Ayer's Cathartic Pills,

rethaps no one medicine is so universally required by everyholdy as a catharic, flar was ever any before so universally required by everyhold as a catharic, flar was ever any before so universally sidopted into use, in every country and smong all classes, as this mild but efficient polylous reason is, that it is a more reliable and far more effected it, how that it oursel them; those who have not, know that it cures their neighbors and diends; and all know that that it does once it does always—that it never falls through any faultor neggect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither cationel nor any deleterious drug; they may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take, while being purely regetable, no harm can arise from their use in any quiantity.

They operate by their powerful influence on the internal riscers to purily the blood and athaulate it into healthy action—remove the obstructions of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper off the body, for the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Existing the stom ach, and restore its healthy then and action.

For Liver Complaint and its various symptome, Billious Revented the obstructions which cause it.

For Dyspensory or Diarrhoen, but one mild dose is generally required.

cause it.

For Dysontery or Diarrhoea, but one mild dose is generally required.

For Rheumatian, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Hack and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

pathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and howels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often indis that a dose of these Pills makes him feel decidedly better, from their cleansing, and renovating effect on the digestive apparatus.
