GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR,

CLEANER, DAGGER AND POWERS

No implement more important to the farmer than a FIRST-CLASS GRAIN THRESHER AND CLEANER—for some pays him so well and expeditiously.
The above cut shows the ONLY GEISER MACHINE new built under the immediate eye of the old inventor himself, with all the additional improvements made during the past 18 years, and now with first-class workmen and material this machine justly stands high up above all of its class. As a Thresher, it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thoroughly thresh and clean grain. It is for market on the fact that grain cleaned from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple, more easily operated and operated by those unskilled in machinery—more durable,—threshing, as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 3 Horse Railway or 3 Horse Lever Power, to a ten Horse Lever steam power, with prices ranging from \$100 to \$360, without power. We also make the latest improved triple-gear Horse Powers, suitable for each size machine ranging from \$80 to \$135, and all fully and fairly warranted. For further information send for Circular and Price List. Responsible Agents wanted in territory not introduced. Address: THE GEISER MANUFACTURING CO., WAYNESBORO', Franklin Co., Penna.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE \$1.00. A. S. BONEBRAKE, Druggist, Agent.
