

# VILLAGE RECORD.

## WAYNESBORO.

Thursday, March 23, 1871.

Sixty thousand horses were eaten in Paris during the siege.

It is not yet decided when Congress will adjourn—probably not until the first of May.

The House at Harrisburg, passed the joint resolution prohibiting the importation of Coolie laborers.

The Emperor Napoleon left Wilhelmshöhe on Sunday for Chiselhurst. It is alleged that he and Eugenie intend coming to the United States.

The French government is required to pay each German expelled from France during the war \$600, and as the number expelled is 120,000 the sum to be paid for this arbitrary piece of folly amounts to \$72,000,000.

Deputy United States Marshal Lopez, of the Fifth South Carolina Revenue District, while attempting to seize an illicit distillery in the possession of Zacariah Young, was attacked by the latter, and both drawing revolvers and firing simultaneously, both were killed at the first fire.

There will be a transit of venus across the sun, in 1874, and astronomers are already busy in making arrangements for its careful examination, as by it the distance of the sun from the earth is determined. The last transit of venus was in 1769, and since that time instruments of greater exactness have been made. Its results will be watched with interest by scientific men.

The election in New Hampshire, which took place on Tuesday, resulted in no choice for Governor. There were three candidates in the field—Republican, Democrat, and Labor Reform. As it requires a majority of all the votes cast to elect, and as neither had a majority, the question will go to the Legislature.

Of the sixteen Pennsylvania Governors since 1790, five are now living, to wit: Wm. F. Johnston, in Armstrong county; Wm. Bigler, in Clearfield county; James Pollock, in Philadelphia; Andrew G. Curtin (now Minister to Russia), of Centre county; and John W. Geary, present Governor, in Harrisburg.

In portions of North and South Carolina, Georgia and Mississippi the enforcement of the Internal Revenue laws is most impossible, and some of the officers have been driven from their posts. To protect them in their duties a bill will be introduced in the House of Representatives to constitute a revenue police force under the Commissioner of the Department.

Mr. Elliott, the negro member from South Carolina, made his maiden speech in the House at Washington on Tuesday, and attracted a good deal of attention. He is a very black man. His speech, which was against the removal of political disabilities, was very able, and at its conclusion he was warmly greeted by many prominent Republicans.

The Secretary of the Treasury has issued instructions concerning the redemption of copper, nickel and base metal coin of every kind, under the act of March 3, 1871. Parties holding such coin can send them to the U. S. Mint at Philadelphia, in sums of not less than \$20, and receive in return drafts of the U. S. Treasurer. Transportation must be paid by the parties sending the coin for redemption.

A Philadelphia has invented a clock that will measure the one-tenth-thousandth part of a second. The clock is described as a wonderful affair. The dialplate, which is sixteen inches in diameter, is separated into 5,000 parts, and the indicator revolves twice every second, the clock is set upon a table, beneath which the pendulum revolves, and the intricacy of the affair may be imagined when the statement is made that the entire works can be placed in a small cigar box. The government ordnance officers have accepted the instrument for the purpose of measuring the velocity of projectiles.

Soldiers are advised not to sell or part with their discharges, which are in active demand in the West. The new law of Congress so modifies the requirements of the Homestead act that a soldier or sailor who served ninety days or more during the rebellion, may deduct his term of enlistment from the five-year settlement hitherto required to perfect his title. For instance, if he served three years in the army or navy, he may acquire a full title to a quarter section of land by a residence of two years. These are evidences that the sharks are preparing to wring dishonest fortunes out of the law.

In the United States Capitol there is an aggregate of 988 spittoons, of which 148 belong to the hall of the house of Representatives, and 43 to the Senate Chamber, while 497 are distributed through the committee rooms and along the corridors and galleries.

There are about 15,879 Baptist churches in the world, with 1,882,024 members.

Pleasant lapse of time—The laps of pretty girls of eighteen.

# LOCAL MATTERS.

Moving day is coming

Garden making is progressing

Farmers have commenced the work of spring ploughing.

The grain never looked better at this season.

A first class nuisance—Printing office loafers.

One dollar greenbacks altered to two are circulating. Look out for them.

Already the hillsides are putting on the emerald green.

Many of our young ladies are fond of sitting up—with their beads.

Building Lots for sale in Quincey—See advt. of Joseph Middour.

