

VILLAGE RECORD.

WAYNESBORO.

Friday, April 23, 1869.

Arnold and Spangler, the pardoned conspirators, arrived in Baltimore last week from the Dry Tortugas.

Shad are quoted at \$18 to \$20 per hundred, and herring at \$18 to \$15 per thousand, at Alexandria.

The different posts of the Grand Army of the Republic are preparing to decorate the graves of our fallen heroes on the 1st of May.

The New York Tribune reckons the Fifteenth Amendment secure since the election in Connecticut, with or without the vote of the States yet unrepresented.

Four colored men were nominated to office last week by President Grant, one assessor of internal revenue, one postmaster, and the other two justices of the peace.

On Sunday Illinois was visited with a most destructive tornado, doing great damage throughout the State. Several lives were lost, and a number of buildings were blown down and totally destroyed.

The price of a balloon passage from New York to Europe is fixed at \$250; and a plucky French aviator, Mr. Chevalier, who will make the trip this month, says he has already one hundred applicants for passage.

Dismissals from the Departments at Washington are still going on with energy, and it is expected that in another month not more than two-thirds of the force employed at the beginning of the present Administration will be retained.

When the war began our generals had to learn the trade, and as the beginners blundered they were cast aside and later comers profited by their experience. Grant was, fortunately for him, one of the later comers. Now in another sphere he has to learn another trade; but the difference is that he cannot be cast aside for a blunder. He is sure of the place for four years, and he will learn the trade long before his term runs out.

ALTOONA, Pa., April 15.—At eight o'clock to-night, a fire broke out in Piper's livery stable, and gained such headway as to baffie the efforts of the firemen. In a short time, seventeen houses were destroyed, and a number of stables. The loss is about \$40,000, covered by small insurances.

Senator Chandler, who was present when Senator Ross had the interview with the President of which such a sensation was made by a New York paper, says that the conversation on each side was in a very low tone, and with no apparent excitement; that when it closed Mr. Ross took his leave in the most courteous manner, to which the President responded as courteously. It is understood that the President declined to do what the Senator desired, but beyond an earnest presentation of a case on one side, and a refusal on the other, all couched in proper language, there is no foundation for the story in circulation.

FIFTEENTH AMENDMENT.—Twenty-one States, we believe, have now ratified the Suffrage Amendment to wit: Maine, Massachusetts, New York, Pennsylvania, West Virginia, North Carolina, South Carolina, Alabama, Tennessee, Florida, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Missouri, Nebraska, Nevada, Arkansas, Louisiana and Kansas. Seven States more are yet required to make it part of the Constitution. The amendment is almost certain to be adopted.

DUNKERS.—The New York Tribune says the German Baptists, or Dunkers as they are usually called, together with the Methodists and other sects with similar tenets, embrace a membership of 100,000 in Pennsylvania and the West, and yet in this whole body there is scarcely a head of a family not possessed of a competency. They are a people not addicted to the giving of alms, but the younger men have the use of the capital of the elders, not as a gift but a loan, and by frugality and industry grow rich as they grow old.

RECONSTRUCTION IN VIRGINIA.—The effect of the recent action of the President and Congress on reconstruction, especially in Virginia, is of the most cheering character. Letters from Richmond say that it seems as if a load of depression had been lifted from the spirits of the people, and that the satisfaction with the action of Congress is well nigh unanimous, the only exceptions being some few sullen reactionists who still harbor the ghost of the rebellion and spit at the flag. Business is already reviving as a consequence, and the doubt and uncertainty which has been consequent upon their chaotic condition being removed, people are already beginning to forecast plans for the future, and to prepare for a largely increased business activity.

It is believed that the material interests of the State will be advanced many millions by this action of Congress.

A tax on Bachelors from 30 years upwards is proposed in Paris.

The population of New York is estimated at 1,118,767 souls.

California is an El Dorado to old maids. There are three men to every woman in that State.

