

VILLAGE RECORD.

WAYNESBORO.

Thursday September 23, 1870.

Ex Governor Packer is reported dangerously ill.

John Kirtz, the oldest resident of Baltimore, died on Sunday at the age of 108 years and some months.

The Washington county (Md) Agricultural Association will hold its twelfth Annual Exhibition, at Hagerstown, October 18th, 19th, 20th and 21st, for which extensive preparations are being made.

At the election in Wyoming Territory, on the 8th inst., Jones, Republican, was elected Delegate to Congress. Women voted generally throughout the Territory.

Chaffee, Republican, has also been elected Delegate to Congress from Colorado by an overwhelming majority.

Milwaukee is the greatest grain market in the world. It has six large elevators, able to hold from half a million to a million and a half bushels. Yet last week five hundred cars were standing in the freight yards and on the tracks of the city, unable to discharge their wheat. This immense glut is from old wheat, and the merchants estimate that there are a million more bushels of the crop of 1869 to come.

The Italian army, under command of Gen. Cardona, have arrived before Rome and encircled the city. The Pope on Saturday sent an envoy to Gen. Cardona to ask a truce for twenty-four hours, which was granted.

The Pope and the Diplomatic Corps have taken refuge in the Castle of St. Angelo, and the surrender of the city is hourly expected.

LIBERAL CHURCHES.—The First Presbyterian Church of New York City (of which Rev. Dr. W. M. Paxton is Pastor) reported to the General Assembly of 1869 that it had raised during the twelve months preceding the sum of \$141,729. The report made in May, 1870, exhibits a large advance over that sum. Its columns foot up one hundred and sixty thousand one hundred and fifty-three dollars (\$160,153). The number of communicants is three hundred. Contributions average \$534 to each member. Only \$14,012 was used for congregational purposes. The rest went to outside missionary and benevolent objects. Home Missions received, \$53,610; Foreign Missions, \$33,508; Education, \$9,806; Publication, \$9,903; Church Extension, \$6,154; Ministerial Relief, \$2,394; Freedmen \$2,689; Mileage fund of Assembly, \$160; and miscellaneous objects \$33,917.

Another Presbyterian Church, Fifth Avenue, (Dr. Hall's) N. Y., raised during the year, \$118,102. Of this \$19,928 were for congregational purposes, and the rest given to the different boards of the Church.

According to late despatches the Prussian army has surrounded Paris and cut off all communication by railroad with the doomed city. Mr. Motley telegraphs from London to the State Department that King William has not declared that he will not recognize the French Republic and will treat for peace only with the Regency. What King William insists on is that peace must be arranged with some authority that can give guarantees for the future, and he does not believe that the Provisional Government has sufficient power to do that.

Julius Favre has issued a circular to the representatives of France in foreign countries explaining that the election for members of the Constituent Assembly has been called for October, and in order that there may be as early a time as possible a Government of the people, authorized by them to rule the country and make terms with the Prussians. He regards the Provisional Government as momentary and incompetent, and that its duty is to return its delegated power to the people.

France, he says, never voted for war with Prussia, but must oppose a desperate resistance until it is able to speak freely through the Constituent Assembly. Thiers has left London and gone on his mission to St. Petersburg. A London despatch says that Prussia recognizes no Government in France, and is loath to make peace at present. A two hours' fight took place near Paris (who is not stated), in which the French were defeated. A balloon from Metz was captured near Neuchatel, and in letters that were captured Bazaine says that his army is well supplied with everything. There has been continuous fighting around Paris. General Vinoy, with thirty thousand men, is endeavoring to prevent the Prussians from crossing the Marne river. It is said the Prussian plans are to assault Paris from Versailles, on the southwestern side, and the Ulmans are reported to have already occupied that position. Several authorities mentioned in the cable despatches agree that the occupation of Paris by King William is inevitable.

Latest despatches give an account of an interview between Malet, of the English Embassy at Paris, and Marnat, relative to the terms of peace. The Prussian Minister said that they must have Metz and Strasburg as security from France, and unless they were surrendered Paris would be bombarded, and even burned, if necessary, to enforce the demand of the victors.

