The capitulation of Metz was signed on Thursday night, and the city occupied by the Germans.

The whole number of prisoners captured by the Germans is now represented to be 173,000.

A Berlin dispatch intimates that the French had rejected the terms of Germany for an armistice, but it is thought now that the fall of Metz will lead them to reconsider their determination.

A dispatch from Versailles, of Wednesday's date, to the London Times, says that it will be a few days yet before the Germans will be ready to bombard Paris.

Both armies are making active preparations for the contest.

The dispatches of correspondents who have visited Metz since the surrender, represent that actual starvation would have been the fate of Bazaine's army if he had waited three days longer before capitulating.

His soldiers desired to be led against the enemy rather than die of starvation, but he told them that such an effort would be useless in their weakened condition.

Bazaine possessed the confidence of his troops, but he is bitterly assailed by Gambetta, who accuses him of treachery to France.

The surrender of Metz is regarded in London as favorable to the negotiations for peace, and the rumors of a Regency, through the agency of Bazaine, are renewed.

The last summons to surrender has been sent into Paris, and if it is not complied with the bombardment will be commenced.

Bismarck has issued a circular in which he reviews the unbroken line of German victories to show that France can have no hope of prolonging resistance, and that Paris should at once accept the terms offered to it for capitulation.

Otherwise he anticipates fearful suffering to the two millions of people within its walls, whom the besiegers will not be able to feed after the horrors of bombardment, siege and starvation have forced them to yield.

The French army of the Loire was preparing for movements which have been checked by Bazaine's surrender.

The Government at Tours has issued a proclamation denouncing his action as a betrayal of the French people, and calling on the nation still to persevere in their efforts for the Republic.

Princes Frederick William and Frederick Charles have been made Field Marshals as a reward for their victories over the armies of Bazaine and McMahon.

There has been no fighting recently except an engagement on the railroad between Amiens and Rouen, in which the French report themselves to have been the victors.

P. S.—Later despatches from the Prussian headquarters at Versailles state that a battle occurred near Fort St. Denis, on the north of Paris, on Friday, in which the besieging forces were driven back.

The French troops built entrenchments on the position which they had taken, and the attack on them was renewed on Sunday by the Prussians with success.

The entrenchments were captured, and the French retreated to St. Denis. The losses on both sides were heavy.

King William has sent invitations to the sovereigns of Germany to come to Paris to witness the bombardment.

By way of London it is stated that it will be commenced to-day.

Prisoners recently captured report that there is a scarcity of provisions in the fortifications, and that women and children are approaching the Prussian lines, although warned that they will be shot, preferring instant death to starvation.

An officer on Von Moltke's Staff anticipates the bombardment will be finished in two or three weeks.

THE UNIVERSAL AYER.—On my journeys over the continent—through Turkey, China, Japan, Peru, Chili, Paraguay, Brazil, and Mexico, and the United States—in them all to some extent and in some to a great extent, I have found the universal Ayer represented by his family medicines, which are often held in fabulous esteem.

Whether they win their marvelous reputation by their cures, I know not, but I know they have it to such a degree that it frequently gave me a distinguished importance to have come from the same country. (Field's letters from abroad.)

The Indians in the west are reported to be dying in thousands of the small-pox.—The plains are covered with painted corpses, and the stench is dreadful.

The election in South Carolina for Governor, Congressmen and members of the Legislature, resulted in a Republican victory by twenty thousand majority.

The Democrats carry three Congressional districts in this State by an aggregate majority of 53—Meyers being elected by 15, Spear by 11, and Sherwood by 37.

E. S. Troxell was re-elected Clerk of the Courts of Berkeley county.—We congratulate the Major upon this, his second successful 'heat.'

Daniel Niswander, of Dayton, Rockingham county, Va., formerly of this county, has been arrested for horse stealing. It appears that he made regular trips back and forth between Pennsylvania and Virginia in the horse business, and was finally arrested at the instance of two Pennsylvanians, who followed on his trail.

