

VILLAGE RECORD.

WAYNESBORO. Friday, April 30, 1869.

Sixty three trains arrive at Harrisburg daily.

Colonel Robert Johnson, the eldest son of ex-President Johnson, died on Friday at Greenville, Tennessee.

The Grand Jury of Caroline county, Md. have indicted a negro woman for witchcraft.

The nomination of Ex-Gov. Curtin as Minister to Russia, has been confirmed by the United States Senate.

Ex-Governor Packer, of this State, intimates that he has not withdrawn from the canvass for Governor of the State.

The amount claimed by the United States of Great Britain, for what is known as the Alabama claims, is about \$13,000,000.

On the 20th of May the Old and New School General Assemblies of the Presbyterian Church will assemble in New York, when the question of reunion will be finally settled.

The reports from all sections of the Western States indicate the largest yield of wheat in proportion to the population for many years. All sections report the same story as to the glorious prospect.

The New York Herald of the 19th inst. publishes extracts from all parts of the United States showing that the prospects for unprecedented grain and cotton crops are very favorable. If no unforeseen disaster occurs, the United States will be one vast granary next autumn.

Ex-Gov. Thomas, of Alleghany county, has been nominated as Collector of the Fourth District of Maryland, and Henry W. Dellinger, of Washington county, as Assessor.

The President has tendered Hon. Horace Greeley a place on the Board of Commissioners to examine and report on the condition of the Pacific Railroad, which place Mr. Greeley accepted by telegraph. There is neither pay nor emolument attached to the position, and his term of office will expire at the end of the trip.

We learn, says the Berkeley (Va.) Union, that John Leishon, of our town, for twelve years wholly blind, has his sight restored by some Baltimore Oculist. If it proves permanent, there is certainly a wide reputation in store for the skillful hands performing the operation.

A TEXAS FARM.—Miffin Kennedy, a West Texas man, has a tract of 130,000 acres fenced in, upon which he grazes 40,000 cattle, besides horses, mules and sheep. Almost anywhere else that man would be considered a large grazier.

General John A. Logan, commander in chief of the Grand Army of the Republic, has issued a general order recommending the decorating of the graves of our deceased soldiers with flowers. It has been determined not to prescribe any form of ceremony for universal observance, but each Post or any number of Posts, may arrange together such fitting service as circumstances will permit.

As the 30th of May occurs on Sabbath, Posts are at liberty to observe either that day, or Saturday, the 29th.

LINCOLN IN FRANCE.—There was recently held in Paris a meeting to commemorate the memory of Abraham Lincoln. After Prof. Laboulaye came Mr. Cochran, the principal orator. He traced the life of Lincoln from his boyhood up to his death and held him up as a model of a patriot, statesman and christian man. He quoted from his speeches and writings to show that he was a great political thinker; that his ideas were of that class of elementary ideas, on which great governments may be built and great deeds accomplished.

If you have not yet awakened to the fact in America, says a Paris letter, you will soon do so, that Lincoln is hereafter to take a stand as one of the great landmarks in history. If you do not comprehend the immensity of the role he played in the political progress of mankind, these people do. While you are still embarrassed with certain crudities in his character, those people see nothing but his grandeur, and desire to see nothing more.

According to a despatch from London the Government of England is to make an entire change of front on the Cuban question by recognizing the independence of the island, according belligerent rights to the insurgents and tendering them material assistance. All this is to be done to prevent the annexation of Cuba by the United States and give a color of consistency to the course of the English Government in regard to the Southern Confederacy.

COUNTERFEITS.—The country is flooded with counterfeit money. Ten, twenty-five and fifty cent shipplasters go largely abroad, while the counterfeit bills of the denomination of one dollar and upwards are detected every day. A large addition of ten dollar and twenty dollar notes of this sort has just been added to the finances of the country, and our readers will do well to examine all bills very closely.

AT WORK.—The Masons are now at work on the foundation for the new Lutheran Church, which it is expected will be completed sometime during the coming summer.

SHOWERS.—This section was visited with a succession of April showers during Wednesday evening and Thursday morning, which must refresh and contribute largely to the growth of vegetation generally.

NEW FOUNTAIN.—Mr. F. Fourthman, druggist, who always keeps pace with the times in his business, has just put up a new Soda Fountain, and during the warm weather will be regularly supplied with a superior article of mineral water.

COMING.—It will be seen by reference to our advertising columns that Geo. W. Skinner, County Treasurer, will meet the taxpayers of Washington township at Mullan's Hotel, in this place, on the 5th and 6th days of May, for the purpose of receiving their taxes for 1869.

THE COUNTRY.—The earlier variety of fruit trees, such as cherry, peach, pear &c. are now laden with blossoms. The prospect for abundant crops is unusually promising. The green-carpeted fields, blooming trees and shrubs, the country over, just now, present a most encouraging as well as charming aspect—a real panorama of Nature's bounty and beauty.

