WYANBORO.

Reid has Cranberries.

See the beautiful Glassware at REID'S

If you are suffering from toothache or neuralgia go to Dr. Branisbols.

DENTISTRY.—For a beautiful set of teeth cheap and good, go to Dr. Branisbols.

We issue our paper this week a day earlier than usual in order that all hands may be enabled to observe Thanksgiving Day.

Late hours are apt to lead either to the penitentiary or matrimony. Reflect over it, young men!

OYSTERS.—Families wanting "shucked" oysters for Thanksgiving day, can be supplied at REID'S with an extra quality.

PREACHING.—Rev. Mr. Geddes who occupied the pulpit of the Presbyterian Church on Sunday last will preach there again on Sunday morning.

MUFF LOST.—A Mink Fur Muff was lost on Monday a week between this place and the toll gate west of town. The finder will be liberally rewarded by leaving it at the Store of Ambersen, Benedict & Co.

Gordon's new Brewery is now in successful operation. Attention is directed to the advertisement of the gentlemanly and obliging superintendent, Mr. Henry Funk, in this issue.

THANKSGIVING.—To-morrow, Thanksgiving Day, will, as usual, be observed in this place by a cessation from business. Union services will be held in the M. E. Church in the morning. A sermon appropriate to the occasion will be delivered by Rev. H. W. Hibbsman of the Reformed Church.

PUBLIC LECTURE.—The M. E. Church Ladies' Sewing Society have engaged the Rev. John D. Brown, nine years a Missionary in India, to deliver a lecture in the M. E. Church on Saturday evening, December 10th, 1870. Subject—"Manners and Customs of the People of India."

COMING.—Jacob Koehenderfer of Bedford county, will be at the Bowden House, in this place, on Thursday the 1st day of December next, with a lot of fine horses. Mr. K. is a fair dealer and is well known as such in this region. Farmers or others in want of horses should not fail to be about.

DISBANDED.—The friends of temperance generally will regret to learn that Franklin Lodge, No. 152 L. O. G. Templars, organized in this place about five years since, has been disbanded. Like all institutions, human or divine, it met with opposition, but accomplished much good.

SOLD.—The tract of unimproved land containing 21 acres and 18 perches, advertised for several weeks in the Record, belonging to the estate of John Stoler, dec'd, was sold by G. V. Mong, auctioneer, on the 10th inst., for the sum of \$114 per acre. Purchaser, Mr. Jesse Bear.

SNOW.—The first snow of the season fell here on Friday night last, covering the ground to the depth of about one inch. According to the "Hundred Year Almanac"—which is received as authority by many persons—on the 10th of December there is to be a "big snow." Sporting gents will no doubt arrange the necessary trappings for a season of sleighing, to commence about that time.

COOL THEFT.—One day last week a quantity of lard and pudding meat were stolen from the premises of Mrs. Elizabeth Gilbert in this place. She had butchered that day, rendered the lard and placed it outside of the door to cool. The bucket or vessel into which the thief poured it from the can must have leaked, for the drippings were traced from Main street some distance along the old Hagerstown road. The fact that the theft was committed in daylight and in a public part of the town, makes the operation so far as our knowledge goes, about the coolest on record.

GOD IN HISTORY.—Mr. J. S. Gordon, of this vicinity, has the ageegy in this county for the sale of an interesting work entitled "The Hand of God in History, or, Divine Providence Historically Illustrated, in the Extension and Establishment of Christianity," by the eminent author, Rev. HOLLIS REAP. This is one of the most remarkable and interesting works of the age, and should find free circulation among christians of all denominations. It is furnished to subscribers at prices ranging from \$3.50 to \$5.50. Every one who gives his order for the book will be presented with a magnificent and instructive steel plate engraving 24x30.

SUDDEN DEATHS.—On the 10th inst., Owen McLain, Esq., of Williamsport, Md., suddenly expired of apoplexy; and on the 12th inst., Mrs. Robertson, an estimable lady of Hagerstown, widow of the late Col. Wm. Robertson, dropped suddenly dead of heart disease. She was in the 72d year of her age.

The barn of Mrs. Eliza Sterner, near Littleton, Adams county, was destroyed by fire on Wednesday night a week. Eight horses, one cow, wheat, corn, oats, &c., were consumed in the building.

A LECTURE.—It will be noticed that the Ladies of the M. E. Church are publishing a lecture at their Church in the course of a few weeks. We understand it is their design, should there be encouragement, from time to time to bring here some Lecturer, to favor them and the people who may patronize them, with this mode of imparting information. The lectures to be of such a class as will improve the heart and instruct the mind.

The lecture system is certainly one of the most successful modes of gaining information now practiced—it is at least popular.—Books require time for study, and generally demand much extraneous reading to get at the main points of the subject. The lecturer however has thoroughly canvassed the books, and we have given to us from the lip of the speaker the "cream," the real "gist" of the subject. Many lectures are on subjects not in the line of books, and the question discussed must be imparted—by other modes.

