

VILLAGE RECORD.

WAYNESBORO.

Thursday May 12, 1870.

Dayton, Ohio, has just elected a Mayor weighing 600 lbs.

It is said that forty thousand Mormons attended the fortieth Conference of that church at Salt Lake City last week.

Seven car loads of eggs passed through Toledo one day last week. The shipment contained one million two hundred and sixty thousand eggs.

A pine churn which has been in active use for seventy years is the proudly cherished heirloom of Mr. Vincent, a farmer of Carlisle, Ohio.

At Cumberland, Maryland, on Monday, the municipal election resulted in the choice of a Republican Mayor and a Democratic City Council, one hundred and thirty colored men voting.

In the Senate on Friday, the Pension Committee made an adverse report on Mrs. Lincoln's Pension Bill, which was placed upon the calendar. The principal objection raised against it was her already large income, arising from some \$60,000.

The Anti-Slavery Society of Pennsylvania wound up its affairs and closed its existence on Thursday last. Two meetings were held in the Assembly Buildings, Philadelphia, one in the forenoon, the other in the evening, in commemoration of the various reforms which have been accomplished by it during the past thirty-two years, and with the close of these meetings ended the life and labor of the society.

Fits Hugh Ludlow classes Brigham Young among the wealthiest men in the world. An idea of his great riches may be formed from the fact stated by Ludlow that a single New York house has invested sixty millions in securities on his account, and his possessions in Great Britain enable him to be the third largest depositor in the Bank of England.

The coal operators are already at work preparing the prices for the coming season, fearing that if they leave things alone coal will be too cheap. They are manipulating that great and favored instrument, the bogus strike. One strike is in progress, and it is hoped to extend this through the whole coal region. "If the movement to bring about a suspension in Lehigh and Wyoming fails a decline in the price of coal may be looked for," and we may therefore confidently believe that this movement will not fail if the coal operators can help it.

The elections throughout France on the Governmental changes proposed by the Emperor took place on Sunday, and during the day the arrest of Republicans was actively carried on. Paris voted Republican and gave a majority of nearly 45,000 against the Plébiscite. In the Department the latest reports give large affirmative majorities. All the prominent positions in Paris during the night were occupied by troops, and every preparation made to mow down the people with lead and steel on the first indications of an outbreak.

The annual convocation of the Pennsylvania State Sunday School Convention will be held in Harrisburg on Tuesday, Wednesday and Thursday, June 14th, 15th and 16th, when George H. Stuart is expected to preside. Each Sunday School is requested to send two or more delegates. The names of those expecting to attend should be sent to Rev. Thomas H. Robinson, D. D., chairman, or Jas. M. Sayford, Secretary of the local committee of arrangements in Harrisburg.

Secretaries of county organizations are requested to immediately send their address to the State Secretary, Lewis D. Vail, Esq., 705 Sansom street, Philadelphia, so as to receive printed details. Where there is no organization, the Secretary wishes to correspond with some earnest Sunday school worker, and requests that his or her name be forwarded to him.

GREAT HAIL STORM.—A very disastrous hail storm passed over Philadelphia on Sunday afternoon last. The despatch says for nearly thirty minutes there was a continuous fall of hail stones from the size of a pea to seven inches in circumference. The damage done greatly exceeds that of the great hail storm of September, 1868. The greatest force of the storm was along Broad street, and in the southern section of the city. On the south side of Chesnut street above Eighth hardly a pane of glass is left. On Broad street many churches had their stained glass windows destroyed. The front of the Continental Hotel, as far as windows are considered, is a perfect wreck. The loss may be computed by thousands of dollars.—Reports from the outskirts indicate the almost total destruction of the fruit trees, which were just in blossom. At 9 P. M. the hail still remained in piles in the streets.

Some tobacco chewers take especial delight in equipping tobacco juice over the pavement, much to the detriment of clean clothing and the annoyance of female pedestrians, who run the risk of having valuable dresses ruined by the filthy practice.

Women with big feet (there are none in Waynesboro) are rejoicing over the fact that long dresses are again coming into fashion.

RELIGIOUS MEETING.—The annual or Sacramental meeting will be held in Price's Church, near this place, on Friday the 20th instant.

BUTCHERING—Messrs Hoover & Herten have re-commenced the butchering business. Shop next door to Mullan's Hotel.—See advt.

REMOVED.—The Telegraph office has been removed from the Drug Store of Dr. J. B. Amberson to the Silversmith Shop of A. Leeds, next door to the Town Hall.

NUNNERY MEETING.—The annual meeting of the Snow Hill Society, will be held near this place, on Saturday the 4th day of June.

The growing grain is making rapid strides toward perfection, promising an unusually early harvest. Wheat heads have already made their appearance, in one field, at least, in this vicinity.

NEWSPAPER IMPROVEMENT.—The *Leeds Mercersburg Journal*, despise the "financial pressure," comes to us in a new dress and enlarged form. The *Journal* is a sprightly sheet. We congratulate friend SICK upon its neat and handsome appearance.

