It is reported that hundreds of negroes are leaving Virginia for the South-not the North. They find labor scarce in the Old Dominion, and actually go South in search of work! They are neither lazy nor anxious to crowd their Northern friends! What has become of the prediction that we should be overrun with "lozy niggers" as the result of emancipation?

At Carlisle, a jury was empanelled on Monday for the trial of Dr. Paul Schoeppe, a physician of that town, who is charged with the poisoning of Miss Steinecke, of Baltimore. On account of the mystery which surrounds the death of that lady, and the circumstantial evidence which has already been adduced to connect Dr. Schoeppe with it, the trial will be one of the most interesting of any that has taken place for some

One Michael Humes has commenced a singular suit in the Circuit Court at St. Louis. It is against his guardian, a man named James-Graham. He alleges that he was placed under Graham's care when he was only eight years of age, and-instead-of-beingsent to school was made to work on a farm. He continued this work for ten years, or from 1855 to 1865, when he left. He is now, he says, unable to cither read or write, | if the alderman or magistrate shall, in lieu of and he asks two thousand dollars for the deciding the cause, bind over or commit the work he performed during the ten years, and two thousand dollars damages for the alleged neglect in not sending him to school.

It isn't kind of him; it isn't do ing as he would be done by; a really considerate man in his condition would find a sweet relief in soliloquy, or save himself from bursting in the back garden.

THE SOUTH .- As an inducement to emigration from the North to the Southern States, it is announced that land in that region, adapted to the cultivation of the grains, vegetables and fruits of the temperate zone, may be purchased on reasonable terms. and that with part cash, long credits for the remaining instalments will be given. Farms already cleared and drained, are, it is stated. now offered from one quarter to one-twentieth of what they brought befere the war. It has been suggested that the money required merely to convey a family to the Northwest or Pacific would purchase a farm of 300 or 400 acres in Virginia.

Fresh battles have taken place between the Cuban revolutionists, aided by filibuster volunteers, and the Spanish regulars. One of these engagements is described as of considerable severity and attended with much loss to the patriot forces. Gibara, on the northern coast of the island, Cienfuegos and Trinidad are in commotion, and have been made the scenes of conflict. Appalling atrocities are committed on both sides, and it is said that a number of "free lances" ride round the country robbing and murdering inoffensive persone. Cuba is an uneafe neighbor in such a condition.

AFFAIRS IN GEORGIA.—On the 5th inst. Ellia Lyons a Republican, received an appointment from the Treasury department as an assistant assessor for division No. 5, of the Third collection district of the State of Georgia, through the recommendation of Edwin Belcher, the assessor of said district, Mr. Lyons, although inheriting a tinge of negro blood, was a member of the Georgia Legislature, but was allowed to retain his seat from the fact that he was several shades lighter than his expelled fellow-members. Since his appointment as assistant assessor, however, the cry of "negro rule" has been raised, and Mr. Lyons finds himself forced to decline the office tendered for the reasons set forth in his letter of resignation, of which the following is a copy:

Augusta, Ga., May 14, 1869.—Edwin Belcher, Esq., Assessor, &c. - SIR: I here with tender you my thanks for the appointment of assistant, assessor, but in Division No. 5, embracing the counties of Warren, Jefferson and Glasscock, to which you have assigned me, I find, upon diligent inquiry, that I would not be able to obtain board with a respectable, family, nor have an office in Warrenton, the county seat of Warren. The day with Secretary Rawlins, in regard to the recent murder of Hon. Joseph Adkins, a Republican Senator of Warren, by the Kuklux; the killing of Dr. Darden by a mob; the shooting and subsequent exile of Mr. Norris, the Republican sheriff of said county, and the for trial, martial law would be declared, and threats made against Republicans in general. make it unsafe for me to venture there. As I have taken an active part in politics, my life would not be safe in said counties twenty-four ours. Notwithstanding the relustance with which I decline a position that would afford me a living, I am compelled, under the circumstances, to offer you my resignation.

> CRUELTY TO ANIMALS.—Every county has its brutes in the shape of men, who are totally unfitted to take care of horses, cows, or other animals, frequently, as almost any one can testify, throwing stones at or beating them with clubs, whips, &c., when gentle means would answer every purposo. The following act, passed by the last legislature and signed by the Governor, meets such casses, and a few examples would probably do much towards lessening or abating the The first section provides that any per-
