^a Dr. P. FAHRNEY'S ^a Blood Cleanser of Panacea.

As a medicine for children, the Panacca is, in every way, calculated to take the place of the endics wariety of drugs which are annually sold for that purpose, and which are of envery injurious. A medicine which yes acsess the qualities of a cathartic as well as a mild alterative, and which is capable of arressing disease without the least injury to the child, is of incalculable value to every mo her. As a cathartic, it is very effective, yet there is not the taste, which is a very important feature as a medicine for children. As a prerentites of disease it is unprecedented, as it acts directly upon the digestive organ and the blood. In all scrofulous disease, it is the most cleetive medicine ever observed to the public; and, if given regularly and perseveringly, those cumulties of Co., Warnesbore, Pa, and Dr. P. Frahrney's Bros. & Prepared by P. Fahrney's Bros. & Prepared by P. Fahrney's Bros. & Prahrney's Alley of cases to common to children may be entirely evadicated.

Hair Vigor,

A dressing which is at once agreeable. healthy, and effectual for preserving the bair. Faded or groy hair is soon restored to its original color, with the gloss and

freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, eured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the bair from turning gray or falling off, and consequently prevent baldness.
