**CARSON'S STELLAR OIL**

THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oil, known under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to

**CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES**

The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and now offers to the public, such a substitute, in

**"CARSON'S STELLAR OIL."**

It should be used by every family because it is safe beyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it perfectly safe, thus insuring the lives and property of those who use it. Its present standard of safety and RELIABILITY will always be maintained; for upon this the proprietor depends for sustaining the high reputation the STELLAR OIL now enjoys.

To prevent the adulteration of this oil with the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in fire-gallon cans, each being sealed and stamped with the trade-mark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. None is genuine without this trade-mark.

It is the duty and interest of all dealers and consumers of illuminating oil to use the STELLAR OIL only, because it alone is known to be safe and reliable. It is for sale by

**PRIVATE SALE OF VALUABLE TOWN PROPERTY!**

THE subscriber offers his Valuable Homestead, situated in Waynesboro, containing 2 Acres of well Improved Land. The improvements consist of a large two story

**BRICK DWELLING HOUSE,** newly fixed up and painted both in and outside. Good Water supplied by hydron in the kitchen. Also a new two-story

**BRICK WASH AND BAKE HOUSE,** containing two good Dwelling Rooms and Smoke House up stairs, all connected with the main dwelling house; also near by is a new two-story Frame Work Shop, Wood and Coal House combined, together with other necessary out-buildings. The yard and surroundings of the house are made pleasant and desirable by convenient Brick Pavements, Sand walks and about two dozen Shade and Ornamental Trees; about

**100 YOUNG FRUIT TREES,** of all the choicest varieties.

This is one of the most desirable and finest located Homesteads in this town or neighborhood being situated on an elevation unobscured by other properties and affords a magnificent view over the town and all the surrounding country.

The soil is in a high state of cultivation and is of a nature that makes it more than ordinarily productive, and in both the wettest and driest seasons the situation being high and on the sun side is well calculated for growing early and late, both for Family and Marketing purposes.

Good terms will be given, and if not sold before the 25th of March next, it will be offered at Public Sale on that day.

**THE MORNING GLORY FOR '69.**

For sale at W. A. TRITTE'S new Store and Tin Store. He has on hand a large stock of the above stoves, all of the late improved kinds.

There is added to the Morning of this year an oven, which is neat in appearance. It is a good Baker. You can heat Irons, Bake, Boil, Roast, Stew, and it does not interfere with the operations as a Parlor stove.

In regard to the blast of some Stove Dealers, who say that their particular stove takes less coal and gives more heat than the Morning Glory, you can put that kind of talk down as a Blow-out, as the Morning Glory has been sold (in this part of the country) for four years, and in that time I have put out over three hundred of them, and never had to take one back because it would not do its work or it was not what I sold it for. Now that cannot be said of any other stove ever offered in this market. That is the proof which is the stove.

I have other styles or heating stoves for coal or wood. Heating Furnaces put up and warranted. My Cook Stoves are of the best in market for coal or wood, all warranted good Bakers. Also a new Parlor Cook stove, something that can't be excelled.

Call and see me. You will find my stock of Tin Sheet-iron and other wares of the best kinds, and at low rates.

On hand, the best Clothes Wringer in market. Also a good and cheap Washing Machine. Roofing and Spouting done of the best stock and at short notice. Job work of all kinds in my line done at low rates. The only place in town where you can get your copper work done, being the only Copper Smith in the place.

**GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR**

No implement more important to the farmer than a FIRST CLASS GRAIN THRESHING AND CLEANER—for none pays him so well and perfectly.

The above cut shows the ONLY GEISER MACHINE now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with first class workmanship and material this machine stands high in the estimation of all those who have used it. It is equal to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thresh, weigh, clean and clean grain. It is made to run on grain direct from the machine commands from 2 to 3 acres a day, and is a great saving in time and power, as it is superior to any existing machine.
