IMPORTANT TO FARMERS.

RAMSDALL NORWAY OATS.

THIS Oats is far superior to any other for its great yield per acre and excellent quality. The stalks grow firm and do not lodge early, many of them bearing from 150 to 250 bushels.

CUSTOMERS. We have evidence that many bushels were sold last season under this name, which was an entirely different and inferior grain. This seed was obtained from U. W. Ramsdall, and is warranted genuine, free of all foul seeds. Furnished in any amount desired.

Dr. P. FAHRNEY'S

Blood Cleanser or Panacea.

As a medicine for children, the Panacea is, in every way, calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is capable of remedying disease without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very effective, you do not, if given in proper quantity, cause nausea or distress to the stomach or bowels. It is very pleasant to the taste, which is a very important feature as a medicine for children. As a purgative of disease it is unexcelled, as it acts directly upon the digestive organs and the blood. In all scrofulous diseases it is the most effective medicine ever offered to the public. It is not irregularly and capriciously, those grapple diseases so common to children may be entirely eradicated.

Prepared by P. Fahrney's Stock, & Medicine Co., Waynesboro, Pa., and Dr. P. Fahrney, 39 W. 27th Street, New York, N. Y., Wholesale and Retail.

December 8-1y.

GEISER M. CO.

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR

CLEADER, BAGGER AND POWERS

No implement more important to the farmer than a First-Class Grain Thresher and Cleaner—for none pays him so well and speedily.

The above cut shows the ONLY GEISER MACHINE now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with first class workmen and material this machine stands high up above all its class. As a Separator it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thoroughly thresh and clean grain, fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily operated and operated by those unskilled
