

VILLAGE RECORD.

WAYNESBORO.

Thursday, March 2, 1871.

Philadelphia has over two hundred carpet factories in operation.

The New York Tribune is divided into one hundred shares, per value \$1,000, but their present market value is \$800.

Mrs. Susan Rusk, of Allegheny county, Pa., died last week, at the age of 117, leaving an orphan daughter only 98 years old.

The Republican Pennsylvania State Convention, which was to have been held on the 10th of March, has been postponed until the 17th day of May next.

The Virginia House of Delegates on Saturday concurred in the Senate amendments to the Washington and Richmond Railroad bill, and it is now a law.

Vessels with over fifteen thousand barrels of flour on board sailed from New York on Saturday for the relief of the sufferers in France.

President Grant has signed the bill which recently passed both Houses of Congress, providing a new mode of government for the District of Columbia, which is to consist of a Governor who is to hold office for four years, a Secretary, and a legislative department, consisting of a council of 11 members, and a House of Delegates of 22 members.

Four bills were recently introduced into the Senate of Pennsylvania on one day authorizing the Pennsylvania Railroad to purchase the property of the Western Pennsylvania Railroad, of the Columbia Bridge Company, of the Tyrone and Clearfield Railroad Company, of the Wrightsville, York and Gettysburg Railroad Company, and authorizing these companies to sell.

Late despatches definitely and finally settle the terms of peace between France and Germany have been agreed upon. Thiers, Favre and the Consultative Committee of the Assembly, who have been in conference with Bismarck at Versailles, have accepted conditions comprising the session of Alsace, except the fortress of Belfort, in the Vosges; the fortress of Metz; the surrender of some other fortified towns as a hostage until the Assembly ratifies the agreement, and payment of five milliards of francs, nearly equal to a thousand millions of dollars. The German army was to enter Paris on Monday. The result of the negotiations was laid before the National Assembly, which is still to decide upon their acceptance or rejection. Dispatches from Paris say that it is hoped they will be concurred in. The London Telegraph has a despatch from Amiens stating that it is reported there that England has interfered to prevent the surrender of Metz. There are neither facts nor indications to confirm such a rumor.

P. E. Later news is to the effect that the Emperor William telegraphs from Versailles to the Empress Augusta that the preliminaries of peace have been signed and are yet to be ratified by the National Assembly. The repudiation at the terms of peace contradicts the statement published, and it is stated that France will be allowed three years in which to pay the indemnity, nearly a thousand million of dollars, and that certain fortresses will be held until it is paid. In the consultation at Versailles Thiers made a strong effort to retain Metz for France, offering a large additional payment in place of it, but Bismarck refused to yield. Whether the Germans will or will not enter Paris is still in doubt, directly contradictory statements being made on the subject, but it seems probable that thirty thousand troops only will march into the city and occupy a limited space. The Parisians regard it as the crowning humiliation to them, and some of the journals advise that the occasion be observed as a day of general mourning.

COMPULSORY EDUCATION.—A bill has been introduced into the Legislature, providing for Compulsory Education. It provides that all children, of sound mental and physical health, between the ages of 6 and 11 years of age, shall be required to regularly attend some school; public or private. The penalty attached to the violation of this act, is to be \$1 per day fine; and one day's imprisonment of the parent or guardian, for each day's absence of the pupil; the money so obtained to go into the school treasury. School boards are to supply the necessary books, and appliances to those who are unable to provide themselves. All children are required to attend school at least three months in each year.

The Workingmen's Benevolent Association met the Committee of the Anthracite Board of Trade at Pottsville on Saturday and refused to accept the terms offered to the miners for the resumption of work.—This effort for a reconciliation seems to have failed, and the operators say the men will hold out a month longer unless they receive the three dollar bonus. New York is suffering most from the strike, coal there selling up to fifteen dollars per ton.

Col. Thomas E. Chickering, of the firm of the best piano manufacturers, who died suddenly in Boston on Tuesday, had \$80,000 lying down on his life.

LOCAL MATTERS.

SALE REGISTER.—The public sales advertised through the columns of the Village Record come off in the following order:

John Harbaugh & W. S. Ambers; 2 1/2 miles South of Waynesboro, March 3.

John Ervin, one mile West of Waynesboro, March 7.

Jacob Leiber, near the Marsh Store, March 8.

Henry Schriver, near Antietam Junction, March 9.

Saively & Miller, Waynesboro, March 11.

Carbaugh & Leeson, 1 mile Southwest of Waynesboro, March 14.

Daniel Holsinger, 1 1/2 miles Northwest of Waynesboro, March 17.

W. B. Moon, near Quincy, March 15.

Christian Shockey, between Ringgold and Pikesville, March 21.

Peter Geisler, Waynesboro, March 25.

