

VILLAGE RECORD.

W. WAYNESBORO.

Thursday, November 10, 1870.

Base ball has killed twenty five persons during the past season. They have had a genuine snow storm in Maine, and the Mormons out West are sleighing and skating. Ex-Mayor George Chaboon, of Richmond, Va., has been convicted of forgery, and had punishment assessed at four years in the State prison. Titusville has one honest man, certainly. A laborer deposited his savings in one of the banks, to the amount of \$500, and went recently to draw it out. The teller gave him \$500 more than he was entitled to, which he returned and did not even wait to be thanked. 'An honest man is the noblest' &c.

WAR NEWS.—The negotiations for the armistice, which were being conducted at Versailles by Thiers on behalf of the French Government, were brought to a sudden and conclusive ending on Monday, on account of the Government refusing to give up any territory. Thiers received orders from Paris to leave the German headquarters and break off proceedings with Bismarck, and he at once returned to the Capital. It is said that the unsettled condition of affairs in Paris is yet another obstacle to the armistice, although the elections during the week have resulted in a majority of over three hundred thousand votes in favor of sustaining the Provisional Government. From Tours it is stated that Bave has reaffirmed the determination of himself and colleagues not to surrender an inch of French territory. The riots which took place in Paris on Thursday last were formidable for a short time only, and since then the city has been quiet. Bazine publishes a reply to Gambetta, denying any treachery or bargain with the Bonapartes, and stating that the surrender of Metz was inevitable, after an unparalleled siege and unlimited suffering. A battle has taken place near Dijon, lasting all day, without any advantage to either side, except that the French troops held their positions at its close. There is an authenticated report that Garibaldi has been taken prisoner. Later accounts say the Prussian Minister at Washington has received an official telegram from Berlin confirming the statements that the negotiations for an armistice were ended abruptly on Sunday afternoon, by order of the French Provisional Government. The assumed cause of the rupture were the refusal of Bismarck to permit free ingress into and egress from Paris, and the taking of provisions into the city during the twenty five days cessation of hostilities, and the demand of Thiers that the elections for members of the Constituent Assembly shall be held in Alsace and Lorraine the same as in other Provinces of France. Bismarck did not expressly deny the latter proviso, although he would not give his consent to it. It is said, however, that the real cause of the disagreement was the utter refusal of the French Government to promise a cession of territory. The arrest of Bazine and his Staff, wherever found, has been ordered. The veteran General Changarnier expresses an opinion that Bazine was not a traitor, but that he was incompetent to command his army, and particularizes the reasons of the surrender of Metz. After the siege was commenced a successful sortie would have been possible any time up to the ten days preceding the surrender. The sorties that were made were only pretences, and accomplished nothing. American correspondents report a discouraging state of affairs in Paris. The troops are disorganized, all the sorties have been repulsed, and there are serious differences between Trochu and the members of the Government.

A measure of great stringency in reference to the traffic in strong drink has been introduced into the Vermont Legislature.—It imposes a fine of \$100 for the first offence on every person who shall sell intoxicating beverages in violation of law, and the same fine, with imprisonment, for the second offence. It also imposes a fine on persons who shall be found in a state of intoxication, of \$50 for each offence. Perversion, says the Harrisburg Telegraph, is said to be a virtue; but so far all attempts to stop the consumption of intoxicating liquors by stringent legislation have been abortive. There are more rational and better ways to cure the appetite for spirits and lessen the amount of drunkenness and consequent poverty and misery than fines and imprisonment. The benign influence of Christianity, if exercised in the spirit of the Divine Master and Teacher, will accomplish more than all the stringent laws that can be enacted, in eradicating drunkenness and all other vices.

During the past month, according to the official figures given by Secretary Boutwell, \$5,129,296.73 of the public debt has been paid off, making a total reduction, since March 1st, 1870, of \$96,544,121.26. At this rate the reduction during the second year of Gen Grant's administration will reach \$200,000,000.

An old man, named Joseph Baehler, was found dead in his bed, at Chicago, a few days ago. A post mortem examination was held, and it was decided that he died from starvation. He was worth nearly \$80,000, but lived in a miserable hovel, without fire or food, and died from exposure.

