

VILLAGE RECORD. WAYNESBORO. Friday, May 14, 1869.

The first Tuesday in July is mentioned as the date fixed upon by General Canby for the holding of the election in Virginia.

Miss Cairnes, who was tried at Blair Id., last week for killing her betrayer, Nicholas McComas, was acquitted on Saturday.

Richmond elected Gen. T. W. Bennett, (Rep.) Mayor by 300 majority, with a Republican Council.

A strike commenced on Monday in the Pennsylvania coal regions, and work is entirely suspended in the Lehigh and Schuylkill mines, and it is supposed also at Wilkesbarre.

The Deputy Commissioner of Internal Revenue has decided that, under the act of April 10th, 1869, dealers in liquor who sell in quantities less than five gallons, and also in quantities of five gallons and upwards, must pay special tax both as wholesale and retail liquor dealers.

In Fayette county is an apple tree which was planted in 1772, four years before the Revolution. It is said to be still in its average condition. Forty bushels of apples is its average yield each season. Long may it wave.

On a Kentucky railroad recently, while a train was passing through a tunnel, a young man attempted to kiss a girl who sat in front of him, when she seized his hand and bit out a large piece. When the cars emerged, the young man, wrapping up his bleeding hand, explained to inquiring friends how the "window fell on it."

C. A. H. asks the New York Ledger if it is proper to "kiss a young lady on seeing her home from a place of entertainment?" and is answered thus: "Kissing goes by favor, it is said, and there are no rules to govern it. If a young lady permits you to kiss her, do so, and hold your tongue about it."

The Richmond Dispatch of Monday says that it is distressing to hear of the neglect of the bones of Confederate soldiers who are buried on Virginia battle fields where they fell, and "the reports that reach us of the desecration of many of these bones are so shocking that we hesitate to give them credence." The Dispatch then states that on the northeast side of the fort at Malvern Hill "a most horrible scene presents itself. Thousands of Confederate soldiers having been buried where they fell, twenty acres or more have just been ploughed up by the owner of the field, and the plowshare turned to the surface all the skeletons. Over the whole tract the bones are strewn in profusion, and grinning skulls stare the visitors in the face on every hand." Cart loads of these bones have been taken to Richmond, and sold to fertilizing mills there!

LAST SPIKE DRIVEN.—A little over three years ago—January, 1866—the first forty miles of track on the Union Pacific Railroad were laid west from Omaha Nebraska. Monday, the tenth day of May, Anno Domini 1869, witnessed its completion through to the Pacific Ocean, a distance from Omaha, the starting point, of one thousand eight hundred and forty-five miles, and of over three thousand miles from the Atlantic ports of Philadelphia, New York and Boston. Such a rapid construction of the means of communication between points so distant has never before been accomplished, and it is only another proof of the energy of the American people, and the exhaustless resources which a beneficent Providence has placed at their command. When the grand project was first conceived, there were doubts of its success.

Deserts, rocks, rivers, mountains, and the opposition of the wild and savage Indians, have all been overcome, and from this date, the Iron High way between the Atlantic and Pacific waters is open to the nations of the New and the Old World. China and Japan, and all of Eastern Asia, will be brought almost to our own doors, while our magnificent Western realm, embracing California, Oregon, Nevada, Colorado, Wyoming, Idaho, Utah, Montana, Washington and Dakota will, in the fresh stimulus given them by this outlet, develop more rapidly their natural wealth in the precious metals of their mountains, and the cereals of their uplands, valleys and prairies.

RIGHTLY SERVED.—The potato speculators of the West are reported to be suffering from their attempts to obtain extravagant prices by holding back their crops. The Michigan papers assert that the farmers in that State are obliged to sell for 15 cents a bushel potatoes for which last fall they refused \$1.50. At White Pigeon, Michigan, for several weeks 3,000 bushels a day have been shipped East, and it is estimated that over 75,000 bushels still remain unsold in that vicinity. The same condition of affairs is reported to exist in other Western States.

A LARGE LEGACY.—Sir Edward Cunard, owner of the Cunard line of ocean steam packets, who died recently, leaves his heirs \$3,000,000. By will \$1,500,000 goes to his eldest son, Sir Bache Cunard (now aged sixteen years, born in New York, as were all his children); \$700,000 each to his second and third sons; and \$100,000 each, and the accumulation thereof, to his four daughters, all of the young.

LOCAL MATTERS.

The best assortment of Paints & Co., at the Coraer Drug Store.

J. Howard Wert has been elected County Superintendent of Adams county.

Wm. B. Mullin, Esq., proprietor of the Mount Holly Paper Mills, near Carlisle, Pa., died suddenly on Saturday morning last.