NOTICE TO PATRONS.—As the first of April is not far distant we make the usual appeal to those in arrears at this office for subscription, job work and advertising, to call and settle their accounts. Like the generality of persons in public business, we have payments to make on that occasion. We dislike denying, on account of our more prompt paying patrons, and only refer to those who have treated our former appeals with indifference. To say the least of it, it is unreasonable, if not downright carelessness or something worse, for a subscriber to withhold payment for a half dozen or more years, knowing, as he must, that the Printer is required to pay cash for paper, ink, labor, etc. After the 15th inst. this class of patrons, whether near or distant, will each receive through the P. O. bills of their indebtedness. That further delaying may not be necessitated we request a general response.

Butter is 20 to 25 cents per pot.

Spring commences on Tuesday the 31st.

Apples are scarce and inferior at 40 to 50 cents per peck.

The days and nights will be equal in length on the 20th inst.

Now is the time for grape and tree pruning.

Easter this year falls on the 25th day of April.

The Central Pennsylvania Conference of the M. E. Church will meet in Carlisle on Wednesday next.

SALE BILLS.—To have the master of a \$5 sale bill conspicuously arranged and printed for \$3.50 call at the Record office.

March came in like a lamb, and, as a matter of course, must go out as a lion.—So the man with the "white hat" affirms.

An exchange proposes to exchange subscription for potatoes. More printers are willing to take some "murrhys" in the same way.

OLD.—An old colored woman, widely known as Aunt Hannah Smith, recently died at Mechanistown, Frederick county, aged 109 years.

TEMPERANCE.—The appointments for Temperance lectures by Rev. Thomas Roberts, Grand Lodge Lecturer of the I. O. G. T., to take place in this county are as follows: Greencastle March 7th; Waynesboro 8th; Quincy, 9th; Mt. Alto, 10, and Fayetteville 11th.

FISH.—Our generous neighbor, W. A. Reid, has placed us under obligations to him for another present of choice fresh (pike) fish. To-morrow he will receive another supply direct from the city market. He gives this branch of business special attention. Patronize him instead of those who carry your money to other towns.

INTERESTING WORK.—Mr. James C. West is agent in this township for the sale of an interesting work entitled "Palace and Hovel, or Phases of London Life" by the popular author, Daniel Joseph Kirwan. It is complete in one large and beautiful volume of over 650 pages, handsomely illustrated. Delivered to subscribers at prices ranging \$5.00 to \$5.50, according to style of binding.

GRUNTLING.—We occasionally hear of a subscriber here and there complaining about the crowded state of our advertising columns. As this state of things, the Printer's "harvest season," continues for a few weeks only, we can do no more than ask their forbearance until it has passed. We propose adding some improvements to the paper in the spring, which we hope will make up any losses this class have sustained from too many advertisements and lack of reading matter.

LARGE SALE.—To-morrow (Friday) the extensive sale of personal property by Messrs. Harbaugh & Ambers; assigns of Mr. Henry Oake, will take place. His horses, cattle and hogs are first class stock, and the farming implements, etc. are all good, not having been long in use.

Mr. O. ranks among our most industrious and enterprising citizens, and was forced to an emigration by the pressure of the times and his consequent inability to make collections. We are pleased to hear that his assets are in excess of his liabilities.

FIRE.—The dwelling house of Mr. John Beaver one mile east of Loudon, burnt to the ground about 12 o'clock on Monday night, only a portion of the furniture being saved. The house and furniture was insured to the amount of \$2,500.

MONEY WANTED.

It will be seen by reference to our advertising columns that the School Board of this place want to borrow \$8,000, for which they propose issuing bonds, bearing interest at the rate of seven per cent. per annum, to be free from taxation. An opportunity is here offered for a safe and profitable investment of surplus funds. The funds are to be used towards the erection of the much needed and long-talked of School Building. For this want the cause of Education is languishing in our midst, and it is to be hoped the Board may succeed in securing the funds necessary for the work.

COMPLIMENTARY.—One of the editors of the Repository, Jer. Cook, Esq., in the last issue of that paper compliments our town in reference to its business, appearance, etc., and lastly expresses regret that his limited stay did not afford him time to call at the Record office. The regret is, of course, mutual, for we would have been glad to see our jolly contemporary, who has a "fat take," the office of Revenue Assessor for the Southern part of the county.

DISTRESSING ACCIDENT.—On Saturday evening last a small daughter of Mr. Daniel Hollinger, of this vicinity, 8 years old, met with a fearful and it may be fatal injury.—While passing along the road near her father's residence, a number of colts ran past her, one of which kicked her on the left side of her head producing a severe fracture of the skull. Drs. Hering and Snively were sent for and succeeded in removing the shattered and depressed portions of the bone. At last accounts she was doing well and hopes of her recovery were entertained.

VENUS is now evening star and will be until Sept. 16th. It is the bright star seen in the west just after sunset. It sets about half past six and will set 3 or 4 minutes later each day, until about the first of June when it will not set until about quarter past ten; after that time it will set earlier each evening—until Sept. 23, when it will be in inferior conjunction and rise and set with the Sun and afterward change from evening to morning star for the remainder of the year.