FARM SOLD.—The Allison farm, near Greencastle, lately advertised in this paper, was sold at public sale on the 29th ult., by the administrators, for \$130 per acre. Purchasers, Messrs. Jeremiah and Samuel Ebert; of Antrim township.

SUICIDE.—On the 19th ult. a man named Benjamin Shuman, of Lurgan township, this county, committed suicide by hanging himself to a pine tree in the woods of Mr. Samuel Mowry, near Roxbury. He was 72 years of age.

HARD TO BEAT.—Mr. Jacob Wiegand, of Fair Haven, Carroll Co., Ill., writes us that the last season he raised a sweet potato which weighed seven and a half pounds, and a cabbage head that weighed thirty and a half pounds. Mr. W. wants to know if any of our Pennsylvania farmers can beat these Western specimens.

MARYLAND ELECTION.—According to report, as we go to press, the Democrats at the election on Tuesday carried Washington county by a majority ranging from 300 to 500. Ritchie, Democrat, is elected to Congress over Smith, Republican. The State has, no doubt, gone largely Democratic.

DENTISTRY.—Persons who have badly decayed teeth and dead roots are well aware of the suffering they cause during the winter months. This may all be saved by calling on Dr. Branisholske and having them extracted. He is now inserting teeth at very low prices.

HAIL STORM.—About 5 o'clock on Thursday morning last a storm of more than ordinary severity passed over our town, accompanied by thunder, lightning and hail. After the storm subsided our streets presented a white coating, and brooms were used to clear the pavements. In many places it had not entirely melted up to noon.

SHOT.—A young man, named Winfield S. Walker, of Dry Run, this county, was shot in the back by a man named Hammond on the first inst., and dangerously, if not fatally, wounded. Being hollowed the boys of the place were indulging in sports peculiar to the occasion. On reaching the house of Mr. H. he fired three shots from a pistol, one taking effect as above stated. At last accounts the ball had not been extracted.

OLD CITIZEN GONE.—On Friday night last Mr. Thomas Morehead, the eldest male citizen of our Borough, expired. He had reached the advanced age of 88 years, 1 month and 10 days. He was possessed of a remarkably kind and gentle disposition, and was very generally esteemed by all who knew him. Among many of the youth he was known only as 'Pap Morehead.' His remains were followed to the burying ground attached to the Union church on Sunday morning for interment by a large procession of friends and acquaintances.

RECEIPTS.—The following is a list of our subscription receipts for October: A. M. Trimmer, \$ 2 00 David Jacobs, 2,00 Mrs. Salome Smith, 2,00 John Sheeler, 2,00 J. H. Johnson, 4,00 Samuel Hollinger, 5,00 Peter G. Summers, 2,00 Jacob Wiles, 13,00 Miss Kate Nigh, 7,00 Josiah Spouler, 2,00 Rev. George B. Johnston, 3,00 Jacob Summers, Jr., 2,00 James Beckler, 5,00 D. A. Stewart, 5,00 George Lowry, 2,00

John Howard, alias John Evans, tried at Chambersburg, Md., for the murder of Capt. Henry Miller, has been convicted of murder in the first degree, with a recommendation to mercy. The prisoner was formerly a Confederate soldier in Virginia.

BARN BURN.—The barn of Mr. Samuel Omwake, near Salem Church, was entirely destroyed by fire on Wednesday night of last week. Of its contents only one wagon and a set of breechbands were saved. About 200 bushels of wheat (ready for delivery to the mill), 200 barrels of corn, oats, hay, straw, potatoes, two wagons, grain separator (belonging to Samuel Sheffer), grain rake, gears and farming utensils generally were consumed. Fortunately, his horses and cattle were in a pasture field or his loss might have been much greater. The last load of his corn was delivered to the barn in the evening. Mr. O. left the barn at 9 o'clock and was there again at 10 o'clock, at which time he retired. He says there were no lights, nor pipe or cigar smoking about the building that evening.—The fire was first discovered between 11 and 12 o'clock. In the morning a pint bottle half filled with whiskey was found a short distance from the premises. The reasonable inference is that the fire was occasioned by some unknown person, either accidentally or designedly. His loss is estimated at \$2500, upon which he has an insurance of \$1300 in the Waynesboro' Mutual Fire Insurance Co.