POSTMASTERS APPOINTED.—The Postmaster General has made the following appointments in Franklin county:—Mont Alro, Ephraim S. Shank, vice H. Shirey, resigned; Brown's Mill, H. Young, vice A. Dalrymple, absconded.

HIGHWAY ROBBERY.—We are informed that a drover was robbed of over \$450, two miles west of McConnellsburg, on Friday evening last, by a party of men armed with revolvers. The robbers have not been arrested.—Repository.

CARPETS, ETC.—We call special attention to the advertisement of Mr. J. Sierer & Co., of the "Chambersburg Carpet Store," in today's paper. These gentlemen rank among the most enterprising and reliable business firms of that place. As they deal almost exclusively in carpets their stock of course is varied and extensive.

NEW GOODS.—Messrs. Hiteshow & Gehl, of Ringgold, Md., have received their spring and summer assortment of new goods. The public are requested to call and examine them. Their advertisement will appear next week.

FRESH BREAD.—Messrs. Reid & Waynant are still in receipt of fresh bread from Strite's Bakery. Warm weather is coming and now is the time to make arrangements for being supplied during hot weather. *

FINE SHAD.—Our enterprising neighbors, Messrs. Reid & Waynant, the other day presented us a pair of fat shad, the finest of the season. This firm is always supplied with the rarities of the seasons, and on this account should be liberally patronized.

THE PROSPECTS.—Accounts from all quarters are most cheering as to the appearance of the growing wheat crops. In our own neighborhood the fields generally are well covered and present a most luxuriant appearance. The late warm rains have had the effect to give quite an impetus to both grain and grass.

CONFLAGRATION.—A fire at Shippensburg, on Saturday night last, destroyed the Cumberland Valley railroad depot, several stables, and very considerably damaged the News and Valley Sentinel printing offices.—The editors' losses are, we are pleased to learn, fully covered by insurance. The fire is supposed to have been the work of incendiaries.

The Valley Spirit, commenting on the communication in our last issue, signed "Quincy," says: "A turnpike from Waynesboro' to Fayetteville would be of great benefit to the people living along the line of it. Turnpike roads always benefit the sections through which they run. Farmers everywhere in this section of country would promote their own interests by assisting in constructing turnpike roads where they do not now exist. Compare the market value of a farm on or near a turnpike with the market value of a farm just like it but remote from a turnpike, and you will learn what turnpikes do for land owners. Every owner of a good farm of one hundred acres between Fayetteville and Waynesboro', or between Chambersburg and Waynesboro', would make money by subscribing from five hundred to one thousand dollars to make a turnpike. If his farm lay directly on the road to be piked, it would rise in market value at least two thousand dollars as soon as the pike was finished. If it lay off the road, the rise would be less, but still enough to double a five hundred dollar subscription to the road. We might have turnpike roads between all important points if our farmers would look at the matter in its proper light and all join in making them.

RESOLVED, That in the death of Brother Peters the Sunday School has lost an efficient officer—one devoted to his work, and faithful in the discharge of duty.

RESOLVED, That it becomes us as fellow-workers in the School to be diligent, knowing that we too may, perhaps soon, be called from labor.

RESOLVED, That we deeply sympathize with the family of our deceased Brother, in the loss they have sustained by his removal, and express the hope that the family circle may be reunited in the better world.

The following Preamble and Resolutions in reference to the death of D. I. Peters were adopted at a meeting of the Lodge of Good Templars in this place:

Whereas it has pleased Almighty God in his inscrutable providence, to remove from our midst, our lamented Brother, D. I. Peters, who by his deeds of unswerving devotion to the cause of Temperance had endeared himself to every member of our Lodge; and

Resolved, That in the death of Brother Peters, the Lodge has lost a worthy, active and consistent member, possessing the confidence, and commanding the esteem of all connected with him.

Resolved, That we bow in humble submission to the afflictive dispensation which has taken from us a dutiful and esteemed member, feeling that our loss is his infinite gain.

Resolved, That we tender our deep and lasting sympathy to the family and friends of our deceased brother, praying that in their bereavement, they may see the hand of God, and find consolation in him who doeth all things well.