Attention called to the advt. of Foreman & Waggoner, Painters, in this issue.

Saturday a week will be the first of April or All Fool's day.

Answer no confidential letters from New York offering you bogus money unless you want to be swindled.

Mr. Joseph Price of the firm of Price & Hofflich has gone East to select goods for the Spring trade. New goods next week.

The workmen on the Southern Pennsylvania Railroad continued their "strike" at last accounts.

Some outstanding for sale bills and advertising will be thankfully received before the first—Saturday a week.

GOOD INVESTMENT.—We are pleased to learn that the enterprising firm of Dr. P. Fahrey's Bros. & Co. of this place, have procured the services of Thos. H. B. Elliott, as traveling agent to sell the Blood Cleanser. Mr. Elliott is very pleasing in his manners and comes with the best of recommendations as a man of character.

Mr. Chas. F. Speck, son of Mr. Frederick Speck, of Quincey township, in this county, turns up editor of a sprightly and well conducted daily paper at Vallejo, California, entitled the *Daily Vallejo Register*. A year or more since we published a series of interesting letters from Mr. S. giving an account of his voyage from New York to San Francisco. Charlie is a fine writer and will attain, we predict, pre-eminence in the ranks editorial.

THE LECTURE.—Rev. Thos. Roberts, of Philadelphia, delivered a highly interesting lecture on the subject of Temperance, on Monday evening, in the M. E. Church, to a large audience. At the conclusion of the lecture the Franklin Lodge of Good Templars was reorganized. We understand the prospects for the future success of the order are most encouraging.

Dr. J. H. Cauffman, agent for Fahrey's Blood Cleanser, or Panacea, recently returned from a year's tour in Ohio. The Blood Cleanser was entirely a "new thing" there. His success in selling the Cleanser is shown by the large cash orders coming in from wholesale houses in that State. After a short visit to his family the Dr. will start out on another tour. He drives two splendid horses and a first class wagon. A better agent than Cauffman cannot be found.

THE WEATHER. The weather continues remarkably mild and agreeable for this stage of the season. From the first of the month to the present time we have had but one slight freezing. This is unusual for "stormy March" and fears are entertained by many for the safety of the earlier varieties of fruit. A cold snap within the next few weeks would materially, no doubt, damage our prospects in this respect.

GOKE.—Dr. John O. Stouffer, on Thursday last, started for Maryland to sell Fahrey's Panacea. His splendid wagon was well loaded and his two horses looked spry. To our surprise he came home on Saturday night sold out. He left on Monday morning for a long absence. The Doctor makes large sales of the Blood Cleanser. The "second orders," explain his efficiency in selling this Great Remedy.

Everybody knows how to render lard, but every one does not know that a handful of slippery elm bark put into it while cooking will prevent it from becoming rancid. It will not only preserve it perfectly sweet for any length of time, but will impart to it a most delightful flavor. Try it, everybody.

CALL ACCEPTED.—The Rev. S. Z. Boan, of Michigan, has accepted a call from the Grindstone Hill church of the Reformed church in this county, and will enter at once upon his field of labor. His post office address will be Chambersburg, Pa., where he will reside.

A teacher writing on school business makes the following remark in regard to parents visiting schools: 'I have had very few visits from parents, tho' I'll venture to say if I had the care of half so many of their Poland Chinas as I have children, they would come twice a week.' It is too true that parents and directors do not pay attention enough to the schools.

They hang five horse thieves and shot three more in Altoona, Kansas, one day last week, without judge or jury.

MIRINAR RAILROAD.—We are indebted to H. M. Sibbet, Esq., for a late copy of the *Broad Axe*, published at Cleversburg, Cumberland county, containing the following item of railroad news:  
Capt. Jos. Millin, with a corps of engineers, is now engaged, by authority of the board of Directors of the Mirinar Railroad company, in making the preliminary surveys west of the North Mountain with a view to extend their road directly to the Broad Top Coal fields. The route upon which the engineers are now engaged, between Burnt Cabin and Broad Top, is reported to be entirely practicable, and a road of easy curves and light grades can be built over it at a very moderate cost. Eastward from Burnt Cabin, via Cowan's Gap to Loudon the route has heretofore been located and is also of an easy character. It is the intention to put this part of the road under immediate construction, so as to connect, for the time being, with the Cumberland Valley Railroad, via the Merersburg and Loudon Road, at Marion, thus giving to the people of the Cumberland Valley at once direct access to the Broad Top coal fields.