WANTED.—A good practiced Bread and Cake Baker and Confectioner wanted immediately. One who understands the business thoroughly and is willing to make himself generally useful, will please apply at the Waynesboro Bakery.

HIRAM HENNEBERGER. ILL.—On Tuesday night Gen. Bendor, Esq., of this place, had a sudden attack of apoplexy, and at this writing, Wednesday morning, doubts of his recovery are entertained. Mr. B's health has been declining for some time.

PACIFIC EXPRESS.—The Penna. R. R. runs a fast train called the Pacific Express which makes no stop between Philadelphia and Harrisburg, and but two stops according to the schedule, between Harrisburg and Pittsburg. This train beats the N. Y. Central R. R. to Chicago by two hours and a half.

WILL THE STREETS BE REPAIRED?—This question we hear frequently asked. We will leave the Town Fathers' make answer. It is in the range of possibilities (not probabilities) that our cross streets will be put in good condition some time during the 19th century.

The Hagerstown Free Press says the authorities of that place are issuing Bonds to the amount of \$10,000, with coupons attached, to pay the "Deobert Judgement." Was "Dav" the only Reb. in the place "gutted out" during the excitement attending the late Slaveholder's Rebellion? Are there not others, there, who covet similar greenback greasings? "My Maryland" should not show partiality in this respect.

MARSH TURNPIKE.—We understand that the President and Directors of the Marsh Turnpike Company have awarded the contract for the construction of the road to Mr. Dillon, his bid being \$2498 per mile, and the lowest. The road is 3 1/2 miles in length, running from the forks on the Leistersburg Turnpike to the Pennsylvania line, and will be a great improvement to that section of the county.—Herald.

Hon. John Morrissy, of New York, proposes resigning his seat in Congress on account of ill health. He has only been in his seat one day this session. Brick Pomeroy will be a candidate for his seat.

Last week a man named Thos. Crose, was instantly killed in a cut on the Cumberland Valley R. R. Extension, near Hagerstown. The embankment gave way.

ELECTIONS.—At the annual election for officers of the Enterprise Building Association, on Thursday evening last, the following persons were elected to serve the ensuing year.

President—Joseph Price. Vice President—Daniel Hoover. Secretary—A. D. Morgenthall. Treasurer—J. W. Miller.

Directors—W. S. Ambetsen, James Baul, J. H. Crebs, Lewis Forney, Benj. F. Funk, Jason Bell. The next evening, Friday, the following individuals were elected officers of the Waynesboro Building Association for one year:

President—H. M. Sibbet. Vice President—J. H. Crebs. Secretary—Jérôme Beaver. Treasurer—J. W. Miller. Directors—T. J. Filbert, Wm. F. Grove, Jacob Reinger, Jacob Stouffer, O. N. Beaver, A. D. Morgenthall.

Report of the latter Association next week. IMPROVEMENTS.—Thus far this season there have been an unusual amount of building and repairing done in our town. We notice that Mr. J. Wolfersberger is remodeling and repairing his dwelling house (formerly Fisher's) on Main street. When completed it promises a neat and attractive appearance.

At the West end of Main street Mr. Geo. Foreman has added some very important improvements to his dwelling—painting, lattice-work, blinds, etc. It looks inviting as a private residence, but other improvements which are to be added to the grounds, will make it more so.

Mr. Geo. Middour, one of our neighbors, has added a fine back building to his dwelling, and is remodeling the front, as is also Mr. Martin Geiser who joins buildings with him. Other citizens are similarly engaged, and a number of new houses are in course of erection.

At the Brow House cellar digging goes "bravely on."

A copy of the *South Pass News*, dated April 23, published at South Pass City, Wyoming Territory, is before us, in which we find the following reference to our friend, Maj. D. S. Gordon:

Major Gordon, with his command, arrived here a few days ago. The Major manifests a disposition to do all in his power for the protection of our citizens against the raids of the savages. This is something which the people of Sweetwater appreciate, and prospecting and mining will no doubt soon be extended into exposed localities where white men have never dared to stay long enough to develop what is known to be a rich country. A little of the Sheridan Baker policy is what the hostile Indians of Wyoming need, and Major Gordon is the man to give it to them.

In the absence of railroad facilities citizens should encourage all efforts put forth to secure good roads. Turnpikes enhance the business interests of both countrymen and townsmen, the stock making a handsome return indirectly if not directly. To clutch the "greenbacks" over tightly when such opportunities are afforded, is playing "peny-wise and pound-foolish."

THINK.—Do some of the patrons of the *Leeds* ever think how the editor manages to live through half a dozen or more years, from time to time laying in supplies of paper, ink, &c. &c., besides the time occupied and expense incurred in sending accounts to them as many times as they are years in arrears for subscription. We fear many of them are past thinking on such subjects.