REUNION OF THE 126TH PA. VOLS.—The soldiers of the 126th will hold their first reunion in Repository Hall, in Chambersburg, on Tuesday, the 13th day of December next, at which time it is intended to effect a permanent organization. The Regiment was made up chiefly from Franklin, Fulton and Juniata counties, much the larger number being from Franklin. Chambersburg has therefore been selected as the place for holding the first meeting.

The exercises will be of a most important character, and a large and interesting meeting is confidently expected. The committee of arrangements have authorized us to say that so far as it can be done special invitations will be sent to every survivor of the regiment, but that owing to removals and other causes it will be impossible to get reliable information as to address of every one. Any soldiers who belonged to this organization and may learn of the reunion from newspaper notices, or in any other way, will not abstain from attending for want of other invitation.—Repository.

Our modern course of living begets a condition of the body that requires occasional relief. The system becomes enfeebled, deranged, clogged, and labors in its task. The mind sympathizes with it and both sink, or are depressed together. To restore the vital energies purge the system—cleanse the blood—take Ayer's Pills.—Glasgow (Ky) Free Press.

The following item of interest to many of our readers we extract from the court proceedings, October Term, second week.—Hon D. W. Rowe, presiding:

Wilson and wife vs. Christian Stouffer, John Bean and eleven others. Action of ejectment for a tract of land in Washington township, containing 152 acres. During the trial the Plaintiffs relinquished their claim to all but 79 acres, thus releasing all of the Defendants but Stouffer and Bean.

Plaintiffs claimed title under a devise in the Will of Christina Hinkle of the land in dispute to Mrs. Wilson, who was his [Hinkle's] daughter. Defendants claimed title under deeds from Mrs. Susan Hinkle—mother of Christian Hinkle—she claiming by adverse possession for twenty one years.—Verdict for Defendants.

Will shortly be received the finest assortment of Christmas presents, toys and sweetmeats, at the Cornucopia of Henneberger's.

The following is Bazine's farewell to his army: Soldiers of France: We have been conquered by famine—compelled by our necessities to submit to the destinies of war, and constitute ourselves prisoners. Any attempt to break through the enemy's lines would only result in disaster and unavailing loss of life. Against these dire extremities it would be useless to contend. Our only recourse is in yielding to the overwhelming forces of the enemy. Soldiers of France, comrades, I leave you with a broken heart. 'Your commander, BAZAINE.'

CATARH.—If afflicted a constant dull pain will be felt in the head, ambition will be wanting, a constant drowsy feeling will be present, the skin will be dry and harsh, and the hair will have a dead appearance, an uncomfortable and unhappy feeling prevailing throughout the whole system. Dr. J. Briggs' Allentown, a pleasant, agreeable and positive remedy, will instantly relieve and rapidly cure Catarrh of the most severe and troublesome description, and banish all of the unpleasant attendant symptoms. Each bottle making two to four quarts for use. Sold by F. Portman.

Briggs' Allentown and Curative, the only reliable and most efficacious remedies in the world for the speedy cure of Coughs, Croup, Bad Nails, &c. Sold by F. Portman.

The Germans will open the bombardment of Paris with 250 siege guns.

THE TOMB.

In Clearspring, on the 20th of October, 1870, Mrs. MERCER FLORY, wife of D. H. Flory, aged 26 years and 20 days. In Quincy township, on Friday, October 23, 1870, MARY ANN, daughter of David and Celestia Mann, aged 8 months and 4 days. Near Frederick, Md. on the 21st ultimo, Miss ANN ELIZA, eldest daughter of Mr Lewis Yonson, aged 23 years, 8 months and 29 days. The deceased suffered great affliction for a period of eight years. After she became afflicted she began to seek for higher and for richer enjoyments than the perishing pleasures of earth, and soon embraced religion,

which was her only enjoyment, her only comfort through her dreary years of suffering, and which sustained her to the end, the hour of death. Her affections were various, but finally ended in final consumption. 'Tis finished, the conflict is past, The Heaven-born spirit is fled; Her wish is accomplished at last, And now she's entombed with the dead. No sickness, or sorrow, or pain Shall ever disquiet her row, For death to her spirit was gain, Since Christ was her life here below. Then let us forbear to complain That she is now gone from our sight; We soon shall behold her again With new and eternal delight.'