OLD SOLDIERS.—An act has been passed by Congress allowing soldiers or widows of soldiers of the war of 1812, still surviving \$8 per month from the date of its passage.—The law requires that they shall have been married previous to the year of 1816, 55 years ago, to secure a pension to the widow. If a soldier served at the age of 17, he is now over 50, most of them 75. In consequence, of the act being passed at this late day, few of the old veterans, comparatively speaking, will receive but little benefit, as the "sands of life" are rapidly passing away.

The petitions for the prohibition of the sale of intoxicating liquors which have gone before the Legislature this winter are overwhelming and unprecedented in number and strength of signatures. The local option bill is urged by a hundred thousand petitioners, whose memorials are now on file in both Houses.

A LARGE FUNERAL.—The funeral of Mr. William E. Kahnes, the young man who lost his life by the accident in Mr. A. B. Barnhart's store, at the State Line, which we chronicled in our last issue, took place on Monday of last week, and was the largest which had taken place in that neighborhood for many years. There were one hundred carriages and one hundred and fifty horsemen in the procession. This is an evidence of the love and esteem which the people of that vicinity bore to this unfortunate young man.—Spirit.

AT WORK.—On the 13th ult., at Bedford, the commission of Hon. Wm. M. Hall as President Judge of the 16th Judicial District was read, and His Honor, Judge Row, then administered the oath of office to Mr. Hall, who immediately proceeded with the business of the courts. We presume that Judge Hall will preside at the April term of our Courts.—Id.

Capt. Wm. Colkleser, formerly of Hagerstown, Md., died at his residence in Washington city, on the 16th ult., of dropsy of the chest. He served during the late war as first Lieutenant and then as Captain of a Company in the 7th Maryland Regiment.

BIG SALES.—Attention is called to the large sales of personal property in this issue by Messrs. Shockey and Moon.

If you would have no gray hairs use Hall's Vegetable Sicilian Hair Renewer, the only sure preventive.

The Cambridge Md. Democrat says that the people of that section are borrowing money at 20 and 30 per cent, and the young men standing about with their hands in their pockets, instead of going to work.—No wonder there is a cry of "hard times."—It is idle for any community to expect prosperity under such ruinous rates of interest and habits of idleness.

On Friday night, near Frederick, Md., a colored man named Gorgans shot and instantly killed a white man named Cornelius Wachter. Gorgans had been living with a white woman for some time, and it is alleged that the deceased and others attacked his home for the purpose of driving him away.

BUSINESS LOCALS.

WAGLEY & KURTZ.

A little boy at New Britain, Conn., who was sent by his father for liquor one night recently could not get in on his return, his father being too drunk to answer his call, and was found frozen to death on the doorstep in the morning.

A DREADFUL PUNISHMENT.—The age of miracles evidently has not ceased. A man went into a revival meeting in Lyonsville, Ill., a short time since, and was making fun of the penitents, when he fell to the floor, and was carried out in an insensible condition. A few days after he attempted to renew his sport in the same place, when he was stricken with paralysis, and, at last accounts, he had no use of tongue or limbs.

The President has appointed Milton Turner, a colored man from Missouri, and formerly a slave, minister resident and consular general to Liberia.

PLEAS.—Internal, External, Bleeding or Itching. This distressing and harrowing disease is alarmingly on the increase. More so, perhaps, from the fact that those who are afflicted from a false notion of delicacy, are afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect.—At the first intimation of the appearance of this complaint they should procure Briggs' Urivale Pile Remedy, and, using it according to directions, immediately check it and permanently cure it.—It is easy of application, and thorough in its effects.—Sold by F. Forthman.

CORNERS, COLDS, BRONCHITIS, ASTHMA, &c.—The above complaints, as Winter approaches, seem to be increasing in prevalence, and if not taken in time, either one may lead to that dreadful and fatal disease—consumption. What criminality to neglect them when the result may be so terrible! Briggs' Throat and Lung Healer is a positive remedy for all diseases of the throat, lungs and chest—never failing when used in the morning of affliction. Sold by druggists.

CORNS, BUNIONS, GROWING NAILS, &c.—The enormously increasing sales of Briggs' Allevator and Curative for the prevention and cure of the many painful diseases of the feet, bear witness to their wonderful superiority over all other like preparations. For years they have been steadily growing in favor, until now the great majority who are troubled with bad feet will use no other remedies. The Curative, for sore, tender and feathered corns and bunions, bad nails, &c., is soothing and healing, permanent curing the worst cases when used according to directions. The Allevator, for the cure of all common corns and for the prevention and cure of all corns, bunions, &c., is "par excellence," the only article ever yet discovered that will produce a like result. Sold by F. Forthman, & Druggists generally.

HAIR'S VEGETABLE SICILIAN HAIR RENEWER. GRAY HAIR. Restored to its Original Youthful Color by its use.

It will make Hair grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported.

It will prevent the hair from falling out, and does not stain the skin.

No better evidence of its superiority need be adduced than the fact that so many imitations of it are offered to the public.

IT IS A SPLENDID HAIR-DRESSING! Our Treatise on the Hair sent free by mail. R. F. FRENCH & CO., Madison, N. H., Proprietors. For sale by all Druggists. Feb. 2-1 mo.
