"THE NEGRO WON'T WORK."-The "nero won't work," even when he is paid for his work, has been the cry of the enemies of the race since the abolition of Blavery. He is too indolent and too improvident, and will merely work when he cannot obtain oveters. crabs, terrapins or ducks, to subsist upon, has been the cry of certain parties in the South, re-echoed by the blind bigots of the North. The millions of money they are depositing in the saving banks, their steady accumulation of property, their proverbial sobriety, and their freedom from the vices of higher civilization, have gone for nothing with their denunciators. We now have, however, in the accredited and reliable commercial reports of the cotton trade for the past year, a proof that the growing prosperity of the South is market. due almost entirely to the industry of the negro. The New York Commercial and Financial Chronical of Saturday last, says:

than twenty-one thousand emigrants left that port for the United States during the month "By special telegrams received by us to night from the Southern ports we are in pos--President Grant on Monday received at session of the returns showing the receipts, inst. His disease was consumption. the White House the visiting Indian Chiefs this evening, June 3d. From the figures now in Washington. All the members of thus obtained it appears that the total rethe Cabinet and their families were present, ceipts for the seven days have reached 22, 441 bales (against 30,737 bales last week, -On Saturday seven ships, loaded with 44,055 bales the previous week, and 38,286 refined and crude petroleum, cleared a Phil- bales three weeks since), making the aggreadelphia for Europe, carrying 1,168,000 gate since September 1st, 1869, up to this date, 2,772,432 bales, against 2,046,851 bales | when it arrives. for the same period in 1868-9, being an in--The Reconstruction Committee of Con. crease this season over last season of 724,581

The Chronicle estimates the whole erop for the year at 3,237,000 bales. The whole erop of the preceding year was 2,200,000 bales, making the increase of the year over 1,000,006 bales. The value of the crop for Mad dogs are said to be getting quite the year now approaching its close has been numerous almost everywhere. Persons would nearly \$300,000,000, and the profits to the planter are admitted to have been heavier eases of hydrophobia are reported in Harris- than they ever were during the existence of Slavery.
