DECEASED.—Albert Bigham, Esq., a well-known citizen, expired at his residence near Smithburg, Md., on the 22d ult. Mr. B's health had been failing him for several years, and he finally sank a victim to that fatal malady, consumption. He was in about the 45th year of his age.

R. at all the principal stations to members of the regiment who desire to attend the re union, to be held at Chambersburg on the 13th of this month, upon application for the same at the principal stations along the line of the road.

BARN BURN'T.—The barn of Wm. Johnson, near Shrewsbury, York county, was destroyed by fire on Friday night last, together with eight milk cows, three horses, grain, farming implements, &c., causing a loss to Mr. J. of \$5000, on which he had only \$800 insurance. A roan horse was stolen and the barn fired by the thief.

HORRIBLE.—A tragedy is reported from Dry Ridge, Bedford county. On Sunday a week, as Michael Gordon was seated at breakfast, his wife struck him with an ax, one blow on the forehead, another immediately above the right ear, breaking the skull, and a third above the left ear. He lingered in an insensible condition until Tuesday, when he died. The first information the neighborhood had of the tragedy was given by a little daughter of Gordon's, who ran to a neighbors screaming, 'Mamma is killing papa with an ax.' The pair lived unhappily together, and quarreled frequently—had sharp words that morning.

A man arrived in Kansas City a few days ago, from Omaha, who had been a captive in the hands of the Indians for fifteen years.—Ill., his early

A CASE OF FATAL BURNING.—On Thursday afternoon of last week two little daughters of Mr. James Kilts, residing a few miles North west of this place were left temporarily by themselves, their mother having gone to a neighboring house on an errand. It appears the children were engaged in paroling corn, and that one of them was in the act of removing the pan or skillet containing the corn from off the stove, fire was communicated to her clothing. Becoming frightened her first thoughts were of her mother and leaving the house she ran in the direction of where she had gone. Before any assistance reached her, however, the fiery element had done its work effectually, every particle of clothing, with the exception of its shoes and stockings having been burnt off it. The little sufferer was at once conveyed to its home, Dr. A. H. Strickler summoned to its assistance who did all in his power to alleviate its sufferings, but its injuries were of such a character that it expired that same night about 1 o'clock. The deceased was between seven and eight years of age.—Mercersburg Journal.

THE LECTURE.—Will our town and country people remember the lecture at the Metho. Epis. Church on Saturday evening next, Dec. 10th. Rev. Mr. Brown, the Lecturer, has been nine years in India, and we are informed the lecture will be full of strange, startling and amusing incidents descriptive of the peculiar habits, superstitions, and religious ceremonies of Idol Worshipping Hindoos, and bigoted followers of the False Prophet.—Among the topics introduced will be Traveling in India, Bathing in the sacred Ganges, Idol Temples and Worship, Infanticide, Burning the Dead, Bloody Sacrifices, Mechanics and their odd ways of working, Hot Winds, Climate, Reptiles and Insects, Expert Jugglers, Missionary work among the people etc. Numerous Curiosities illustrative of the subject, will be exhibited by the Lecturer.

COPPER SPECIMENS.—Sometime since we adverted to the fact that D. B. Russell, Esq., of this place, was prospecting for Copper Ore on his land on the South Mountain, not far from Monterey. Last week he exhibited to us two more surface specimens which exceeds anything of the kind we have yet seen. It is estimated that they will yield at least ninety per cent. of pure copper. It is the opinion of geologists that ore abounds in that region in great quantities. Workmen are now engaged in sinking two shafts near the rocks from which these specimens were taken. Mr. R. is confident of ultimate success, and we trust his expectations may be fully realized.

SEWING SOCIETY.—Our near neighbor, Mrs. Middour, was elected President of the M. E. Sewing Society. We understand the Society meets weekly, at the several homes of the members, and are now prepared to do all kinds of plain and fancy sewing and quilting. It would seem our Methodist ladies are fully awake to Church improvement. While they expect to give a full equivalent for those buying tickets and attending the lectures, gotten up under their auspices, the purchaser has an assurance that all above expenses goes to Church improvement. In the work of their own hands, the proceeds go to the same object.

We are indebted to U. S. Marshal, E. M. Gregory, for the complete census returns of Franklin County:

Table with 2 columns: Township, Population. Lists Lurgan, Fannett, and Southampton Townships, Green, Letterkenny and Metal Townships, North Ward of Chambersburg and Hamilton Township, St. Thomas and Peters Townships, Warren and Montgomery Townships, and Mercersburg Borough, South Ward of Chambersburg, Guifford and Quincy Townships, Antirrhine Township and Greencastle Borough, Wayneboro' and Washington Tws., and a Total of 45,383.

FAMILY BURNED UP.—About three o'clock on Saturday morning, says the Harrisburg Telegraph, a fire occurred near Markleville, Perry county, eight miles north west of Newport, totally destroying the dwelling of Mr. John P. Boyer with all the contents, together with Mr. Boyer, his wife and two children (a boy and girl), aged respectively 12 and 14. The only one saved was Mr. Boyer's son Thomas, who escaped from the devouring element by jumping out of a window in his night clothes. The fire is supposed to have originated from the explosion of a coal oil lamp, the flame of which had been turned low and left burning. The whole community is in mourning over the heart-rending calamity.