Immediately upon the completion of the surveys west of the mountain, surveys will be made from Cleversburg by the way of Fayetteville, Mt. Alto to Waynesboro, with a view to connect with the Western Maryland Railroad at a point near the latter place. By this route our people will be brought in direct communication with the coal fields of the upper Potomac, and also some thirty miles nearer to the Baltimore markets than by the present route via Bridgeport and York. A survey of the country between Cleversburg and Rosbury will also be made with a view to extend the Mirinar directly to the Broad Top regions.

SUDDEN DEATHS.—We are compelled to chronicle the sudden death of Mr. Samuel White, which took place at his home near Fayetteville on Friday last. The facts as we heard them are these: On that day, a reception was given by his son Burns, who was married on the 22d ult., to Miss Lizzie Byers, of this place. Mr. White in company with several other gentlemen had, repaired to a room by themselves and taking seats commenced a conversation. Mr. Byers, of Chambersburg, one of the gentlemen present, noticed a singular movement on the part of Mr. White, and on going up to him found him dead. His death is supposed to have been caused by a stroke of apoplexy. His remains were followed to their last resting place (Cedar Grove Cemetery) on Sunday afternoon last by an immense funeral cortege. The deceased had united himself with the Central Presbyterian Church of this place at the communion preceding the last.

Mr. Frederick Walk, for many years a citizen of this county, and the owner of what is known as 'Walk's Mill,' also died at the residence of his son in Fayetteville, on the 17th inst.—Public Opinion

DIED.—Mr. Wm. G. Fanver, who met with an accident on the railroad at Marion last Monday, died at Boyd's hotel on Wednesday. The Spirit says: He attempted to cross the track in front of the Locomotive and was struck by the cow-catcher and knocked down. His right leg was thrown over one of the rails, and two wheels of the engine passed over, mashing bone and flesh from the knee to the ankle. The leg was amputated above the knee joint by Dr. Lane, Sen and Boyle on the same evening. He had a wife and two children, now with her father, Mr. John Houser, living west of St. Thomas—Opinion

THE LADY'S FRIEND FOR APRIL 1871.—A remarkable number. "The Norse Princess," a steel plate, in Illman's best style, is worth a hundred commonplace, expressionless subject, however finely executed, and we would rather have it than a roomful of gaudy chromos. The Fashion Plate presents a group of graceful ladies most stylishly attired in fresh Spring costumes, and an abundant variety of illustrations show the latest shapes for bacques, overskirts, sashes, &c. The literature is excellent and not surpassed by any Magazine. Price \$2.50 a year (which also includes a large steel engraving.) Four copies \$6.

LIVERY STABLE KEEPERS.—A bill has been passed by the legislature for the protection of livery stable keepers. This class of people has long been subjected to losses by parties who have acted as if they had an undoubted right to abuse hired teams just as they pleased. The bill passed declares that persons hiring horses or vehicles from livery stable keepers, who shall negligently injure or destroy property committed to their care, shall be deemed guilty of misdemeanor, punishable by fine or an imprisonment of twenty days in the county prison, or both at the discretion of the court, the parties to be responsible and answerable for the value of the property injured or destroyed in a suit for debt.

PLEAS.—Internal, External, Bleeding or Itching. This distressing and harrowing disease is alarmingly on the increase. More so, perhaps, from the fact that those who are afflicted from a false notion of delicacy, are afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Urivale's Pile Remedy, and, using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects. Sold by F. Fourthman.

It has been noted as a curious chronological fact that Lees, which commenced this year on Washington's birthday, will end on the anniversary of Lee's surrender.

The late Thomas Garrett, the Quaker abolitionist of Delaware, is said to have aided 2,700 slaves to escape to freedom.

