

VILLAGE RECORD.

WAYNESBORO, Friday, March 5, 1869.

A man had his pocket picked of \$22.50 at New Haven last week.

There is a story afloat, coming from a Frenchman just returned from Mexico, that Maximilian is not dead.

Superstitious people think this year will be an unlucky one, because it began and ends on Friday.

The mayor of St. Joseph, Missouri, has been petitioned to appoint a day of fasting and prayer for deliverance from mud.

In Minnesota, five Baptist houses of worship have been lately dedicated, and twenty-eight are in process of erection.

Lamartine, the French poet and historian, and at one time a prominent political leader, is dead.

The Legislature of West Virginia has chosen Charlestown, in the Kanawha Valley, as the future Capital of that State.

The will of the late John Bun, of Chicago, bequeathed \$300,000 to local charities, and \$50,000 to his relatives.

Among the first acts of President Grant, it is said, will be the recall of General Rosecrans.

Kansas, Louisiana and Nevada have ratified the Suffrage Amendment recently passed by Congress.

CONSCIENCE MONEY.—The Treasurer of the United States received a letter on Friday last, postmarked Washington, containing one hundred dollars, which the writer said he thought to be the United States.

The ratification of the new Constitutional Amendment by the Legislature of Kansas is announced. In the House there were but seven votes in the negative to sixty-four in the affirmative. In the Senate the vote for the amendment was unanimous.

Another engagement between United States regulars and the Indians took place between the 15th and 20th of January, at a point ten days' travel west of the Wichita Mountains. Our troops were successful, and totally destroyed an Indian village, besides killing eight savages.

A gentleman in St. Louis, a day or two since, lost \$3,000 for the recovery of which he offered a reward of \$500. On the subsequent day he received through the postoffice the sum he had lost, minus the reward. No name or note accompanied the enclosure.

Some years ago a man named Brown was acquitted by a jury in Miami county, Ohio, on a charge of murdering an editor in Dayton. Since then every one of the jury has become insane, met an unnatural death, or committed suicide, and the judge who presided at the trial died recently in a lunatic asylum. This an Ohio journal calls a "startling instance of the retributive justice of Heaven."

NEW ISSUE.—The treasury plate-printing office has nearly ready for printing a new series of the \$50 and \$100 greenback notes, to take the place of the present new issues, which have been largely counterfeited. The \$100 notes will bear a likeness of Mr. Lincoln, with a vignette symbolical of reconstruction; and the \$50 notes will bear a likeness of General Grant, with a vignette symbolical of restoration of peace.

The Judiciary Committee of the Tennessee Senate has reported against the proposition to sell the Hermitage, formerly the residence of General Jackson, but now the property of the State. The committee recommends that Tennessee should keep the estate for all time to come, and make it, on some favorable occasion, the site of some noble institution of education or of benevolence. Ashland, Ky., formerly the home of Henry Clay, is now the site of a university which is attended by over six hundred students from all parts of the Union.

Dr. Schoeppe, charged with administering poison to Miss Stenoecke and causing her death, was brought up upon a writ of habeas corpus, in Carlisle, on Tuesday, the 25th. He was remanded to prison for trial at the April term of court upon the charge of murder.

Mr. John J. Rodgers, of Philadelphia, a member of the lower house of the Pennsylvania Legislature, will, it is said, shortly introduce a bill for the abolition of capital punishment. The probabilities are in favor of its passage.

Mr. Johnson only pardoned one more counterfeiter on Monday. Pardons for Arnold and Spangler were issued Tuesday night by the President. All those living who were sent to the Dry Tortugas for connection with the assassination of President Lincoln are now set free. O'Laughlin died there over a year ago.

A SMART WORKMAN.—In pegging boots by steam, twenty cases, or 240 pair of boots, are a usual day's work. One man in Hopkinton, Mass., has pegged eighty-three cases, 1,982 boots, in two days. He once pegged forty-eight boots, twice round, in fourteen minutes; and did one boot, in a trial of speed, in a thirteen seconds!