In the lecture at the M. E. Church by Rev. Brown we have a subject by an eyewitness—the impressions made upon a close observer during a period of nine years. The lecture will no doubt be replete with interest.

TO BE CONTESTED.—Last week, according to the Bedford papers, Mr. Cessna served a notice of contest on Mr. Myers, who has been declared elected to Congress from this District, on the grounds that the vote of Concord township, in this county, should be rejected from the count, because the tally paper, and not the certificate of the vote, was returned to the Board of Returned Judges, and that the vote of persons resident at the Alps House, are fraudulent. He also specifies the vote cast along the Railroad in Somerset County as illegal, and gives the names of twelve persons of Bedford Borough as illegal voters.

DEATH OF AN ESTIMABLE MAN.—On Monday morning, 7th inst., Mr. D. M. Tride died at the residence of his father in the Leitersburg District, aged 29 years. Mr. T. was for several years engaged in the mercantile business of this town, but on account of failing health he disposed of his store a few months ago, and retired from business. He was a very estimable gentleman, correct in his business intercourse, and exemplary in all the relations of life. He was a member of Potomac Lodge of Odd Fellows of this town, who followed his remains to their last resting place in Rose Hill Cemetery on the day succeeding his death.—Hagerstown Herald.

THE LADY'S FRIEND FOR DECEMBER.—We have heard enthusiastic readers declare that this holiday number was the best that has ever been issued, and when we look at the varied and superb embellishments and the captivating stories, we are inclined to think it is so. The literary matter, in prose and poetry, place this magazine at the head of its class, and the editorial department with many readers, is the special attention. Great inducements are now offered to new subscribers. Price \$2.50 a year (which also includes a large steel engraving.) Four copies, \$6. Published by Deacon & Peterson, Philadelphia. Sample copies sent free.

THE OLD "TAPEWORM."—The Gettysburg Compiler says:—On Thursday Messrs. Townsend, Maltby and Northrop, all of New Haven, visited this place, and in the afternoon inspected the old "Tapeworm" Railroad as far as Myers Mill. They were very agreeably surprised by the amount of work done, as well as its durable character, and consequent preservation; and had no hesitation in announcing an early extension of the road from Gettysburg over the route so nearly completed.

THE LAST CHANCE.—It is not possible that Ladies will again have the opportunity of buying Furs of the same quality at such low prices as they are now offered at Updegraff's Fur Factory opposite the Washington House, Hagerstown. A chance such as this is not offered more than once in a life time. Go see and you will believe.

Young men desiring a practical business training will find DUFF'S MERCANTILE COLLEGE the oldest, the most reliable, and permanent institution of the kind in the United States. Circulars can be had by addressing the principals—P. Duff & Sons, Pittsburgh, Penn'a.

Hon. W. D. Murphy, formerly of Leitersburg, Md., has been re-elected to the New York Assembly from Albany county by a majority of 300.

Men's Clothing, Underclothing, Gloves, etc., cheap, at Weynant's, S. E. cor. Diamond.

The people of Buffalo were sleighing last week.

The Democratic majority in Maryland at the late election, official, is 19,067.

New York is to have a two-story omnibus line, with seats inside and on top.

Hanlon, on trial in Philadelphia for several weeks for outraging the person and murdering little Mary Mohrman two years ago, has been found guilty of murder in the first degree.

General Jubal Early owns one of the fastest running horses in the South. He calls him "Fremont." It would be interesting to know whether this animal can beat Jubal's own time through Winchester five years ago.

Secretary Fish, says the Balt. American, has submitted to an interview regarding the European situation. He thinks the attempt of Russia to abrogate the treaty of 1856 for the neutrality of the Black Sea will not necessarily result in war, but that present complications may find solution in a Peace Congress of all the European Powers. He believes that such an international conference may also attempt to settle the difficulties between Prussia and France. The former, however, will repel all such attempts. In fact, the present condition of Europe is purely problematical, because there are many influences at work which may develop unexpected and astounding results. The existence of the present Government in France mainly depends, he thinks, on the result of the peace treaty between it and Prussia when it is made. If France succeeds without a cession of territory it will be able to maintain itself with the people, but if it is compelled to make a cession it will be overthrown. The empire is at an end, and the only Government that can follow the Republic will be a kingdom with one of the Orleans or Bourbon family at its head.

Dr. Schoeffer.—The Harrisburg Telegraph says a petition signed by the jail physician, Sheriff Thompson, and other citizens of Carlisle, has been addressed to the Governor, setting forth that Dr. Schoeffer's long confinement of over twenty months has greatly affected his health; that he has had several copious hemorrhages from his lungs; and that, inasmuch as grave doubts of his guilt have been expressed by many disinterested medical societies as to the conclusiveness of the evidence in establishing his guilt, they therefore invoke the Executive clemency in behalf of the prisoner, and pray that the Governor 'will grant to the said Schoeffer a pardon upon any condition which he may see proper to attach to the same.'