The conflict which had been threatening Paris for the past two weeks on account of the refusal of some of the people in the Montmartre district to acknowledge the authority of the Government culminated on Friday. President Thiers issued a proclamation against the insurgents, assuring the Parisians of the republicanism of the Government, and asking them to support it in the effort to put down the insurrection. At midnight on Friday General Vinoy marched a body of gendarmes on the hill of Montmartre and seized the cannon which the rebels had planted there, fixing mitrailleurs to command all the approaches, and otherwise assuming control of the disaffected quarter. On Saturday morning the National Guards of Montmartre and Belleville surrounded the hill and Vinoy's men fraternized with them, failed to keep them off, and eventually the malcontents resumed their command of the position. In one of the streets near by the mob attacked some artillerymen and and of chasseurs and killed an officer. Those who remained faithful to the Government were too feeble in numbers to make any resistance, and by midday the National Guards had obtained full sway. They recaptured their cannons on the heights of Montmartre, and appeared to be determined to retain them, being well supplied with arms and ammunition, which were given up to them by the faltering troops. General Le Comte and others were made prisoners by the rioters, who demanded the dissolution of the present Nat. Assembly and the election of another, which shall hold its sessions in Paris. General Faron narrowly escaped capture by the insurgents, those of his troops who remained true to him charging the barricades and fighting their way out of the mob with him. Startling facts are known in connection with the rebellion, and the regular troops have been withdrawn from the faubourgs where the people appear excited and hostile. The latest despatches of Sunday state that Generals Clement Thomas and Le Comte were shot by the rioters. Gen. Vinoy had withdrawn all troops from the north side of the Seine, and all that portion of Paris is given up to the rebellion. It is intimated that if it continues the German army will recapture the city.

P. S. Later accounts say the reign of the mob in Paris continues, and the insurgents are masters of the city. The Central Committee of the National Guards issued a proclamation on Sunday justifying the insurrection on the ground that the present Government has betrayed the Republic, and calling on the Parisians to hold communal elections. The Government is at Versailles, where it has forty thousand good troops, and orders have been issued to the Departments to obey only instructions which come from thence.—There are no troops in Paris but the rebellious National Guards, who forced Valentin from the Prefecture of Police, and substituted Ferry in his place. They hold General De Palladines prisoner, and refuse to recognize his successor in command, General Langlois. Many of the streets are barricaded, and all the shops are closed, but there has as yet been no pillaging. The murder of Generals Thomas and Lecomte is confirmed.

BUSINESS LOCALS.  
LITTLE ONIONS.—Call at Reid's next Monday.  
FISH.—Shad, Herring, Rock, and other fresh fish at Reid's to-morrow.  
—A fine assortment of frames and mouldings for frames at the Diamond Gallery.  
Whenever you want good fresh bread, Cakes, Candies, Pretzels, &c., call on Sleasman & Mort.  
—If you can't collect your money by the 1st, give your accounts to Lew. W. Detrich, who will collect them for you.  
—If you want an Insurance against Fire that will last, go to Lew. W. Detrich, who will insure you perpetually, in the Franklin of Philadelphia  
—Persons knowing themselves indebted to L. O. Brackbill of the Diamond Gallery will please call and settle up, as he must have money by the first of April.  
FINE OYSTERS.—The finest Oysters the city market affords are received regularly every other day at the Bowden House Restaurant.  
TAILORING.—We advise our patrons wanting coats, suits or vests made to order, to call on Mr. Geo. Hoerner, an experienced Tailor, who has acquired quite a reputation of late, for neat fits and substantial workmanship.

CENTRAL MARKET.—Messrs. Weagley & Kuriz have still on hand several fine corn-fed cattle, and will continue to serve their customers regularly on Friday and Saturday evenings of each week with choice "surlins" etc. They have also for sale, Bologna Sausage, prepared by Charley, the "Baltimore Butcher," which cannot be excelled anywhere.  
—The best mechanical talent in Europe and America has been devoted to improving and simplifying the *Wilson Improved* and *Wilson Under feed* sewing machines. All complicated surroundings, having been dispensed with, the result is, the machines are noiseless and easy running, while for beauty of finish, durability and perfection of work they are unexcelled. A. E. WAYNANT, agent.

NOTHING LIKE IT.—There is nothing that adds so much to a man's appearance as a neat fashionable Hat, no matter whether the wearer is handsome or not. If you desire to improve your appearance, or the appearance of your boys there is nothing like one of Udgraff's new Spring Styles for 1871 to begin with. The next thing in importance to add to your appearance, is their celebrated well made and neat Fitting Manhattan Shirt; also, Shirt Bosoms, Collars, Cuffs, Neck-ties, Bowls, Gravats; they also keep a full line of Stockings and Underwear; Gloves are also made to order and are either for service or dress. Go see the new Spring Goods for 1871, at the Hat, Glove and Fur Factory, Hagerstown, Md., opposite the Washington House.  
[March 16-21]

—There has been of late quite a rush at the Diamond Gallery. Five Photographs selling for \$1.

