Dr. P. FAHRNEY'S Celebrated

Blood Cleanser or Panacea.

As a modifier for children, the Panacca is, in every way calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine which poseties the qualities of a cathardte as well as a mild alterative, and which is capable of arresting disease without the least fullry to the child, is of incalculable value to every mother. As a catharde, it is very elective, yet it does not, fighten in proper quantities, cause nausca or distress to the atomach or bowels. It is very pleasant to the taste, which is a very important feature as a medicine for children. As a preventire of disease it is unprocedented, as it acts directly upon the digestive organs and the blood. In all scrofillors diseases, it is the most e fective medicine ever offered to the public; and, if given regularly and perseveringly, the c cruptive diseases to common to children may be entirely eradicated.

VINEGAR BITTERS Hundreds of Thousands Dear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE rade of Poor Rum, Whiskey, Praof Spirite and Refuse Liquers doctored, spiced and sweetened to please the taste, called "Tonics," Appetiz-ers," "Restorch," e.c., that lead the tippler on to Grankenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLEs perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direc-

tion and remain long unwell. \$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
For Inflammatory and Chronic Rheuma-

tism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and intermittent Fovers Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Discuses are caused by Vitinted Blood, which is generally produced by derangement

of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Head ache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Billous Attacks, Palpitation of the Meart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotchez, Spots, Pimpies, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the bkin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their

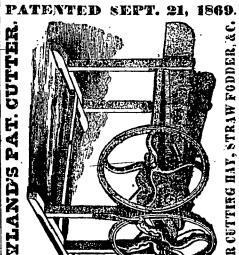

curative effect. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul,

and your feelings will tell you when. Keep the blood fure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four langunger-English, Gorman, French and Spanish.

CHINE now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with first class workmen and material this machine institutes stands high up above all of its class. As a with first class workers and material this machine justly stands high up above all of its class. As a Thresher it is equal to the best, as a Cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the tact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority, as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competi-tion withother leading machines, always agree that it is more simple—more easily understood and opbie,—threshing as much and yet cleaning better—with loss power and more confort to hands than
