can put that kind of talk down as a Blow-well, as COOK STOVES, the Morning Glary has been sold (in this part of the country) for four years, and in that time I have put out over three hundred of them, and never had o take one back because it would not do its work or it was not what I sold it for. Now that cannot be said of any other stove ever offered in this mar cet. That is the proof which is the stove.

I have other styles or heating stoves for coal of wood. Heating Furnaces put up and warranted. My Cook Stoves are of the best-in-market for coal er wood, all warranted good Bakers. Also a new Parlor Cook Stove, something that can't be excell-

GEISER'S PATENT SELF-REGUIATING GRAIN SEPARATOR,

FIRST-CLASS GRAIN THRESHER AND CLEANER—for none pays him so well and speedi-

The above cut shows the ONLY GEISER MA CHINE now built under the immediate eye of the old inventors themselves, with all the additional in provements made during the past 18 years, and now with first class workmen and material this machine justly stands high up above all of its class. As a Thresher it is equal to the best, as a Cleaner it is su-perior to any existing muchine. This is admitted by all honest competitors. Indeed it is the only wachine that really can, by one operation, thorough-ly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a buskel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Importial judges at all the State and County Fuirs where it was thoroughly and practically tested, in competition withorber leading machines, always agree that it is more simple-more easily understood and op-erated by those unskilled in machinery-more durable,—threshing as much and yet cleaning better—with loss power and more comfort to hands than any other machine in use-and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Reilway or 3 Horse Lever Power, to a ten Horse Lever power, with prices ranging from \$190 to \$360, without power. We also make the latest improved triple-geared Horse Powers suitable for each size machine ranging from \$90 to \$135, and all fully and fairly warranted. For further information send for Circular and Price List.
