No Implement more important to the farmer than n FIRST-CLASS GRAIN THRESHER AND CLEANER—for none pays him so well and speedi

The above cut shows the ONLY GEISER MA-CHINE now built under the immediate eye of the old inventor himself, with all the additional improve-tients made during the past 18 years, and now with first class workmen and material this machine justly stands high up above all of its class. As a Thresher it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thorough the thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competi-tion withother leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery-more durable, threshing as much and yet cleaning better with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a ten Horse Lever or steam power, with prices ranging from \$190 to \$360, without power. We also make the latest improved triple-geared Horse Powers suitable for each size machine ranging from \$90 to \$135, and all fully and fairly warranted. For further intor-mation send for Circular and Price List. Responsible Agents wanted in territory not intro duced. Address

GROVER & BAKER FIRST PREMIUM

ELASTIC STITCH

FAMILY

SEWING MACHINES.

495 Broadway, New York.

730 Chestnut street, Philadelphia.

POINTS OF EXCELLENCE. Beauty and Elasticity of stitch.

Perfection and simplicity of Machinery. Using both threads directly from the spools. No tastening of seams by band and no waste of

Wide range of application without change of adjustment, The seam retains its beauty and firmness after

washing and froming.

Besides doing all kinds of work done by other Machines, these Machines execute the most beauti-'tul and permanent Embroidery and ornamental

The Highest Premiums at all the fairs and exhibitions of the United States and Europe, have been awarded the Grover & Baker Sewing Machines, and the work done by them, wherever ex-

hibited for competition.
The very highest prize, The Choss of the LEGION OF HONOE, was conferred on the representa-tive of the Grover & Baker Sewing Machines, ut the Exposition Universelle, Paris, 1869, thus attest-

ing their great superiority over all other Sewing Ma-For sale by D. W. ROBISON, Way nesboro'.

NOTICE.

The undersigned having had 17 years' experience as a practical operator on Sewing Ma-chines would recommend the Grover & Baker Fallyily Machine as the cheapest and best machine for family use. The simplicity of construction and elasticity of stitch made by these machines are two very important points in their favor. 250,000 of these machines are to-day bearing witness to the truth of our assertions and the demand is steadily

We have also shuttle machines on hand for Tailors and Coach-trimmers' use. Call and see us. D. W. ROBISON, Main st., Waynesboro, Pa. f 17 tf

For all the purposes of a Laxative Medicine.

cine is so universally required by every-body as a cathartic, nor was ever any before so universally adopted into use, in

diseased action or remove the obstructions which cause it.

For Bysentery or Diarrham, but one mild dose is generally required.

For Bheurmatism, Gout, Gravel, Palepitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Bropsy and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