Look out for fifty cent counterfeit fractional currency.

LOCAL MATTERS.

DEATH OF DR. BLAIR.

We are pained to announce as we go to press the death of Dr. D. O. Blair, one of the founders of this paper, which took place at his residence in Abingdon, Ill., on the 15th inst. The Doctor's health had been gradually failing him for several years. Our informant says he had been prostrated with fever for sometime, from the effects of which he expired as above stated. A wife and eight children are thus called to mourn the loss of a kind husband and parent. In this region the Dr. had many warm friends who will receive this announcement with profound sorrow. He was in about the 57th year of his age.

Law W. Detrich is still receiving applications for insurance against theft or death. Now is the time to insure your stock.

The work of "corn chopping" is progressing in the country. The crop is said to be better than was anticipated.

For sometime the evenings and mornings have been quite cool. In several localities slight frosts are reported.

Persons in want of a valuable small property are referred to the advertisement of Amos Wolf in another column.

FARM FOR SALE.—The Messrs. Potters offer at public sale in this issue a valuable farm near this place. For particulars see advt.

REVIVAL.—A revival meeting was commenced in the M. E. Church on Sunday evening last, which is to be continued, perhaps during several weeks.

Pic Nic.—A Pic Nic by the Lutheran Sabbath School, the first this season, came off on Tuesday last. The Pastor, Teachers and Scholars, preceded by the Waynesboro' Brass Band, marched in procession to Lehigh woods, where they spent the day pleasantly.

We understand the contract for painting the new Reformed Church in this place has been awarded Morris Munson and John C. Smith. These gentlemen are practical and experienced painters, and we doubt not will execute the work entrusted to them in a manner creditable to all parties concerned.

TIRED BROKEN.—A short time since a lad named James, son of Mr. F. McIntyre, of Fountain Dale, Adams county, aged 11 years, fell from a swing and broke his thigh bone. The bone was set by Drs. Walker and Sweney. The patient, says our informant, was doing well at last accounts.

REGISTER.—Persons who have changed their places of residence from one township to another should see that they are properly registered, otherwise they may be deprived of voting at the coming election. Lists for our town and township are up at the hotels for examination.

A few weeks ago we spoke of two detectives of the York Stock Insurance Co. passing through town on the hunt of a horse stolen near Mechanicsburg, Pa. We now learn that the horse was recovered in Memphis, Tennessee, having been sold by the thief in Westminister, Md.

ENTERTAINMENTS.—Prof. Mitchell, Magician, Juggler, Light Balancer and Champion Slack-Wire Performer, will give two grand entertainments in the Town Hall, this (Thursday) evening and on Saturday evening. The Prof. performs some of the most astonishing and difficult feats, and draws crowded houses wherever he goes.

The stolen horse stolen from Mr. Rasterday of Frederick Co. Md., was left by the thief in Shippensburg Pa. on the 10th of September. The thief had not been arrested, and it would be well for persons owning horses to keep a careful watch over them. Mr. Rasterday passed through town on Monday with the horse in his possession.

GAME.—The season for pigeon and squirrel hunting is being improved by many of our citizens. A few days since a couple of individuals passed our office with not less than 10 or 12 of the latter, the profit of a few hours hunting. It is said as many as eighty pigeons were recently shot in one day by one person not far from Tomstown.

LITTLE BY LITTLE.

Little by little the printer pays off his money. A little for the press, a little for type, a little for paper, a little for rollers, a little for ink, a little for help, a little for rent, a little for wood, a little for this, and a little for that; but continually a little, never stopping, a constant drain. Little by little printer's bills accumulate. A owes a little for subscription; B owes a little for advertising; C owes a little, and D owes a little, on clear through the alphabet, and back, and through again and many times over. A neglects his bill, B does not settle his, C thinks his but a trifle and not needed—so on down the list. Little by little the money goes out, and not even a little comes in, until finally the poor printer's resources are all exhausted, and down he goes into the gulf of despair, while over his head floats his hundreds of unpaid dues, but he grasps at them in vain—they afford no help. Reader do you owe a bill to the printer?—PAY IT.—So argues an exchange.

THE ELECTION.

