FACTS ARE STUBBORN THINGS.

SINGER SEWING MACHINE
 Is the best for Family Use.

1. It has the best Hemmer ever put on a Sewing Machine; commencing at the corner of the work, and turning a very pretty hem that will not wash out. It will hem into a square corner and out; around an abrupt curve; into a scollop, and turn the work all in neatly. It will also hem the edge of unbleached muslin without trimming off the fringe.
 2. It has the best attachments for Hemming, Felling, Tucking, Cording, Ruffling, Braiding, Binding, and Trimming, ever put on a Sewing Machine.
 3. It is the fastest running Machine in the world and runs the easiest.
 4. It does not take six months to learn to use it. It is so simple that a child can use it.
 5. It will out-wear any two other machines you can name, and hence the most durable.
 6. It does its work equally well, at fast or slow rates of speed.
 7. It cannot be got out of order by sewing.
 8. With these facts, we invite you to come and see for yourself, and can assure you that after ten years practice with Sewing Machines, we know by practical experience which Machine to sell and which to recommend; and can say that you will find it to your own interest to see these before making a purchase.
 Parties will please leave their orders with the undersigned who will promptly fill them.