Resolved, That in token of respect to our departed brother, our Charter be draped in mourning thirty days; and that a copy of these resolutions be transmitted to the family of the deceased, entered upon our Journal, and also published in the Village Record.

PETERS' MUSICAL MONTHLY.—The April number of this valuable monthly is before us, and presents a rich variety of literary and musical matter. Besides fifteen pages of excellent reading on various subjects, it contains seven pieces of excellent new vocal and instrumental (Piano) music. The music itself contained in each number is worth the price of the magazine for one year. We heartily commend it to the musical world.—This valuable monthly should be the companion of every lover of fine music, and find its way into every music loving circle. Published by J. L. Peters, 198 Broadway, N. Y. Price only \$3 per annum.

Place a young girl under the care of a kindhearted, graceful woman, and she unconsciously to herself, grows into a graceful lady. Place a boy in the establishment of a thorough going, straightforward business man, and the boy will himself become a self-reliant, practical business man. Children are susceptible creatures, and circumstances, scenes and actions always impress them. As you influence them, not by arbitrary rules, not by stern example alone, but in the thousand and other ways that speak through beautiful forms, through bright scenes, soft utterances and pretty pictures, so will they grow. Give them a corner of the garden for flowers, encourage them to put into shape the hanging baskets, allow them to have their favorite trees, lead them to wander in the prettiest woods, show them where they can best view the sunset; buy for them pretty pictures and encourage them to decorate their rooms, each to his or her particular childlike way. The instinct is in them; give them an inch and they will go a mile. Allow them the privilege, and they will make your home beautiful.—Telegraph.

PAY YOUR TAX.—H. A. Fisher, tax collector for Washington township, requests us to announce that all persons in arrears for State and County taxes for 1868, and School tax for 1867 and 1868, after Saturday the first day of May, will subject themselves to trouble and expense. He will then proceed to make collections as the law prescribes.

ICE CREAM.—Messrs. Henneberger & Hoover would announce to the citizens of Waynesboro that they will (weather favorable) commence the Ice Cream operations on Saturday evening next.

HAULING.—Persons in town desiring plowing or hauling of any kind done will do well to apply to Philip Summers, on the premises of John J. Irvine, who is well prepared for such work.

ROBBERY.—The Store of Capt. Winger, at Chatick, in this county, was broken into on the night of the 7th inst. and robbed of \$400 in cash, besides a lot of jewelry and dry goods. No clue as yet to the perpetrators of the robbery.

The advertisement of Messrs. Miller & Beaver was handed in too late for insertion this week. We are requested to say that they are in receipt of a sample book containing all the latest styles of Wall Paper.

DEATH OF D. I. PETERS.—The Methodist Episcopal Sunday School, of which Mr. Peters was an officer, at a meeting of the members, passed the following:

Whereas, It has pleased Almighty God to remove by death from our number DAVID ISRAEL PETERS, the Secretary of our Sunday School; Therefore,

Resolved, That in this dispensation we bow submissively to the hand of God, believing Him "too wise to err, too good to be unkind."

Resolved, That in the death of Brother Peters the Sunday School has lost an efficient officer—one devoted to his work, and faithful in the discharge of duty.

Resolved, That it becomes us as fellow-workers in the School to be diligent, knowing that we too may, perhaps soon, be called from labor.

ACCEPTED.—We learn from the Middletown, Md., Register that Rev. M. J. Allen, pastor of the Lutheran Church in that place, has tendered his resignation, to take effect on the 1st of May, having accepted a call from St. Paul's Lutheran congregation in Littlestown.

ALISMA.—Last week we called attention to the Constitution Bitters of Seward & Bentley, and now we take pleasure in noticing their Alisma for the hair, which is said to be a very fine article for the toilet. We are of the opinion that the preparations of S. & B. are all good, for the reputation they sustain as Druggists is good evidence that they would not put any thing in the market of an ordinary character. Dr. Amerson, Druggist has it for sale and we hope all our friends will try it.

For all Bronchial affections, try Seward's Cough Cure.
