

For sale at W. A. TRITTLE'S new Stove and Tin Store. He has on hand a large stock of the above stoves, all of the late improved kinds.

There is added to the Morning of this year an oven, which is neat in appearance. It is a good Baker. You can heat Irons, Bake, Boil, Roast, Stew, and it does not interfere with the operations as a Parlor Stove.

In regard to the blast of some Stove Dealers, who say that their particular stove takes less coal and gives more heat than the Morning Glory, you can put that kind of talk down as a Blow-well, as the Morning Glory has been sold (in this part of the country) for four years, and in that time I have put out over three hundred of them, and never had to take one back because it would not do its work, or it was not what I sold it for. Now that cannot be said of any other stove ever offered in this market. This is the proof which is the stove.

I have other styles or heating stoves for coal or wood. Heating Furnaces put up and warranted. My Cook Stoves are of the best in market for cooking wood, all warranted good. Also a new Parlor Cook stove, something that can't be excelled.

Call and see me. You will find my stock of Tin Sheet-Iron and other wares of the best kind, and at low rates.

On hand, the best Clothes Wringer in market. Also a good and cheap Washing Machine. Roofing and Spouting done in best stock and at short notice. Job work of all kinds in my line done at low rates. The only place in town where you can get your copper work done, being the only Copper Smith in the place.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER, DAGGER AND POWERS. No implement more important to the farmer than a FIRST-CLASS GRAIN THRESHER AND CLEANER—for none pays him so well and expeditiously.

The above cut shows the ONLY GEISER MACHINE built under the immediate eye of the old inventor himself, with all the additional improvements made during the past 18 years, and now with first class workmen and material this machine justly stands high above all of its class. As a Thresher it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that truly can, by one operation, thrash, clean and clean up for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—thrashing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is so far less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have used them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a ten Horse Lever or steam power, with prices ranging from \$150 to \$350, without power. We also make the latest improved triple-gear Horse Powers suitable for each size machine ranging from \$90 to \$135, and all fully and fairly warranted. For further information and for Catalogue and Price List, send for them to the undersigned. Responsible Agents wanted in territory not introduced. Ayer's Hair Vigor, For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of feeding the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE \$1.00. A. S. BONEBRAKE, Druggist, Agent.
