

VILLAGE RECORD.

WAYNESBORO.

Friday, October 29, 1869.

Gov. Goary's majority, official, over Packer, at the late election in this State, is 4596.

The majority for Williams for Supreme Judge is 8791.

In Washington, the other day, Judge Fisher sentenced a colored lad to thirty years imprisonment, for violating the person of a small colored girl.

Vice President Colfax made a speech to the "Saints" and sinners of Utah, recently and told them plainly that the system was unwise and illegal, and ought to be abolished.

A nephew of ex-President Pierce, now of Princeton College, will inherit the bulk of his deceased uncle's property, which is valued by some newspapers at one million of dollars.

There are great numbers of people out of employment in New York. A business house which advertised for a porter last week had two hundred and forty eight applicants by eleven o'clock in the forenoon.

Ohio.—The official returns in Ohio, make the majority for Gen. Rutherford B. Hayes (Rep.) for Governor 8,078. The Republicans have a majority of one in the Senate and three in the House.

The Somerset Herald and Whig says that Scull, has a majority of 17 for State Senator over Findlay, Dem., in the 20th District. The District is composed of Fulton, Bedford and Somerset.

The Republican State Committee of Iowa say that the next Legislature of that State will stand as follows: Senate—Republicans, 42; Democrats, 8. House—Republicans, 85; Democrats, 15. Republican majority on joint ballot, 104.

It appears that the South is not yet quite reconstructed. A Methodist camp meeting was recently held at Atlanta, Georgia, which Bishop Simpson attended. While there the Bishop was invited to preach in one of the Presbyterian churches, but he was subsequently informed that he could not occupy the pulpit, on account of his position in the North during the war.

Ex-Secretary Stanton is named as the person likely to be appointed to fill the vacant Judgeship of the Supreme Court. It is said that while he is making no efforts in this direction himself, a strong movement is being organized in his favor by members of the bar in various sections of the country.

The contest for United States Senator in the Tennessee Legislature resulted in the defeat of Andrew Johnson and the election of Hon. Henry Cooper. His successful competitor is a brother of Edmund Cooper, who was at one time Mr. Johnson's Private Secretary, and is now a member of the State Senate. His election and Johnson's defeat occasioned much surprise.

Vermont has ratified the Fifteenth Amendment. The vote was taken by yeas and nays in each House, and was unanimous in the Senate. In the House there were twelve yeas against it, but Colonel Dickey, of Bradford, the acknowledged leader of the Democracy, and their candidate for Speaker, voted yes, as did also Mr. Bishop, of Bolton, hitherto staunch and faithful in the ranks of the old line Democrats.

STATISTICS OF METHODISM.—The first Conference of the Methodist Episcopal Church, was held at Philadelphia, in June, 1773, ten ministers only being present, one of whom was Francis Asbury, a well known Bishop of the church. The membership was 1,160.—In 1813, forty years later, there were several conferences, 678 ministers, with a membership of 214,000. In 1868, there were nearly 100 conferences, 9 venerable bishops, about 20,000 presiding elders, circuit and local preachers, and 1,500,000 members.—The first Methodist sermon was preached over a century ago, to a congregation of five persons.

A GOOD EXHIBIT.—The forthcoming report of United States Treasurer Spink will show that the increase in the revenue collections, and the reduction of Treasury expenses, added together, will present a clear gain for six months of 1869, as compared with the same period for 1868, of fifty-six millions of dollars. This is at the rate of one hundred and twenty millions a year money saved, which is something tangible in the way of retrenchment and reform.

A GOOD IDEA.—The New York Herald thinks that Andy Johnson's defeat as Senator in Tennessee is the last of him. It is sorry that it is so, but thinks that he will probably retire on his laurels to the shades of Greppville, make a new suit of clothes for himself, and then write a book. The Herald thinks he could get twenty thousand dollars for a hook on the ups and downs, ins and outs, the pipe layers and dead ducks, the kitchen cabinets, the lobby and the mysteries and miseries of his administration.

We are reminded of the near approach of Winter by the reports of violent snow storms west of the Alleghanies, in the States of Missouri, Illinois, Kentucky, and Kansas.

Milk is twelve cents a quart in New York, in spite of the recent rains.

VALUABLE FARM FOR SALE.—The administrators of the estate of Abram Barr, dec'd, offer for sale in to-day's paper a valuable farm. See advertisement.

From the effects of late severe frosts the green foliage in this region is fast assuming an autumnal hue, which is a reminder to us to prepare for the sterner realities of bleak winter.

SOLD.—The Clermont property, on the South Mountain, was sold at Sheriff's sale on Tuesday last for the sum of \$7,600. Purchaser, a Mr. Soliday of Washington county, Md.

FOR SALE.—It will be seen by reference to our advertising columns, that the well-known Brewery, belonging to Mr. George Fourtman, of this place, will be offered at public sale on Saturday, December 4th.—Here's a chance for some enterprising man.

WASHINGTON HOTEL.—We will remind our readers that this valuable Hotel property and Store House will be offered at public sale on to-morrow (Saturday) afternoon.—This property is situated on the corner of the Diamond and one of the most valuable business stands in our town.