SELLING CHEAP.—Miss N. C. Rosser, of this place, is now selling her stock of Millinery goods at and below cost.

John Lambert and James W. Liggett are the trustees elect for the Leistersburg schools for the ensuing year.

Will that person who has my bunch of keys please return them to me before I ask for them. ALEX. LEEDS.*

Still a few more left of Hats, Caps, Boots, Shoes, Notions, Watches, Clocks and Jewelry at E. & J. Elden's.

A CALL.—Rev. M. C. Horine, Pastor of the Lutheran congregation of Smithburg, Md., has received a call to the First Lutheran Church in Dayton, Ohio.

A. F. Schaffert, selected by the Republican County Committee to attend the Republican State Convention, has been instructed to support Gov. Geary for re-nomination.

A kind mother wishing to get a picture of her child will not spunk it to get a color up, but will stop in at Alex. Leeds and buy it something that will keep it in smiles for a month.

BORING POSTS.—During three days last week four hundred and fifty five locust posts were bored near this place with one of Null's Post Boring Machines.

ACCIDENT.—Peter Dook, of this place, on Wednesday last had his hand caught and partially crushed in the side gearing of one of Geiser's Separators. The injury is a painful but not a dangerous one.

CALL.—Apart from subscription accounts we find many on our books for job work and advertising, ranging from \$3.50 upwards.—Patrons will much oblige us by calling and settling these accounts.

A German couple, between forty and fifty years of age, lately went to a Wisconsin Court, mutually praying for a divorce. It was a question of saleratus or no saleratus in flap-jacks.

At Cumberland on Friday last Mrs. Rowland, of Hagerstown, who was tried before the Circuit Court of Allegany county for the murder of her husband, was acquitted.

Carroll (colored) has also been acquitted.

The Chambersburg Woolen Mill, Grist Mill, &c., last week was sold to an association of individuals for about \$70,000, which sum is to be increased to \$100,000 and operations re-commenced.

SNOWS.—According to the record kept by Mr. James Richardson, of this place, we had during last winter (Spring included) twenty-nine snows. Mr. R. says little "squalls" which did not fairly cover the ground were not counted.

For the past week the weather has been delightful, and the effect has been to materially advance the growth of vegetation in general. The wheat fields especially present a most promising appearance. The crop is represented as fully two weeks in advance of former seasons in the past several years.

CLEAN UP.—The customary Spring cleaning up of Main Street has so far been neglected this season. One hour in the morning with scrapers, brooms and shovels, would suffice for the work. Weather permitting, let it be done this (Friday) morning. This will give our town a cleanly appearance and add to the comfort of all concerned.

Books have been opened for stock subscriptions for a turnpike on the Marsh road from the Pennsylvania line to the toll-gate on the Leistersburg turnpike, near Hagerstown. The citizens between this place and Quince should emulate their more enterprising neighbors across the line, and open books for a turnpike. Shall we have a meeting?

APPOINTED.—Mr. A. G. Nevin has been appointed Post Master for this place. He held the office under Mr. Lincoln, and as far as we know discharged its duties acceptably to our citizens, but was removed by the Johnson administration.

Mr. J. R. Welsh, the retiring Post Master, has proved an efficient officer, and we believe has rendered very general satisfaction.

PREPARING.—Our Hotel keepers are making ample preparations for the accommodation of strangers who may attend the Nursery Meeting to-morrow. Should the weather prove favorable the attendance will doubtless be large. The annual meeting of this society usually attracts many strangers from a distance.

SERIOUS ACCIDENT.—We regret to learn from a private letter that Mr. Daniel Newcomer Son, formerly of this vicinity, on the first inst., met with a serious accident near Polo, Ill. It appears Mr. Newcomer, in company with his son-in-law, Mr. John Brandt, were on their way to preaching, and within a couple of miles of Polo, when they suddenly came in contact with a runaway team, the tongue of the wagon striking Mr. Brandt's horse and throwing the animal upon the buggy. Both were thrown out of the buggy and Mr. N. seriously injured by receiving a heavy blow on his right side. Medical aid was procured in the person of Dr. Wolf, under whose treatment at last accounts he was slowly improving and hopes of his final recovery were indulged. Mr. Brandt's horse was so lacerated that he survived but about half an hour.

THE FASTEST HORSE IN THE WORLD.—A mile in 2:17.—Every effort is being made to have Bonner's great Horse, Dexter, at the Hagerstown Horse Show, which takes place the 26th, 27th, and 28th of this month; of course every body that can get there will go to see him. An easy way to pay the expense of the trip is to stop in at Updegraff's Hat and Glove Factory, opposite the Washington House, and supply yourself and children with hats at half price, your Wives and your Daughters with Sun Downs, Parasols, and Sun Umbrellas, Mitts and Kid Gloves, and especially a pair of their own make of Ladies' Dog Skin Gloves, almost as neat as kid gloves and wear five times as long.

