The discussion at Salt Lake between Rev. Dr. Newman, of Washington, and Elder Oron Pratt, of the Mormon Church, on the important question, "Does the Bible sanction Polygamy," was opened on the 12th inst. It is worthy of record says a published account, that although the articles of agreement forbid it, Dr. Newman was applauded, and this, too, in the great tabernacle of the Mormons, by an audience nine-tenths of which were professed polygamists.

The latest news from the seat of war is conclusive as to the fact that the series of great battles around Metz have almost entirely annihilated the French army, and driven that portion of it under the command of Marshal Bazaine, broken and defeated, within the walls of the fortifications at that point.

Why do so many persons go to Dr. Braisholtz for teeth? Because during the past year he has inserted teeth that have proven satisfactory and are surpassed by none.

READING SUITED TO THE SEASON AND THE TIMES.—A single glance at the Phenological Journal and Packard's Monthly for September, will convince any one of the truth of this condensed criticism. The magazine should be read in every family in the land; for it is thoroughly American, highly entertaining, solidly instructive and purely moral in tone. We commend especially the articles on John Sartain, the American engraver; Objections to Phylology considered; Men as Lovers; Gen. Joseph E. Johnston; Western Emigration; Scripture Names; Is there room enough in the World? etc. Terms, \$3 a year, single Nos. 30 cents.

DISTRESSING ACCIDENT.—Mr. Wm. Gonder, of Pikesville, met with an accident on the farm of Mr. John Rogers, on Friday last, by which he lost one of his arms. It seems a thrashing machine was in operation at that place, and Mr. G. happening there took the place of the person who was feeding the machine to show his mode of doing the work. The rakes becoming choked he got up on the shoot board to relieve them, which broke throwing one arm into the machine. In this situation he remained for several minutes until the machinery was unscrewed. His arm was so shockingly mangled that amputation of the limb near the shoulder was found necessary. We learn he was doing as well at last accounts as could be expected under the circumstances.

FATAL ACCIDENT.—On Thursday evening last, a son of Mr. Duffield, aged about fourteen years, residing near Upton, met with an accident that terminated his life. It appears he was riding along the road on a horse, when from some cause the horse took fright and threw the boy to the ground, and the supposition is, that after he reached the ground, the horse kicked him upon the head, as his skull was horribly fractured, and the brain protruded. He lived only about half an hour after he was discovered, being of course, unconscious, during that time.—Opinion.

The lad referred to above was named Higgins, and therefore not a son of James W. Duffield. He had been living with Mr. D.

A RUN OFF.—On Thursday evening last Mr. Benj. C. Stouffer, who resides about two miles South-east of this place was driving to town with his wife in the buggy. On the turnpike, near Franz's lane, his horse caught the line with his tail and ran off throwing Mr. and Mrs. S. out and completely wrecking the buggy. The horse ran to town with the broken shafts and was captured in the Bowden House yard. Mr. and Mrs. S. fortunately escaped with but slight injuries.

A RELIC OF BOOTH.—Dr. John Peddicord, of Waynesboro, showed us the other day, a lock of hair taken from the head of John Wilkes Booth, the assassin of President Lincoln. Dr. Peddicord was in the naval service and stood guard over Booth's dead body while it lay on board of a monitor in the Potomac river, and while alone with the corpse, at a dead hour of the night, succeeded in getting this relic of the great assassin.—Greencastle Echo.

Bismarck is too shrewd to push a victory so far as to irritate the other nations of Europe. If he wins he may demand of France the surrender of territory properly German which she now holds on the left bank of the Rhine, and he may exact a heavy indemnity, but beyond this he is not likely to go.

FAHRNEY'S CELEBRATED

BLOOD CLEANSER OR PANACEA PREPARED AND SOLD BY P. Fahrney & Co. CHICAGO AND

DR. P. FAHRNEY'S BROS. & CO., WAYNESBORO, PA. The above will at once strike the eye as the Trade Mark of the genuine "DR. FAHRNEY'S BLOOD CLEANSER OR PANACEA," of which Dr. P. FAHRNEY, of CHICAGO, Ill., is the sole proprietor. The great demand from the Middle and Southern States for this medicine, made it necessary to open another Laboratory at Waynesboro, Pa., which is conducted by Dr. P. FAHRNEY'S BROS. & Co. Since then the "Blood Cleanser" has been generally misapprehended by other parties, and what makes it still more painful is the fact that the name of our deceased relative (the late Dr. D. Fahrney) is prostituted for the purpose of carrying out those diabolical schemes, when it is well known to very many that he was consigned to an untimely grave several years ago; at a time, too, when his successors were not able to take his place in the profession, hence his name is used to give evil influence. One year after his death, the following notice was circulated against the "Blood Cleanser" and "Blood Purifier":

"NOTICE.—We wish to inform the public that the 'Preparations' now being out and extensively advertised in many newspapers, etc., purporting to be old Dr. Fahrney's Blood Purifications, &c., are none of his, and are not countenanced by our firm at all. We neither advertise or put out any of our preparations." Dec. 10, 1868.

