Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD. The reputation of this excellent medicine enjoys, in every part of the country, a high and justly merited fame. It is a powerful purifier and blood-purifier, and is especially adapted to the cure of all diseases which arise from impurities in the blood. It is a powerful purifier and blood-purifier, and is especially adapted to the cure of all diseases which arise from impurities in the blood.

Scrophulous poison is one of the most destructive enemies of our race. Often this unseen and unfeelingly insidious disease insinuates itself into the system, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again it excites to local infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla, in all cases of disease, even in active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief from its use. It is a powerful purifier and blood-purifier, and is especially adapted to the cure of all diseases which arise from impurities in the blood.

GOUT OR RHEUMATISM.

Pain obscuring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

THE GRAVEL.

The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

DROPSY.

is a collection of water in some parts of the body, and bears different names, according to the parts affected, viz: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT.

Helmbold's highly concentrated compound Extract Buchu is decidedly ONE OF THE BEST REMEDIES FOR DISEASES OF THE BLADDER, RIDNEYS, GRAVEL, DROPSICAL, SWELLINGS, RHEUMATISM, and gonny affections. Under this head we have arranged Dropsy, or difficulty and pain in passing water, Scanty Secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine. Gout and Rheumatism of the kidneys, without any change in quantity, but increase in color, or dark water. It was always

HIGHLY RECOMMENDED

by the late Dr. Physick, in these affections. This medicine

INCREASES THE POWER OF DIGESTION,

and excites the absorbents into healthy exercise by which the watery or calcareous deposits, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

DEAR SIR.—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affection, during which time I have used various medicinal preparations, and been under the treatment of some of the most eminent Physicians; experiencing but little relief.

Having seen your preparation extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubeb, and juniper berries, it occurred to me and my physician as an excellent combination, and, with his advice after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months and feel as well in all respects as I ever did.

A NICE TONIC AND INVIGORATOR OF THE SYSTEM,

I do not mean to be without it whenever occasion may require its use in such affections.

M. McORMICK. Should any doubt Mr. McCormick's statement he refers them to the following gentlemen: Hon. Wm. BIGLES, ex-Governor, Pennsylvania. Hon. T. S. B. FLEMING, Philadelphia. Hon. J. C. KNOX, Judge, Philadelphia. Hon. J. S. BLACK, Judge, Philadelphia. Hon. D. R. PORTER, ex-Governor, Penn'a. Hon. ELIZ. LEVY, Judge, Philadelphia. Hon. R. C. GILES, Judge, United States Court. Hon. G. W. WOODWARD, Judge, Philadelphia. Hon. W. A. PORTER, City Solicitor, Phila. Hon. JOHN BIGLES, ex Governor, California. Hon. E. BENES, Auditor Gen., Washington, D. C. And many others if necessary.

Sold by Druggists and Dealers everywhere. Beware of counterfeits. Ask for Helmbold's. Take no other. Price—\$1.25 per bottle, or 6 bottles for \$6.50. Delivered to any address. Describe symptoms in all communications. Address H. T. HELMBOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.

PATENTED SEPT. 21, 1860.

RYLAND'S PAT. CUTTER FOR CUTTING HAY, STRAW FODDER, &c.

The merits of this Machine consist, in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which the volume of material is cut, with less power than is required by any other Machine; those combined with its durability and simplicity of construction, command public attention. Nothing like to get out of order, but what a boy could remedy with a pocket wrench.

Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and reliable agents wanted to sell machinery and territory.

The above Machine is now on exhibition at the office of the Waynesboro' Manufacturing Company. Persons interested should call and examine it, for it is what every farmer should have.