The election in this State for Congressmen, members of the Legislature, County, Township and Borough officers, occurs two weeks from Tuesday next, the 11th day of October. So far the campaign has been an unusually quiet one, comparatively little interest being manifested by either party upon the subject.

The first meeting in our town was held by the Democrats, on Monday evening, which was addressed by Capt. Skinner, of Chambersburg, B. F. Meyers, of Bedford county, the candidate for Congress, and John D. DeGolley, of Greencastle.

The Republicans will hold a meeting here on Saturday evening a week, October 1st.

FATAL ACCIDENT.

Capt. S. A. Brady a prominent and influential citizen of Mercersburg was instantly killed on Monday evening last. The Repository says: Arriving at a farm he owned, about two miles from Mercersburg, on the Greenock pike, he entered the woods. In a short time his tenant heard the report of the gun, but thought of nothing serious until he saw Mr. Brady's horse coming near the house. He then went to the woods, where, to his great horror, he found Mr. Brady dead, with the back of his head shot off. He at once gave the alarm. It is supposed that the gun went off, accidentally, as Mr. Brady was getting on or off of his horse.

DEATH FROM LOCK JAW.

The Herald and Torch gives the following account of a death from lock jaw recently in Hagerstown:

About two weeks ago, Mrs. Jacob Friese, residing on East Franklin Street, of this town, ran the point of a nail in her foot, but the injury was apparently so slight and healed up so rapidly, that little attention was paid to it, which is, however, a sure indication of danger from a wound of this kind. A few days afterwards, she was seized with lock jaw and died on Saturday evening last, in spite of the best medical and surgical skill, and the ministrations of numerous devoted friends. She was a very estimable lady, beloved and respected by a very large circle of relatives and friends, and leaves a distressed husband and a family of small children.

CAN'T BE BEATEN.

The beautiful, durable and useful teeth inserted by Dr. A. K. Branishoff. It is no wonder that there is such a rush to his office as all his work gives general satisfaction. He treats diseased teeth in the most scientific manner. It is worth a call at the Doctor's office to see the beautiful teeth that he puts up. He uses Nitrous Oxide Gas, Chloroform, or the Freezing process in extracting teeth without pain; but this is not all necessary as the Dr. is such a careful operator that very few desire to take anything after first operation.

AMERICUS.

DEATH OF MR. FLACK.—We last week chronicled the fact of Mr. George Flack's illness resulting from a wound in the foot, caused by tramping upon a sharp bone. He lingered until Wednesday afternoon and died about two o'clock. He suffered great pain at times, but remained conscious of everything until Tuesday night, we believe. This is the second death from lock jaw in our Borough within the last four weeks.

OURN! MURDER!

Why, what is the matter, Joe? O, my tooth aches me so! Well why don't you go to Dr. Branishoff and have it taken out; he can treat it out or put you to sleep, and you will not know how it came out.—It is a fact, I know, as he has taken out several old achers for me and it didn't hurt a bit.

See sale advertisement of Mr. Geo Fourthman.

LONDON, September 18.—A Tribune correspondent at Berlin sends the following extract of a letter from General Sheridan, dated Rheims, the 8th instant: "There seems little of the war left except the siege of Paris, and that will not save France. It is possible that the French troops have not done so well as I think they might have done on one or two occasions which I witnessed, from the fact that the poor fellows found themselves so badly handled by their commanders that they could see no equivalent to be obtained by the sacrifice of their lives."

"A soldier wants success where many lives have to be sacrificed, but French generalship put this out of the question in every battle which I have witnessed."

The same correspondent writes on the 15th: "The plan of operations against Paris is that the French being unable to oppose the Germans with any considerable army in the field, the Seine will be crossed by successive divisions to attack the weakest part of the fortifications—those on the south front. Elevations exist on that side from which effective fire can be opened on the French forts. During the first few days after their arrival the Germans will be occupied in preparing their outposts and in reconnoitering. Investment, so far as practicable, will follow immediately. Communications on the north are already cut off, and those on all sides will soon be. There will be no delay down to the moment when peace or an armistice is actually signed, which is not anticipated before the city falls."