CURE FOR CONSUMPTION.—Take a large handful of bearhound and boil as strong a tea as can possibly be made. Boil an equal amount of mullen in the same way. Take a teaspoonful each of mullen and bearhound, mixed together in a suitable vessel; then add a cupful of molasses and stew to a syrup—the quicker the better. Take a teaspoonful three times a day. It is not best to make more than a quart at a time, as the fresher it is the better effect will be produced.

The death of Senator Watt was announced on Friday last, at his residence in Philadelphia. This creates a vacancy in the first Senatorial District. Mr. Watt was a Republican, and his death makes the parties in the Senate a tie—16 to 16. A special election to choose his successor must be held under a writ directed by the Speaker of the Senate to the Sheriff of Philadelphia.

The siege of Strausbourg lasted thirty one days. During that time 241 guns were employed throwing balls, shells and projectiles of various kinds into the fortress.—These numbered, in all, 193,722. On an average 6,249 were thrown every day, 269 every hour, and from 4 to 5 every minute. Fancy any place, however strong, standing that kind of treatment one month!

In San Francisco last week a gentleman invested five dollars in the Mercantile Library Lottery and drew the capital prize of \$100,000 in gold, which was promptly paid. The lucky man in the exuberance of his great joy ordered the distribution of \$10,000 to the poor. That's what we call overflowing with joy to some purpose.

The druggist H. T. Helmbold has brought suit against the N. York Herald for \$100,000 damage for ridiculing and abusing him in its columns, because as he alleges, he had withdrawn his advertisements from that paper.

THE SINGER'S SEWING MACHINE PATENT.—One of the Singer sewing machine patents expires next Friday, and the refusal to extend it is officially announced to-day.—The Commissioner of Patents states, however, that the refusal does not throw the right to make the Singer sewing machines open to the public, as there are a number of other patents having several years yet to run, which protect the Singer Manufacturing Company in the exclusive right to manufacture their machines. Several of the existing patents do not expire until 1877, and one of them, the Commissioner states, covers substantially the same points as the one that expires next Friday.—From the New York Times of Nov. 3.

HEADACHE, NEURALGIA AND NERVOUS DISEASES!—The wonderful effects of Dr. J. Briggs' Alligator, for the speedy cure of the above very prevalent and painful affections, is known to many thousands who have used it with the most unqualified success. In every case of the complaints above enumerated it has never failed to give immediate relief. Its effect is magical beyond precedent. One trial will convince the most skeptical.—Sold by all druggists, each bottle making two quart when diluted for use. Sold by F. Forthman.

CORNS, BUNIONS, BAD NAILS, CALLUSES, &c.—It is an astonishing fact that one out of every ten persons we meet are sorely troubled with their feet. Very few are exempt. Dr. J. Briggs' popular remedies—Curative and Alligator—are reliable and certain in their effects. The Curative for sore and tender corns, bunions, bad nails, &c., is a soothing balm for wounded feet, and rapidly cures the worst cases. Alligator, for the cure of common corns and bunions and the prevention of all corns, is a puzzle to scientific minds. Sold by F. Forthman.

Helmbold it is said, invests nearly half a million a year in advertising. His success shows what printers' ink will do.

Archbishop Spalding had an enthusiastic reception in Baltimore last week on his return from Rome. There was an imposing procession, and at the conclusion of the exercises at the Cathedral, the clergy and many others saluted the Archbishop by kissing the ring on his right hand. Resolutions were adopted denouncing the occupation of Rome by King Emmanuel.

Coughs, BRONCHITIS, &c.—Use Briggs' Throat and Lung Healer. Sold by F. Forthman.

A Georgia darkey bet ten dollars he could drink a quarter of Atlanta whiskey. The wager was promptly paid to his widow.

A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK. Beware of cheap Whiskey, French Brandy and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE perfect Restorer and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell. \$1.00 will be given for incurable cases, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Dropsy of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiating Blood, which is generally produced by derangement of the Digestive Organs. DYSPEPSIA OR INDIGESTION, Head ache, Pain in the Shoulders, Cough, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. They invigorate the Stomach and stimulate the torpid liver and bowels, which render them unequalled in clearing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Itch, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scars, Discolorations of the Skin, Tumors and Diseases of the Skin, of whatever name or nature, they directly dig up and carry out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect. Cleanse the Vitiating Blood whenever you find it impure by purging through the skin in Pimples, Eruptions, &c.; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is hot, and your feelings will tell you when. Keep the blood pure and the health of the system will follow. FOR RHEUMATISM AND OTHER WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish. J. WALKER, Proprietor, R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 22 and 24 Commerce Street, New York. Beware of cheap imitations. ALL WHOLESALE DRUGGISTS AND DEALERS.
