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty three inches long. Trunk has ten inch rake crank and seven rakes, is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the stacker, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place. The crank and fan sides being closed, to confine the straw and chaff, remedies all difficulties in cleaning grain against winny weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstances it will thresh from forty to fifty bushels per hour, and with more care and agreeableness to handling than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; it is intended to apply to any common lever or railway power; weighs 1,300 pounds; has an iron threshing frame, and cylinder, 12 1/2 inches in diameter and 28 inches long; delivers the clean grain in bags, or if desired, in a half bushel. It delivers the straw fifteen feet from the feeder, or if desired, can deliver the straw and chaff together; will thresh and clean, in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 500 bushels of oats per day, using four or six horses, and the same number of hands; but to force the work, under most favorable circumstances, good grain, &c., will thresh and clean considerably more. The Machine will thresh and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will apply very well to a two-horse railway power.

Now here is what the Farmer and Threshman wants: a Separator to go from farm to farm, to thresh grain, with more satisfaction than any other separator now in use, and why is it? Because this separator has a self-regulating Blast, which prevents grain from blowing into the chaff, and also has a self-regulating feeder to feed the cleaner and it has rollers and combs in the cleaner which prevents it from choking. Why does this machine run so light, and give so little trouble? Because there is less friction in the Journals, and the rakes and fan are geared so that you have no trouble with Belts breaking and slipping, causing dust to fall into the wheat. Why does it clean against the wind? Because the blast has direct action on the grain and the cleaner is so well arranged that the wind has no chance to drive the dirt into the hopper. Why is it built permanently on two wheels, and the front carriage separate, ready to attach when necessary? Because it is more convenient in the barn without the front carriage. You can turn the machine or run it from place to place more easily. Why has it not got Elevators like some other machines? Because the Elevators carry the fifth back alternately into the cleaner which must eventually go into the good wheat or in the chaff, and all know, that fifth should be kept separate for feed, &c., we might as well keep shoveling the "fallings" from under our hand in into the hopper and expect to get the grain clean. Why is this separator more cleanly and satisfactory to work about than others? Because the Fan and Thrasher Sides are closed up to prevent the wheat chaff and dust from coming out and scattering over the floor, causing waist and giving much trouble with dirt and sore eyes, &c. Why do Threshmen get more work with these separators than they do with others? Because this separator has all these advantages and many more, which makes it a separator suitable and a paying one for all farmers and Threshmen that have grain to thresh, whilst in most cases farmers must suit themselves to the machine, because the machine will not suit itself to the farmer. In short this is the cheapest, most durable, reliable, simple and most agreeable to work about; and the only separator that will clean and bag the grain sufficiently clean for market under all circumstances.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, we must come to the conclusion that it is the very Machine that fulfills the luxuries of the season. OYSTERS, CRABS, LOBSTERS, TURTLES, TRIPE, CHICKENS, &c., &c., will be served up at short notice and by the best of cooks. In fact and in short, we aim to keep a first class Eating House and to please the appetite of all who may favor us with a call. At all times the best ALE can be had on draught, for proof of which call and try the article. We have a saloon fitted up expressly for the Ladies.
Thankful for the encouragement we have received thus far, we hope to merit a still greater share of public patronage.
nov 20] **HENNEBERGER & HOOVER.**

Null's Pat. Post Boring Machine.
PATENTED MARCH 24, 1868.
STATE AND COUNTY RIGHTS FOR SALE.
A series of trials of this machine has convinced the inventor and all persons who have witnessed its operations that it is superior to any other in use in the following particulars:
LABOR SAVING QUALITIES—
EASE OF OPERATION—
SIMPLICITY OF CONSTRUCTION.
This machine is constructed so as to be operated either by hand, horse, water or steam power. By the use of 25 to 30 posts can be bored per day; by one-horse power from 100 to 150 per day; by two-horse power 200 per day, and by water or steam power from 200 to 300 per day. It is also a self-feeder.
The subscriber is now prepared to dispose of State and County Rights for the above valuable invention.

THE MORNING GLORY FOR 1868.

This Stove has been in use in this part of the country for three years and has given more satisfaction than any other Base Burning Stove offered. I can refer to One Hundred and Fifty persons to whom I sold these stoves and every one says it is the best stove they ever saw or used. I sold the Hundred and Seventeen of these stoves last season, and from the letters now received for them I have no doubt but that I will sell more that last season. Come and see my stock of Stoves. You will find a large stock of the best Coal Stoves ever offered for sale. I have now in store three other new Base Burning Stoves, "The Junius," "The Revolving Light" and the "Empire," all first class stoves.
PERFECTION AT LAST.
The public have long desired a perfect cook stove for coal. I now have found that stove.
THE CALORIFIC
Is without doubt the best Cook Stove in market for either Anthracite or Bituminous Coal. Call and see it.

W. A. TRITTLE,