We are informed, says the Repository, that the horses in question were stolen from a Mr. Shurtle, residing near Welsh Run, in this county, several months ago, and were found in the possession or traced to this man Niswander week before last. They were insured in the York Insurance company, and we believe the amount of the insurance paid to the owner.

Until the close of the war he resided in Antrim township, where he gave his time alternately to preaching the Gospel and swapping horses.

SPARE THEM!—Don't kill the Partridges. Bear in mind that the law protects them for three years. Here is the section:

Thanksgiving Proclamation.

In continuance of an honored State and national custom and in devout acknowledgment of human dependence upon Almighty favor, I do hereby appoint Thursday, the twenty-fourth day of November next, as a day of general Thanksgiving and praise.

Being the same day, and for the same ends and uses, set forth by his Excellency, the President of the United States, in his proclamation of the twenty-first instant.

Pennsylvania, unsurpassed in blessings, should not be surpassed by any in acknowledging her gratitude to God. Let us, then, as citizens of the commonwealth, abstain, as far as possible, from our usual avocations on that day, and assemble at our respective places of worship, and let us there, and in the festivities of our assembled families at our cherished homes, rejoice in the goodness of God, and render thanks to Him for His loving kindness and His abundant mercy toward us.

Let our thanks giving and praise find expression in dedicating the day to deeds of benevolence and charity, and in ministering to, and alleviating the wants of the poor, the needy, and the suffering; so that all may rejoice and be exceeding glad. To do good and to distribute, forget not; for, with such sacrifices God is well pleased.

Let us invoke Divine favor upon our beloved State and nation, and pray that all who are called to administer their government may be actuated by the 'spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge, and the fear of the Lord.' Given under my Hand and the Great Seal of the State, at Harrisburg, this twenty-eighth day of October, in the year of our Lord one thousand eight hundred and seventy, and of the Commonwealth the ninety-fifth.

JNO. W. GEARY.

By the Governor; F. JORDAN, Secretary of the Commonwealth.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

ITS EFFECT IS MIRACULOUS.

It is a perfect and wonderful article. Cures baldness. Makes hair grow, a better dressing than any 'oil' or 'pomade.' Softens bristles, dry and wiry hair into beautiful silken tresses. But, above all, the great wonder is the rapidity with which it restores GRAY HAIR TO ITS ORIGINAL COLOR.

The whitest and worst looking hair resumes its youthful beauty by its use. It does not dye the hair, but strikes at the root and fills it with new life and coloring matter.

The first application will do good; you will see the NATURAL COLOR returning every day, and BEFORE YOU KNOW IT.

See the old, gray, discolored appearance of the hair will be gone, giving place to lustrous, shining and beautiful locks.

Ask for Hall's Sicilian Hair Renewer; no other article is at all like it in effect.

See that each bottle has our private Government Stamp over the top of the bottle. All others are imitations.

For want of space we present only a few of the testimonials given us.

PUNICATOWN, Pa., June 15, 1870. DR. FAIRNEY'S BLOOD CLEANSER.—Your Blood Cleanser is the only patent or popular medicine that I ever sold, or used myself, that operated so rapidly as reported, and the only one that combines the essentials necessary to cleanse the blood, regulate the liver and purge the system at the same time. Yours truly, D. C. GILLESPIE.

August 1, 1870. P. KILPATRICK, Montgomery, Pa., says: "Your Medicine, the Blood Cleanser, has sold more rapidly than any other I have yet introduced to sell; and should it continue so, the agency for the sale of it will be quite a desirable thing."

F. FOURTHMAN, Druggist, Waynesboro, Pa., says: "I am now selling at the sixteenth dozen since January last, and think the trade will still increase."

Pleasant Hill, Ohio, Aug. 12, 1870. DR. P. FAIRNEY'S BLOOD CLEANSER.—If your Blood Cleanser is introduced it will sell well. I have called every few days from persons to whom I have sold it. I can get it well introduced, I think I can sell 12 dozen every week."

Misses, Montgomery, Pa., says: "I have used your Blood Cleanser for several years, and I think it is an invaluable medicine for the whole system."
