THE MORNING GLORY FOR '69. GEISER'S PATENT SELF-REGULATING **GRAIN SEPARATOR** CLEANER EDAGGER AND POWERS.

No Implement more important to the farmer than FIRST-CLASS GRAIN THRESHER AND 'LEANER—for none pays him so well and spaedi

The above cut shows the ONLY GEISER MA CHINE now built under the immediate eye of the o inventors themselves, with all the additional imp ovements made during the past 18 years, and now with first class workmen and material this michine justly stands high up above all of its cless. As a Thresher it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all horest competitors. Indeed it is the only machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a pushel more than grain direct trum any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the state and County Fairs where it was thoroughly and practically tested, in competi-tion withother leading machines, always agree that it is more simple—more easily understood and op-erated by those unskilled in machinery—more dura-ble,—threshing as much and yet cleaning better with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the theusands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a ten Horse Level power, with prices ranging from \$190 to \$350, without power. We also make the intest improved triple-geared litorse Powers suitable for each size machine ranging from \$90 to \$135, and all fully and fairly warranted. For further intormation send for Circular and Price List. Responsible Agents wanted in territory not intro-duced. Address

Aver's Cathartic Pills, For all the purposes of a Laxativo

For all the purposes of a Laxctivo Medicine.

Perhaps no one medicine is so universally required by every, body as a cathartic, nor was ever any before so universally adopted fanto use, in every country and among all classes, as this mild but efficient purpative Pitt. The obvious reason is, that it is a more relimble and far more effectual remedy than any other. Those who have tried it, know that it cures their neighbors and friends, and all know that the tried them; those who have red it, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or negglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither caloned nor any deleterious drug, they may be taken with safety by anybody. Their sugar-coating preserves them ever iresh, and makes them pleasant to take, while heling purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other orease of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these PHIs rapidly cure:—

For Byspepain or Endignession, Elastesches, Languor and Loss of Appetier, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Reasiache, 31ck Edeadache, 31ck and 32ck ache, Juundice or Green Sickness, Relicious Colic and Billious Everer, they should be ladiciously taken for each case, to correct the diseased action or remo

for Dysentery or Biarriaga, but one mild dose is generally required.

For Bysentery or Biarriaga, but one mild dose is generally required.

For Bheamariagn, Gour, Gravel, Pallitation of the Rieurt, Pulli in the Biele, Brack and Losin, they should be continuously taken, as required, to change the discussed action of the cystem. With such change those complaints disappear.

For Broppy and Bropsical Swellings those to produce the effect of a drastic purgo.

For Suppression a large dose should be taken as it produces the desired enset by sympathy.

taken as it produces the desired effect by sympathy.

As a Dinner PHI, take one or two PHIs to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious devangement exists. One who feels tolerably well, often finds that a close of these PHIs makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