The above is what Dr. Fahrney is made to say one year after his death, and in another circular just published, and in some newspapers, he is again made to say (two years after his death) something about these preparations. This undoubtedly has reference to FAHRNEY'S BLOOD PURIFIER, prepared by Dr. J. FAHRNEY, Philadelphia, and FAHRNEY'S BLOOD CLEANSER, or PANACEA, prepared by Dr. P. FAHRNEY, Chicago, Ill., and also by his brothers at Waynesboro, Pa. In order to protect ourselves and the public against such misrepresentations, it becomes necessary to say that old Dr. Fahrney left his practice to two of his sons. The oldest, Dr. Jacob Fahrney, located near Waynesboro, Pa., where he practiced his profession until within eight days before his death, which was brought about by much business. His practice there, of course, was then left to his sons, and the "Blood Preparation" was put up in liquid form by Dr. J. Fahrney, Jr., eighteen years ago, and was brought to its present high degree of perfection by his brother, Dr. P. Fahrney, of Chicago. These two are now the oldest physicians in the Fahrney family, and are willing to be qualified before any Notary Public that the preparations are genuine. It must, indeed, be humiliating for those who are mere babes in the profession, after making such efforts to injure our business, to come out and imitate the same, when they are not able to hold the lucrative practice left them by the late Dr. D. Fahrney. aug 18-1f

The Kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the Anterior, the Interior, and the Exterior. The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the Upper, the Lower, the Nervous, and the Muscular. The upper expels; the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain. This frequently occurs in children.

To cure these affections, we must bring into action the muscles, which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to effect the bodily health and mental powers, as our flesh and blood are supported from these sources.

GOUT, OR RHEUMATISM. Pain obscuring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

THE GRAVEL.

The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and solidifies. It is from this deposit that the stone is formed, and gravel ensues.

DROPSY is a collection of water in some parts of the body, and bears different names, according to the parts affected, viz: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

FAHRNEY'S TREATMENT. Helmhold's highly concentrated compound Extract Buchu is decidedly ONE OF THE BEST REMEDIES FOR DISEASES OF THE BLADDER, KIDNEYS, GRAVEL, DROPSICAL SWELLINGS, RHEUMATISM, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, Scanty Secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine, Gout and Rheumatism of the kidneys, without any change in quantity, but increase in color, or dark water. It was always

HIGHLY RECOMMENDED, by the late Dr. Physick, in these affections. This medicine.

INCREASES THE POWER OF DIGESTION and excites the absorbents into healthy exercise by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 57. H. T. HELMHOLD, Druggist.

DEAR SIR.—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affection, during which time I have used various medicinal preparations, and been under the treatment of the most eminent Physicians; experiencing but little relief.

Having seen your preparation extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubeb, and juniper berries, it occurred to me and my physician, as an excellent combination, and, with his advice after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months. I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor,

A NICE TONIC AND INVIGORATOR OF THE SYSTEM, I do not mean to be without it whenever occasion may require its use in such affections. M. McCORMICK.

Should any doubt Mr. McCormick's statement he refers them to the following gentlemen: Hon. Wm. Blaine, ex-Governor, Pennsylvania. Hon. Thos. B. Fossom, Philadelphia. Hon. J. C. Knox, Judge, Philadelphia. Hon. J. S. Black, Judge, Philadelphia. Hon. D. R. Porter, ex-Governor, Penna. Hon. Elias Lewis, Judge, Philadelphia. Hon. R. C. Gunn, Judge, United States court. Hon. G. W. Woodward, Judge, Philadelphia. Hon. W. A. Porter, City Solicitor, Phila. Hon. John Bussan, ex-Governor, California. Hon. E. B. Burt, Auditor Gen., Washington, D. C. And many others if necessary.

Sold by Druggists and Dealers everywhere. Beware of counterfeits. Ask for Helmhold's. Label no other. Price—\$1.25 per bottle, or 6 bottles \$6.50. Delivered to any address. Describe symptoms in all communications. Address H. T. HELMHOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.