SALE.—The advertisement of Mr. Samuel Young announcing the sale of his personal property on the 13th of November will be found in this issue. Also that of Mr. D. B. Resh announcing the sale of a valuable small farm on the 20th of November.

IN ARREARS—Samuel P. Fitz is in arrears for subscription at this office to the amount of \$8.—We have times almost without number called upon delinquents to "settle up arrears," without a single response from the parties for whom such notices were more particularly intended, and are consequently compelled to make the matter a personal one, and will continue these notices weekly hereafter.

DENTISTRY.—Dr. A. K. Branisholts has purchased of Dr. T. D. French his instruments, fixtures, &c., and now occupies the same office. The Dr. comes highly recommended professionally. We bespeak for him a liberal patronage.

Dr. French goes to Vicksburg, Mississippi. He has many warm friends who will regret his removal from our midst.

THE AVONDALE FUND.—It is announced (says the Harrisburg Telegraph) that up to the 18th instant but \$84,985 of all the moneys raised by contribution in and out of the State for the relief of the widows and orphans of the unfortunate miners who perished in the Avondale mine, had been received by the Treasurer of the Fund. The total amount collected for this purpose we have seen estimated at over \$200,000. It was not, certainly, under \$150,000; and the fact that so small a portion of it has been forwarded to the Treasurer, several weeks having elapsed since the collections ceased, is remarkable if not suspicious. One can scarcely imagine that money raised for such a purpose would be pilfered or misapplied by persons to whose custody it had been entrusted; and yet it is full time that every dollar of it should have been accounted for and safely deposited in the hands of those who have been appointed to take charge of and administer the fund. The widows and orphans stand in need of the assistance which the generous contributors designed to render, and it should not be delayed. The Treasurer suggests that he has advice of large collections which have not yet reached his hands. All parties having these funds in their custody are solicited to remit the same to him at once. It is the present expectation of the Committee to give \$300 per year to each widow and \$100 per year to each child under 14 and 10 years of age.

ADVICE TO YOUNG LADIES.—A writer truthfully adds: Trust not to uncertain riches, but prepare yourself for every emergency in life. If you look at this subject as we do, when you are old enough to become wives, you will prefer the honest magpie, with not a cent to commence life, to the fashionable loafer, with a capital of ten thousand dollars. When ever we hear it remarked that such and such a lady has married a fortune, we always tremble for her prosperity. Riches left to children by wealthy parents, often become a curse, instead of a blessing.

YOUNG WOMEN! remember this, and instead of expunging out the cut of their coats, look into their habits and their hearts. Mark it! they have any regular occupation and can depend on themselves, see if they have that which leads them to look above a butterfly existence. Talk not of the beautiful white skin and soft delicate hand, the splendid form and fine appearance of young gentlemen.—Let not those foolish considerations occupy your mind.

LADIES FAIR.—The ladies connected with the Lutheran Church, in this place, will open a Fair in the Basement of the new church on Tuesday evening, November 9th. Extensive preparations are being made to make the occasion one of more than ordinary interest. In addition to the usual refreshments and delicacies furnished on such occasions, there will be exhibited, for sale every variety of useful and fancy articles. The proceeds of the Fair are to be applied towards furnishing the church. The public are cordially invited to attend.

FRESH OYSTERS.—Fresh oysters this evening. Families supplied regularly during the season by the gallon, quart, bushel or peck. We intend to make it a special business, so we will furnish oysters at the very lowest rates and of the best quality.

Don't forget, ladies and gents, that we have a Saloon up stairs for your special accommodation.—Don't fail to drop in.

TEACHERS' INSTITUTE.—Teachers, directors, and parents, we wish to inform you that there will be a Teachers' meeting in Chambersburg Court House, in November next, at which place we expect you to join our meeting and take an interest in matters that will benefit your children, in school. We feel a deep interest in their welfare, and know that you do likewise. Farmers have meetings to assist the farmer. Christians have synods and business meetings calculated to promote the cause of Christ, and teachers hold meetings (at their own expense) to promote the cause of education which is a powerful lever in agriculture, religion and morality. We invite you, we ask of you to attend the great gathering of intelligent persons who sacrifice much for your children's intellectual and moral training. We expect to give you a treat by having the best lectures delivered that the State can afford. The meeting will be in session for one week. We know you will come away highly pleased and instructed. Ministers, Sabbath school superintendents and teachers, we want to meet you there. We are all, or should be, engaged, mutually in the work that promotes the welfare of humanity. By exchanging ideas and asking questions, we expect to know how to do our duty better—to know how to get the most education for the same expenditure that we now apply. Children are rapidly passing from boyhood to manhood, and even the unobserving see that children under present arrangements get very little schooling. No matter what your trade is, come to the Institute and help to push the great car of progress.

ZEALOTUS.—Constitutional Bitters can be taken at all times and under all circumstances. No ordinary exposure will prevent their salutary effects, and no bad result can accrue from an overdose. They will effectually cure dizziness, chronic or nervous, liver complaint, jaundice, dyspepsia, chronic diarrhoea, dysentery, of the kidneys, and all diseases arising from a disordered stomach, liver or intestines.

To all who desire it, he will send a copy of the prescription used (free of charge) with the directions for preparing and using the same, which they will find a fine cure for Consumption, Asthma, Bronchitis, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.