CONVICTED.—Dr. James W. Robinson, of the Cove, in Fulton county, was last week convicted of larceny by our Court, and sentenced to undergo an imprisonment in the Eastern Penitentiary for a period of three years.

HEAVY SENTENCE.—Cambridge Norris, the colored man, sometime since arrested for outraging the persons of two white ladies and a little girl near Chambersburg, on Thursday last was convicted and sentenced to thirty-five years solitary confinement in the Eastern Penitentiary.

A correspondent in the last Spirit recommends Geo. W. Welsh Esq., of this place, as a candidate for the office of Prothonotary. Mr. W. is well qualified to assume the responsibilities of that office or any other in the gift of the Democracy of the county.

CATS.—An exchange says the Mount Holly Herald has been estimating the amount of cat population in that village, and makes the number 4,028, which at an average of 4 pounds each, gives an aggregate of 16,112 pounds of cats in Mount Holly. We would like to know the exact amount of mewie the above category is capable of producing.—Some of our corner loafers, who have seemingly nothing to do, might take the cat census of Waynesboro.

Five Shad for \$1 at Reid & Waynant's.

CEMETERY ASSOCIATION.

A meeting of citizens favorable to the formation of a Cemetery association was held in Beaver's Hall, on Monday evening. Mr. W. S. Amberson was chosen President. The following committee was appointed to examine and select grounds for a cemetery: Rev. A. Bahman, J. W. Miller, John Phillips, Alex. Hamilton, Jacob F. Oiler, Dr. B. Frantz and Samuel Ryder. The committee selected to solicit subscriptions for stock of the association consists of the following persons: Geo. W. McGinley, Henry Oaks, J. F. Kurtz, Geo. Harbaugh, J. W. Coon, Dan'l M. Leekrone, Jacob Carbaugh, Dr. E. A. Herring, W. L. Hamilton, Rev. D. P. Good, Abram Adams, George Frik, Dr. B. Frantz, J. H. Clayton, W. S. Amberson, Samuel Ryder, David Ryder, W. A. Tritle, E. W. Washbaugh, W. Blair. The shares of stock were fixed at ten dollars each. Committee appointed to prepare subscription books—J. Douglas, W. H. Noelling and Daniel Hoover.

The next meeting will be held in the Town Hall on Monday the 10th day of May, at 7 o'clock, P. M., to which all persons favorable to this object are invited to attend.

THE PROPOSED TURNPIKE.—The communication from a citizen of Quincy township which we published recently in reference to a turnpike between this place and Quincy and the latter place and Fayetteville, is favorably spoken of as far as we have been enabled to ascertain public feeling in regard to the proposition. Several farmers with whom we have since conversed, who live near the public road leading to Chambersburg, say that stone for piking is easy of access the whole distance, excepting a few miles between Funkstown and Fayetteville, that the grading generally would be light, and consequently the labor and expense per mile would fall considerably short of what turnpikes usually cost. Running, as it would, through the midst of a rich agricultural region, we can see no reason why an enterprise so much needed if once commenced should not prove successful. The farmers would be more directly benefitted by such a road than any other class. To say nothing of the convenience which would thus be afforded, their properties would be materially enhanced in value. Will not some of the more enterprising of this class of citizens make a move for the accomplishment of so desirable an object?

DEAD HEADS.—Our subscription book contains the names of a number of subscribers which will soon be compelled to class among "dead heads" of the past. They have not paid us anything on their accounts for years. We have repeatedly appealed to such to settle their accounts, but receiving no part thereof, necessity will compel us to drop their names from our list of paying subscribers. We are tired of "dunning" and dislike the business on account of prompt-paying patrons. So look out!

ARRIVED AT LAST.—The much-talked of two wheeled machine, the Velocipede, reached our town on Saturday evening last, since which time a "velociped school" has been in operation at the Town Hall. The gentleman in charge of the flying vehicles have been liberally patronized by the young men of our town. On Tuesday evening last a couple of the more advanced pupils appeared on Main Street and in their flight to and fro drew the attention of old and young. Our friend Leeds, the watch-maker, is about bargaining for one to be used in hunting up his delinquents. So says Madam Ramor.

RECEIPTS.—For subscription for the last week: John H. Adams, \$8.00; Geo J. Balsley, 4.00; Dr H. Rosenburg, 6.00; Samuel Shank, (of C) 4.00; Fred's Speck, 2.00; D. M. Eiker, 6.00; O. L. Walter, 1.50; Geo. Besore, 2.00; Jer Hollinger, 2.00; H. C. Hoover, 4.00.

COUNTY SUPERINTENDENT.—The school directors of the County will soon be called upon to select a County Superintendent. I would respectfully suggest to their consideration the name of Mr. J. Y. ATHERTON of Mercersburg. Mr. A. is a successful teacher, and has had many years experience, is active and energetic, and in short is well qualified for the position.

EXCITEMENT AT THE TOWN HALL.—All persons fond of sport are invited to visit the Town Hall, the theatre of fun just now, and witness the movements of that wonderful animal called the Velocipede. All are invited.