Evenings of late our streets have been thronged with pretty lasses, many neatly attired, but others adhering to the pavement sweeping dresses. We think it time this style, about which, in our eye, there is neither grace nor beauty, should be abandoned. In a neat gaiter boot and well turned ankle there is some attraction. Find an old "batch," we care not how contrary or ill-grained he may be, and he will agree with us in this particular.

HARD CHECK.—We overheard a conversation the other day. About a half dozen composed the group. The subject was two men, and the contention which of them possessed the hardest check. A decision was finally arrived at, only one of the party dissenting. The individual thus "elected" was no doubt well cased, but we have several delinquents in our mind's eye, either of whom can top his "brass," considerably.

The best of Bread and Risk can now be had on Tuesdays and Fridays until further notice. Ladies' Ice Cream Saloon in full blast. Give me a call for you know I spare neither time or material to give you all satisfaction. Come one, come all. H. HENNEBERGER.

Gov. Geary has refused to sign the bill granting a pension to Mrs. Elizabeth F. Rice, widow of Parry A. Rice, Esq., late of Mercersburg, dead, on the grounds that it would establish a dangerous precedent. He has also refused to sign the bill increasing the salaries of the Associate Judges of Franklin county.

Rev. Mr. Everett, Pastor of the Lutheran Congregation at Gettysburg, says the *Spirit*, has been called to the Lutheran church of Greencastle. We learn that he has signified his acceptance. The salary is \$1000.

C. N. Beaver will receive a new supply of Men's & Boy's hats on next Saturday, you will do well by giving him a call.

THE NEW RAILROAD.—Considerable excitement has been raised in Dickinson, Pennsylvania townships, in regard to the proposed railroad along the northern slope of the South Mountain.

A meeting was held at Eyster's tavern on Friday last, of the citizens of Pennsylvania township. Twelve thousand dollars were subscribed at once, and a committee, appointed to solicit further subscriptions, reported eight thousand dollars additional on Saturday.

At a meeting of the citizens of Newton township, held at Jacksbrills, on Saturday, seven or eight thousand dollars were subscribed, and committees were appointed to canvass the township.

The people of South Middleton, Dickinson and Southampton will doubtless do something towards the road. The Messrs. Ahl, having recently purchased the Big Pond Furnace property; and Richmond L. Jones, Esq., representing a number of Reading capitalists, are largely interested in the proposed road, and will doubtless contribute handsomely towards "the sinews of war."

Some years ago a subscription was started for a road from Waynesboro, near the Maryland line, to Scotland, on the Cumberland Valley Railroad. Why not unite the two projects, and let the new road be a continuous line from the Susquehanna to the Potomac?—*Carlisle Volunteer*.

The last thing out and the best thing out. Is the flying Balloon with the "bottom out." Go see "the bottom out," a grand Balloon is soaring through the sky, in the midst of its grand, majestic and heavenward flight out comes the bottom, down comes specie, dry goods, groceries, and a hundred other things, and last but not least comes Hats down, down, down, until they reach the lowest depth. This picture is on exhibition free of charge and may be seen at any hour from 6 A. M. to 9 P. M. in Updegraff's Hat window opposite Washington House, Hagerstown, don't fail to gaze on it. Then go inside and take a peep at the 15 and 25 cent boys legorns. Boys wool hats at 50 cents, Mens straw that will last all summer at 20 cents and see other hats in proportion and you will find that what we have been telling you in these columns for the past month about Updegraff the Hatter—is true and a little more so as regards cheap hats.

FIRES IN THE MOUNTAIN.—Two large fires raged in the South Mountain on Sunday and Monday, one in this county, on the right of the turnpike, sweeping from Newmann's in a northwest course for miles back, and the other in Franklin county, starting south of Fayetteville, and running to the top of the mountain. Notwithstanding a general turn out of the people to "fight" these fires, the destruction of timber was very great. Some fencing was also burnt for Ephraim D. Newman and William Sheppard, we are told.—*Gettysburg Compiler*.

Our readers will confer a favor by refusing to loan their papers to persons of means who are not subscribers.

THE FIVE GREAT STATES.—If the House basis of 275 members of Congress should be adopted for the next ten years, Ohio will have 21 members, Indiana 12 and Illinois 19; total for the three States, 52 members. This is nearly one fifth of all the House.—It is nearly equal to the number of members of the imperial States of New York and Pennsylvania, which will have 53 members between them. The five States lying side by side will cast 110 votes in the next House, or within 28 votes of a majority of the whole Union. There are thirty-eight States in the Union; but practically the political power in the legislature of Congress and in the election of President and Vice President, is in the five States we have mentioned—New York, Pennsylvania, Ohio, Indiana and Illinois. United with the smaller States they will carry, they will be irresistible. It is probably safe to say that after 1880 a majority of all the people in this country will reside within their borders. They are the seat of American empire. Look at their present majestic populations:

New York, 4,700,000. Pennsylvania, 3,600,000. Ohio, 3,100,000. Illinois, 1,700,000. Indiana, 1,700,000. Total, 14,700,000.

Here is a population within a million and a half of the whole population of the Union in 1840, thirty years ago.