The Chicago Tribune is wisely preparing the minds of Western farmers and present holders of wheat in store for low prices the coming season. It shows them that in London and Liverpool the price of wheat, low as it has ruled for the past eight or nine months, is again falling, owing to the arrival of large fleets of grain-laden vessels from the Orient regions. Odessa is pouring in wheat, and the neighboring ports are sending forth their grain in numerous vessels, while the news comes that California has a very large surplus crop, which she must export, and promises to do greater things next season. The chances generally are against a scant crop at the next harvest. "The weather of the present winter," says the Tribune, "has been peculiarly favorable to spring sowing, and the indications are that the greater portion of the next crop will be sown in March, which is generally looked on as insuring a bounteous yield. The only kind of wheat likely to be injured by the weather is that sown in the fall. But the proportion of winter wheat is now very small, and grows smaller each year. Not a bushel of winter wheat has been sold in our market for the past three months, and flour made therefrom is a drug with our dealers. The manufacture of spring flour has been so much improved within the past two or three years that it answers every requirement. On this state of facts, holders are advised to look their losses in the face as gracefully as may be, and decide to let go, lest the chance of selling be denied in toto.

The Senate of the United States on Friday passed by a vote of yeas 39, nays 13, the Constitutional Amendment previously passed by the House of Representatives in favor of universal suffrage, without distinction of race or color. The Amendment, as passed by a constitutional vote of both Houses and now awaiting ratification by the Legislatures of the several States, is in the following brief but concise form:

Article XV, Section 1. The right of the citizens of the United States to vote shall not be denied or abridged by the United States, or any State, on account of race, color or previous condition of servitude. Section 2. The Congress shall have the power to enforce this article by appropriate legislation. The Legislatures of twenty-eight States must ratify the above before it can become a part of the Constitution.

REMANDED TO JAIL.—On Wednesday of last week, Samuel M. Seyler, Wm. Jones and John Laly, implicated in the robbery of Fallon's Store, in Mercersburg, in December last, were before his Hon. Judge Rowe on a writ of habeas corpus. Jones turned States evidence implicating Seyler in the robbery. The examination concluded the Judge held Seyler in the sum of \$2000, and Laly in the sum of \$1000, for their appearance at the April term of court, in default of which they were returned to jail. Jones was required to give bail in the sum of \$500 for his appearance as a witness, and was also sent back to prison.

SOMETHING EXTRA FOR BOYS AND GIRLS.—It is well known that The Little Corporal, the brilliant Western Juvenile, has a larger circulation than any other Juvenile Magazine in the world. This has been gained by real merit and enterprise.

The Publishers are endeavoring to double their immense circulation this year, and have determined to send their Magazine free for three months—January, February and March numbers of 1869—free to every family who will send their address before the first of May, with four cents in stamps for return postage. These are intended as samples to those who are not now taking the Magazine in its new, enlarged form. Address ALFRED L. SEWELL & Co., Publishers, Chicago, Ill.

DEATH OF A COLORED PREACHER.—We understand that "Billy Bevens," as he is familiarly called almost from time immemorial, a well known colored Preacher, died at the residence of his sister in the South Mountain, some ten days ago, at a very great age. Although a Preacher for perhaps sixty years, he never learned to read or write, giving out his hymns and preaching his sermons from memory, which had the effect of rendering them more amusing than instructive to the large crowds that used to flock to his favorite "bush meetings." That, however, was their sin and not his. We have no doubt poor Billy has gone "too de promiss land," of which he preached so much and so long in his peculiar way.—Hog Herald.

DON'T FORGET.—We trust our patrons in arrears for subscription, job-work and advertising are mindful of the fact that the first of April is approaching, and that a general "squaring up" of accounts is necessary in order that we may be able to meet our engagements at that time.

To those who have so long neglected their accounts we have this to say, that unless payment is made this spring, their names will be dropped from our list.

LIFTING JACK.—A 'lifting jack' for raising buggies and wagons, a patent right for which was granted on the 23d ult., was exhibited in front of our office the other day by the patentee, Mr. Jas. Riddleberger, of this vicinity. It is quite simple in construction, but certainly a useful invention. With it the heaviest vehicle can be raised and lowered with the least exertion. It can be seen at the Tin, Stove and House Furnishing Store of D. B. Russell & Son.

ARRESTED.—A colored boy in the employ of Henry Shank, near this place, was arrested on Thursday evening last by officers Horner and Miller, upon the charge of committing a rape upon a girl about 13 years of age, daughter of John W. Zook. On Friday morning he was taken to Chambersburg and lodged in Fort Fletcher.

FOR WASHINGTON.—A number of our citizens on Tuesday last left for Washington, to witness the ceremonies of Gen. Grant's inauguration on Thursday.

In Huntsville, Alabama, last week, a collision occurred between citizens and about twenty soldiers, resulting in the killing and wounding of three or four of the soldiers, who are said to have been drunk. They attacked a hotel at night, demanded whiskey, which was refused, when they commenced to break in the doors and windows. A number of citizens at once collected, and a fight ensued, resulting as stated.