INTERNAL REVENUE.—The first of May is the beginning of "License" year. Upon that day all the various occupations that are subject to "special tax," are taken for the coming twelve months, and the payment should be made upon the making of the "application" and not at the end of the succeeding month as in case of other taxes. The tax is imposed upon the commencement of the occupation subject thereto, and every one engaged in such occupation is liable to fines, &c., if he fail to pay the tax at the time he enters upon his business, work or profession. All grocers are obliged to renew their bonds on the first day of May of each year.

FARMERS.—Farmers wanting any repairs upon the McCormick Reaper should give timely notice to Lidy, Frick & Co.

The last Legislature passed an act changing the common law rules of evidence, so as to allow parties to testify in suits, notwithstanding they may have an interest in the result. It frequently happens that parties to the record or in interest are alone cognizant of facts bearing on the merits of the case, but under the present rules their lips are sealed. The new act allows their testimony to go to the jury, the latter passing on its credibility. We annex the full text of the bill:

SECTION 1. Be it enacted &c., That no interest or policy of law shall exclude any party or person from being a witness in any civil proceeding; provided, this act shall not alter the law as now declared and practiced in the courts of this Commonwealth, so as to allow husband and wife to testify against each other, nor counsel to testify to the confidential communication of his client, and this act shall not apply to actions by or against executors, administrators, or guardians, nor where the assignor of the thing or contract in action may be dead, excepting in issues and inquiries devised vel non and others respecting the right of such deceased owner, between parties claiming such right by devolution on the death of such owner.

SEC. 2. That a party to the record of any civil proceeding in law or equity, or a person for whose immediate benefit such proceeding is prosecuted or defended, may be examined as if under cross examination at the instance of the adverse party of any of them, and for that purpose may be compelled in the same manner and subject to the same rules for examination as any other witness to testify, but the party calling for such examination shall not be concluded thereby, but may rebut it by counter testimony.

SEC. 3. That the testimony of witnesses authorized by this act may be had by deposition or commission issued as the case may require, with such notice to the party to be examined and to the adverse party as is now or may hereafter be prescribed by the rules of the proper court touching the taking of depositions and testimony on commission.

A ROBBER SHOT.—An ingenious and daring burglar met his death, week before last, in a very strange manner. A man carrying a large pack, called at a farm-house near Joliet, Ill; and wished to stay over night. The farmer being away he was refused. He then asked to leave his pack, which he declared was so heavy that he could carry it no longer. It was left—being thrown in a corner of the sitting room. During the evening, one of the young ladies observed that the pack was very peculiar, when the hired man stepped up and examined it. The result was, he discovered that a man was sewed up in it. He went into an adjoining room and got a revolver, and fired several shots into the sack, when a terrific scream was heard and on cutting the bag open, a man with a revolver and a bowie-knife was found, weltering in his blood. He had been killed outright.

The coroner was called, who empaneled a jury, which returned a verdict of justifiable murder by the hired man.

Aim at perfection in everything, though in most things it is unattainable, however, they who aim at it, and persevere, will come much nearer to it than those whose laziness and despondency make them give it up as unattainable. The above is particularly applicable to the subject of health—all should do everything in their power to attain perfection, as near as possible, in that. This can be secured by a regular and continued use of the Zingari Bitters.

It is said that Parson Brownlow used to keep an account of his good and bad deeds, and occasionally to strike a balance to see what his chances were for Heaven; and it used to be the boast of the Parson that if St. Peter kept the account correct, he should have no difficulty in entering the celestial city, as his good deeds were largely in the ascendancy, until he nominated A. Johnson for Vice President. That sin sunk the Parson, and he has since torn up his book and relies now on saving grace alone.

The nomination of Mr. Kitzmiller as Postmaster at Gettysburg, has been confirmed by the United States Senate—also the nomination of Mr. Scull as Assessor of this district.

THE TOMB.

Near Smithburg, on the 8th inst., Mr. ABRAHAM STOFFER (of C.) after a brief illness, aged 68 years, 11 months and 8 days, a gentleman well known throughout the County, and highly esteemed for his many excellent traits of character.

On the 24th inst., in this place, Mrs. MOREHEAD, aged about 74 years.

Her afflictions were very protracted and equally painful, consisting of repeated strokes of paralysis and their attendant paroxysms. In the midst of these sufferings she seemed to find sufficient strength and comfort in Christ. Sister Morehead died in the Communion of the Evangelical Lutheran Church, of which she had been a worthy member for some time. In her last moments she gave the strongest evidence that she had found peace in believing and selected as the text from which her funeral should be preached, the 15 verse of the 3d chapter of Ephesians, which reads: "Of whom the whole family in heaven and earth is named." She has, we trust, gone to join the heavenly part of that great family of God. Let kind friends and all others be also ready, that death may be to them a re-union with loved ones in heaven. A. B.