HOMICIDE.—On Wednesday last William Wills was shot and instantly killed by Martin Carbaugh. Both reside in the mountain. Franklin township, a short distance south of Newman's old-tavern stand. It is reported that the parties have not been on good terms, and that Wills called at Carbaugh's on Wednesday for a saw which the latter was repairing for the former, when they got into an altercation, during which Carbaugh seized a gun, or pistol, and shot Wills in the breast, resulting in his instant death. A warrant has been issued for the arrest of Carbaugh.—Gettysburg Star.

Cincinnati mourns the loss by suicide of the German who started the first lager beer saloon in that city.

Young men desiring a practical business training will find DUFF'S MERCANTILE COLLEGE the oldest, the most reliable, and permanent institution of the kind in the United States. Circulars can be had by addressing the principals—P. Duff & Sons, Pittsburgh, Penn'a.

Both Houses of Congress assembled on Monday and at 1 o'clock the President's Message was read. It is of course too lengthy for our limited space, but we may give a synopsis of its contents in our next issue.

THE WAR.—During the past few days heavy battles have been waged between the Prussian and French armies, the accounts of which are very conflicting. King William announces officially that his arms have been successful everywhere, whilst French accounts claim that they have achieved several important battles. The loss of life sustained between the belligerents is represented as fearful. It is the opinion of those well informed that the struggle cannot continue long, and that ultimate triumph favors the Prussians.

At a fair in New York, a young lady, described as 'an heiress, beautiful and accomplished,' offers herself to be raffled for.—No married man, or bachelor over 25 to be permitted to take a ticket. She says she is convinced 'marriage is a lottery,' and wants to prove it.

For the Record. The Teacher's Institute. Editor 'Village Record'—Your issue of December 1st has been delivered by the carrier, and in it I find no Report of our late County Convention of Teachers. I am disappointed. I think some one of our teachers in the profession should have sent you a good Report, as it might have been an item of interest to many of your readers. Permit me, at this late hour, to submit a brief Report to the friends of Education.

The Teacher's Institute of Franklin County convened in the Court House at Chambersburg, according to announcement, on Monday, Nov. 21st, 1870. Last year the highest number of Teachers present was said to be 166. This year the number was estimated at about 200. This speaks well for the teachers of our County. There being 242 teachers in the county, we are inclined to wonder why they should not very nearly all be present at the Institute, for it is not only desirable that they should be in attendance, but that they should take away with them the good instruction and wholesome suggestions there presented. May we not hope that teachers will more and more appreciate our Institutes?

Prof. Robert Kidd, the eloquist of Cincinnati, gave lectures throughout the sessions on the art of Elocution. He excels in this great art. We have reason to believe that the teachers were much pleased with his lectures, as they were highly interesting and instructive. He showed how sounds, words, and sentences should be uttered in order to express their meaning plainly and correctly. This was one of the things which should have been carefully observed by every teacher, and carried with them into their schoolroom practice.

On Tuesday and Thursday evenings, Prof. Kidd gave eloquisty entertainments. His selections were rich with interest, and, no doubt, proved instructive to many of the audience. Prof. Raub, of Look Haven, lectured on the different branches of English study, such as Geography, Grammar, Orthography, Arithmetic, &c. The teachers seemed pleased and instructed. Prof. Raub exhibited a good degree of experience in the profession. Two years ago he occupied a Professor's chair in the 'Keystone State Normal School'.

O. H. Miller, of the State Department of our Common Schools, read an essay or lecture on the education of children. It was rather lengthy, but well written, and revealed some great truths in regard to the necessity of general and thorough instruction by teachers who are alive to the noble work.—Mr. M. gave us some statistics and a glimpse at the condition of our school system, of which I may give our readers a brief report in a forthcoming number of your paper.

Prof. J. H. Shumaker, of the Academy at Chambersburg, delivered lectures on Astronomy; also, on the study of Language, and Arithmetic. On the afternoon of Thanksgiving Day, the Institute, in compliance with a request, visited Wilson State College which has just recently received a charter of Collegiate powers. On Friday afternoon, the 26th, the Institute adjourned. Respectfully, D. B. M. Wayneboro', No. 2, 1870.

HEADACHE, NEURALGIA AND NERVOUS DISEASES.—The wonderful effects of Dr. J. Briggs' Alligator, for the speedy cure of the above very prevalent and painful affections, is known to many thousands who have used it with the most unqualified success. In every case of the complaints above enumerated it has never failed to give immediate relief. Its effect is magical beyond precedent. One trial will convince the most skeptical.—Sold by all druggists, each bottle making two quarts when diluted for use. Sold by F. Forthman.

CORNS, BUNIONS, BAD NAILS, CALLOSITIES, &c.—It is an astonishing fact that nine out of every ten persons we meet are sorely troubled with their feet: Very few are exempt. Dr. J. Briggs' popular remedies—Curative and Alligator—are reliable and certain in their effects. The curative for sore and tender corns, bunions, bad nails, &c., is a soothing balm for wounded feet, and rapidly cures the worst cases. Alligator, for the cure of common corns and bunions and the prevention of all corns is a puzzle to scientific minds. Sold by F. Forthman. Those who desire a good article to restore gray hair to its youthful color, we would recommend to purchase Hall's Vegetable Sicilian Hair Renewer; a most excellent and valuable preparation.—Sold by all Druggists.
