GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER, BAGGER AND POWERS

No implement more important to the farmer than a FIRST-CLASS GRAIN THRESHER AND CLEANER—for none pays him so well and speedily.
The above-cut shows the ONLY GEISER MACHINE new built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with first-class workmen and material this machine justly stands high above all of its class. As a Thresher it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that it does all this from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with the leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that it saves the farmer money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a ten Horse. Lever power, with pipes ranging from \$100 to \$350, without power. We also make the latest improved triple-gear Horse Powers suitable for each size—ranging from \$50 to \$125, and all fully and fairly warranted. For further information send for Circular and Price List. Responsible Agents wanted in territory not introduced. Address: THE GEISER MANUFACTURING CO., Waynesboro, Franklin Co., Penna.

THE MORNING GLORY FOR '69.

For sale at W. A. TRITLE'S new Store and Tin Store. He has on hand a large stock of the above stoves, all of the late improved kinds.
There is added to the Morning of this year an oven, which is neat in appearance. It is a good Baker. You can heat Irons, Bake, Boil, Roast, Stew, and it does not interfere with the operations as a Parlor Stove.
In regard to the best of some Store Dealers, who say that their particular stove takes less coal and gives more heat than the Morning Glory, you can put that kind of talk down as a Blow-well, as the Morning Glory has been sold (in this part of the country) for four years, and in that time I have put out over three hundred of them, and never had to take one back because it would not do its work or it was not what I sold it for. Now that cannot be said of any other stove ever offered in this market. This is the proof which is the stove.
I have other styles or heating stoves for coal or wood. Heating Furnaces put up and warranted. My Cook Stoves are of the best in market for coal or wood, all warranted good Bakers. Also a new Parlor Cook Stove, something that can't be exceeded.
Call and see me. You will find my stock of Tin Sheet-Iron and other wares of the best kind, and at low rates.
On hand, the best Clothes Wringer in market.—Also a good and cheap Washing Machine.
Roofing and Spouting done of the best sort and at short notice. Job work of all kinds in my line done at low rates. The only place in town where you can get your copper work done, being the only Copper Smith in the place.

for the truth is mighty and will prevail. We can furnish any number of references in testimony of the superiority of the ORIENTAL over all others having been improved with an OVEN TOP, The Oriental has a larger fire top, a better grate, makes more heat with less coal than the Morning Glory. The Oriental has taken the four first premiums at the State Fairs of New York, and the large Silver Medal at the American Institute.