I. O. G. T.—The following officers of Franklin Lodge, No. 152, I. O. G. T., were installed on the 8th inst., by Lodge Deputy A. H. Row, for the quarter commencing May 7th: W. C. T. C. C. Rhoyal; W. V. T. Mrs. Adda Brackbill; W. S. Daniel Gilbert; W. A. S. Clinton Hennessee; W. F. S. J. W. Sandoe; W. T. Franklin Bender; W. C. Thos. West; W. M. Absolum French; W. D. M. Miss Lizzie French; W. R. H. S. Miss M. C. Rosser; W. L. H. S. Miss Sarah Grove; W. I. G. Miss Samantha F. Adams; W. O. G. John Harbaugh; J. G. Grumbine was then elected Lodge Deputy.

RINGGOLD, MD.—On a visit to this thriving village the other day we dropped in to see our friends and patrons, Messrs. Hiteshew & Gebr. Merchants. These gentlemen are experienced and obliging business men and have on hand a well-assorted stock of goods. They merit a liberal share of public patronage.

We also spent some time with Mr. Wm Stewart, and was surprised to find him in possession of such a large stock of Shoes for Ladies, Misses and Boys. Mr. S. is a practical workman of many years experience, and enjoys that which he certainly merits, a liberal share of patronage.

CEMETERY ASSOCIATION.—The meeting announced for last Monday evening was not held for certain reasons. The next meeting we are authorized to announce will be held in the Town Hall on next Tuesday evening at 7 o'clock, the Hall having been positively engaged for said meeting. All persons interested in the laying out of a Cemetery are invited to attend.

MONEY STOLEN.—The house of Josiah King, at Plain Hill, one and a half miles from this place, was entered on Wednesday a week in the absence of the family, and robbed of \$15 in money, the hard earnings of Mrs. King, which she had accumulated by washing, whitewashing, &c., to purchase clothing for her little children. No clue as yet to the perpetrator of the villainous act.

The School Directors of this County met in Chambersburg on the 4th inst. and elected Samuel Gelwick, of Letterkenny township, County Superintendent.

FAHRNEY'S MEDICINE.—We direct special attention to the advertisement of Dr. Jacob Fahrney in to-day's paper. As a blood purifier his preparation has become a standard family medicine. Dr. J. B. Amerson Druggist, is the agent for its sale in this county.

PLANTS.—The best varieties of Sweet-potato and Garden plants can be had of M. U. Dentrich, on the Leistersburg pike, near the Antietam Junction.

An act passed by the last Legislature abolishes Spring elections for Borough and Township officers in this county. These officers will hereafter be elected on the second Tuesday of October.

Sleighing in Bethel, Me., is still good. There has been five months and sixteen days' sleighing, and the winter is not over yet.

A SAD, TRUE STORY.—An incident of the sad side of life occurred in connection with the small pox hospital a week or two ago. A young lady of German parentage was taken there to remain under treatment for the small pox, just at the time she was to have been married to an estimable young man, connected with one of our most flourishing business houses. Day after day he came to the Cincinnati Hospital, on Twelfth street, to hear from his affianced bride. The time for the wedding passed by, and the news came to him that she was worse, and must die. With the characteristic devotion of a woman, she sent him word not to visit her or to be at her funeral. She also made the request that she should be buried in her bridal dress. So, about the middle of last week, in the white vestments with which she was to have been arrayed in at the marriage altar, she became the bride of death. In the hearing of tender, though strange, voices she had passed away. The hands of strangers clad her in the bridal garments and laid her in the coffin. The eyes of strangers dropped tears as they closed the coffin lid over her, and thought of what she was, and what she hoped to be, and of the one heart left sad by her departure. Friends, but not old ones, saw her deposited in the earth, and marked the spot, that those who knew her well might find her resting place.—Cincinnati Gazette.

A. M. 1864, S. 2.—In the above year Seward & Bentley, Druggists, of Buffalo, N. Y., having observed the great demand for a good medicinal Bitter, and being satisfied that most, if not all the Bitters sold were not such as could be conscientiously recommended by the Physicians and Druggists, determined to prepare such an article so much needed by the debilitated. Selecting such roots, bark and herbs as were known by the Profession to be really good, and combining them in a proper form using only pure Rye Whisky for what spirits required, made the Bitters now celebrated as the Constitution Bitters. They are now being sold in all parts of the country, and are deserving the success they have every where attained. Seward's Cough Cure, heals incipient Consumption.