HALL'S VEGETABLE SICILIAN HAIR RENEWER. ITS EFFECT IS MIRACULOUS. It is a perfect and wonderful article. Cures baldness. Makes hair grow. A better dressing than any 'oil' or 'pomatum.' Softens dandruff, dry and wiry hair into beautiful Silken Tresses. But, above all, the great wonder is the rapidity with which it restores GRAY HAIR TO ITS ORIGINAL COLOR. The whitest and worst looking hair resumes its youthful beauty by its use. It does not dye the hair, but strikes at the root and fills it with new life and coloring matter. The first application will do good; you will see the NATURAL COLOR returning every day, and the old, gray, discolored appearance of the hair will be gone, giving place to lustrous, shining and beautiful locks. Ask for Hall's Sicilian Hair Renewer; no other article is at all like it in effect. See that each bottle has our private Government Stamp over the top of the bottle. All others are imitations. R. P. HALL & CO., Nashua, N. H., Proprietors. For sale by all druggists. [cut 6-10m.]

TAKE THIS HOME--READ AND REFLECT!

There are many good medicines in the world, we hope, for the sake of humanity, but medicine that is really perfect, because it is aperient, tonic, laxative, stimulant, sudorific and alterative at the same time, is

DR. FAHRNEY'S CELEBRATED Blood Cleanser or Panacea!

With this rare medicine in your house you can do without purging by means of Pills or Powders. You can do without Salts, Castor Oil, Citrate of Magnesia, Soda or Ammonia, and so on. You want none of these; the Blood Cleanser is a substitute for the whole of them. And what is better, it

May be Taken with Safety and Comfort By the most delicate woman as well as the robust man. It is very palatable, and therefore easily administered to children. It is the only vegetable preparation existing which will answer in the place of Calomel, regulating the action of the Liver without making you a life-long victim to the use of Mercury or Elix Pills. It will open the bowels in a proper and wholesome manner—being composed of suitable medicaments.

It is one of the Best Medicines of the age, And when taken, will keep all the secretions in a healthy condition; compel all the organs to do their duty with regularity; purify the blood, and secure that inestimable blessing—SOUND HEALTH.

THERE IS NOTHING LIKE FAHRNEY'S BLOOD CLEANSER For the cure of all disorders of the Stomach, Liver, Bowels, Kidneys and Bladder. For Nervous Diseases, Headache, Costiveness, Indigestion, Bilious Fever, and all derangements of the internal viscera. You have in this medicine a PANACEA for some of the most painful and dangerous of all diseases.

AS A FEMALE REGULATOR It has no equal in the world. Married ladies, who never have had children, seldom know the cause of their unhappy condition, which is very often depending upon a faulty state of the Uterine Organs, and which can only be removed by the use of suitable remedies.

AN OUNCE OF PREVENTION IS WORTH MORE THAN A POUND OF CURE. The PANACEA will not only cure old standing and malignant complaints, but is one of the best preventives of such disorders ever offered to the world. You can avoid severe attacks of acute diseases, such as Cholera, Small Pox, Typhoid, Bilious, Spotted and Intermittent Fevers, by keeping your blood pure. The different degrees of all such diseases depend altogether upon the condition of the blood, for if this vital fluid is deranged you will take disease much more readily than otherwise, and the suffering will be in proportion to the amount of foreign matter in the blood. This is so reasonable that we need not here make any illustrations.

THIS MEDICINE IS HIGHLY RECOMMENDED For all manner of chronic or old standing complaints, such as Scrofula, Tetter, Salt Rheum, Rheumatism, &c. Scirrhus or Cancer, and Cancerous Tumors, may be often removed from the system by the purifying effect of this medicine, if it is taken before they get a deep-seated hold upon the system. It tends to purge out from the blood the virus of these malignant disorders.
