The above cut shows the ONLY GEISER MA. As a cleaner it is su- and everything pertaining to this business. A perior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thorough ly thresh and clean grain fit for market. But the fact that grain, direct from this machine commands fact that grain direct from this machine commands trem 2 to 3 cents a bushel more than grain direct from 2 to 3 cents a bushel more than grain direct from 2 to 3 cents a bushel more than grain direct from any other machine actiles the greater of it. from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable,—threshing as much and yet cleaning better—with less power and more comfort to hands than Due from Redeeming and Reserve Agents, 21,049 83 any other machine in use—and besides all that is Due from other National Banks, . sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2. Horse Railway or 3 Horse Lever Power, to a ten Horse Lever or steam power, with prices ranging from \$190 to \$360, without power. We also make the latest improved triple-geared Horse Powers suitable for such size packing from \$200 to \$105 and each size machine ranging from \$90 to \$135, and all fully and fairly warranted. Through a long series of years, and among mise. Of the races of man it has seen higher and higher in their estimation, so it like become betterknown.
