Improved Thrashing Machine!

Daniel Geiser, B. E. Price.

J. F. Oiler, Josiah Fahrney.

Farmers will please look at the great advantage in Thrashing Grain with

GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.

With the latest Improved Triple Geared Horse Power, driven either by Gear or Belt

No. 1 is a eight-horse power, with cast iron thresher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty three inches long. Trunk has ten-inch rake crank and seven rakes is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it in the chaff, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; in intended to apply to any common level or railway power, weighs 1,300 pounds; has an iron thresher frame, and cylinder, 12 1/2 inches in diameter and 48 inches long; delivers the clean grain in bags, or if desired, in a half bushel. It delivers the straw fifteen feet from the feeder, or if desired, can deliver it fifteen to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place.

Now here is what the Farmer and thrasherman wants, a Separator to go from farm to farm, to thrash grain, with more satisfaction than any other separator now in use. This separator has a self regulating Blast, which prevents grain from blowing into the chaff, and also has a self regulating feeder to feed the cleaner and it has rollers and combs in the cleaner which prevents it from chafing.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, we must come to the conclusion that it is the very Machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, for which we hope they will give us an opportunity, as we are willing to be responsible if it does not perform as represented in this Circular.

A reduction of 2 per cent on all orders handed in on or before the first of April, 1868.

Shop Prices of Machines range from \$215, to \$540.

We warrant the machines to be as above represented; also against any reasonable defects of material workmanship, &c.

DR. P. FAHNEY'S PAN-A-CE-A

BLOOD SEARCHER OR

"Dr. P. Fahney's celebrated Blood Searcher or Panacea" is a medicine that we can recommend to those who are afflicted, having used it in our own family and furnished our friends with the article; we can, therefore, from personal experience say that it is a medicine possessing rare medicinal properties. Being a mild purgative, it is well kept in the family where there are children or those subject to colds or other diseases. It is compounded from medicinal roots, leaves, bark, seeds and berries, which are all entirely free from poison.

We are personally acquainted with the proprietor who was our family Physician for several years, and we were at one time raised from a bed of affliction under his judicious treatment.—Christian Family Companion.

"FAHNEY'S BLOOD SEARCHER"—From our personal acquaintance with Dr. P. Fahney, and from the reputation of the above named medicine in the community where he lives, we can cheerfully recommend it to a fair trial to all who may need a remedy for the physical maladies of mortality, until the great PANACEA for all diseases shall be found in the leaves of the tree of life.—Eclectic Medicines.

Sold by F. J. Courthorn, Waynesboro', Hiresch & Gehr, Ringgold; Wm. B. Raby, Quincy; E. J. Small, Mont Alto; L. J. Bell, Smithburg, Md., and Druggists generally.