SEED.—The subscriber has now on hand and for sale a quantity of Timothy Seed.  
W. A. FLOYD.

**HALL'S**  
**VEGETABLE SICILIAN**  
**HAIR**  
**RENEWER.**

Is the best article known to preserve the hair. It will positively restore  
**GRY HAIR TO ITS ORIGINAL COLOR AND PROMOTE ITS GROWTH.**

It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the vegetable kingdom.

It makes the Hair smooth and glossy, and does not stain the skin.

IT IS RECOMMENDED AND USED BY THE FIRST MEDICAL AUTHORITY.

R. P. HALL & CO., Proprietors.  
No. 50 N. Main St., Nashua, N. H.

At the residence of Mr. John W. Good, on the 9th inst., by Rev. D. F. Good, Mr. JOHN STOLER, to Miss MELISSA C. SMETZER, all of Quincey township.

On the 16th inst., by the Rev. D. Y. Heisler, Mr. DAVID KNEPPER, of Alto Pa., to Miss NETTIE L. KUHN, of Chambersburg, Pa.

THE ALTAR.  
At the residence of Mr. John W. Good, on the 9th inst., by Rev. D. F. Good, Mr. JOHN STOLER, to Miss MELISSA C. SMETZER, all of Quincey township.

On the 16th inst., by the Rev. D. Y. Heisler, Mr. DAVID KNEPPER, of Alto Pa., to Miss NETTIE L. KUHN, of Chambersburg, Pa.

THE TOMB.

On the 17th inst., in Fayetteville, Mr. FREDERICK WALK, in the 71st year of his age.

MARKETS.

PHILADELPHIA, March 20.  
FLOUR.—There is no essential change in breadstuffs, 900 barrels were disposed of at \$5.50 @ \$6.24 for superfine; \$5.37 @ \$6.25 for Pennsylvania and Western extra; \$6.75 @ \$7.50 for spring wheat extra flour; \$6.25 @ \$7 for Pennsylvania do. do.; and \$7 @ \$7 for Indiana and Ohio do. do.; and \$7 @ \$7 for St. Louis fancy at \$8 @ \$8.50. Rye, four commodities \$6. Corn meal is nominal.

GRAIN.—The offerings of wheat are small, and prices are better, sales of 1,400 bushels Western red at \$1.65 @ \$1.70, Pennsylvania do. do. at \$1.40, and 500 bushels Delaware do. at \$1.52. Rye is steady at \$1.05. Corn is very quiet, with sales of 800 bushels yellow at \$4.00, and 400 bushels. Western mix at \$3.60. Oats meet a steady demand at \$2 @ \$2.50.

SEEDS.—The demand for clover seed is very moderate, and 500 bushels changed hands, part at 1 1/4 @ 1 1/2 cents and part on secret terms. Timothy is scarce and held at \$2.25. Small sales of flaxseed at \$2.10 per bushel.

PUBLIC SALE.  
The subscriber will sell at Public Sale, in the Village of Quincey, on Saturday, the first day of April 1871, at 10 o'clock, A. M., 8 BUILDING LOTS.  
JOSEPH MIDDOUR.  
mar. 23-24

# GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR CLEANER, DREGGER AND POWERS

No implement more important to the farmer than a FIRST-CLASS GRAIN THRESHER AND CLEANER—for none pays him so well and expeditiously.

The above cut shows the ONLY GEISER MACHINE now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with first class workmen and material this machine justly stands high above all 500,000 that are made in this country. As a Thresher it is equal to the best, as a Cleaner it is superior to any other cleaning machine. This is admitted by all honest competitors. Indeed it is the only machine that thrashes, cleans, and separates thoroughly and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—thrashing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a ten Horse Lever power, with prices ranging from \$150 to \$360, with all the improvements. This is the latest improved triple-gear Horse Powers suitable for each size machine ranging from \$80 to \$135, and all fully and fairly warranted. For further information send for Circular and Price List. Responsible Agents wanted in territory not introduced. Address THE GEISER MANUFACTURING CO., WAYNESBORO, Franklin Co., Pa.
