

VILLAGE RECORD.

WAYNESBORO.

Thursday, April 27, 1871.

Several persons were frozen to death in Nebraska during a blinding storm on Monday a week.

Hon. Thomas F. Marshall, one of the brightest intellects that Kentucky ever produced, died in that state recently.

Miss Jennie F. McBride, of Venango county, Pa., has recovered from I. I. Wagener \$3,800 for breach of promise of marriage.

The Shepherdstown (W. V.) Register says that Judge E. B. Hall has decided the act removing the county seat from that place to Charlestown unconstitutional.

Hon. John A. Heistand, editor of the Lancaster Examiner, has been appointed by the President to the position of Naval Officer, at Philadelphia.

The subscriptions to the new loan now amount to over sixty millions of dollars. The bonds will be issued on the first of May, and by that time it is probable that the entire hundred millions may be taken.

The Black-McKraig trial in the Frederick county (Md.) court was concluded on Friday last by the acquittal of the prisoner. The announcement of the decision of the jury occasioned for a time a scene of unusual excitement.

Congress Adjourned sine die on Thursday last. A Ku Klux bill was passed. The President has issued a proclamation convening the Senate in extraordinary session on the 10th of May. The session will be for the consideration of business which will be performed by the Joint High commission.

On Thursday night, the conference committee on the apportionment bill came to an agreement. In the senate the bill was passed by 27 to 4, and in the house by 67 to 30. By the bill Franklin and Cumberland are made a Senatorial District, Adams as being connected with York, Franklin county is made a separate Legislative District, and is entitled to one member.

McMahon's army presses successfully on with the assault on Paris, and each succeeding day brings nearer the collapse of the Communist rebellion. On Saturday they were within a hundred yards of the city ramparts in some places, the batteries on both sides were in active operation, and at intervals musketry firing was heard. It is reported and again contradicted that Thiers has paid to the Germans the first five hundred million francs due as war indemnity, and that in consequence they have evacuated the forts held by them on the north and east of Paris, and allowed troops from the Versailles army to take possession. There are several circumstances which partly confirm the report, and it is true, McMahon now has the rebellious city invested on every side, and can prevent any supplies reaching it from the interior. This apprehension has increased the excitement and desperation of the Parisian mob, and terrible scenes have occurred in the streets.

In reference to the tide of immigration which is reported in the Illinois papers to be setting in from Pennsylvania to that and other Western States, the North American very correctly and properly remarks: "There is no earthly occasion for this immigration. Pennsylvania is naturally a grain growing State. Her soil is better than that of Ill., because it will hold out longer without fertilizers. The soil of the western prairies is a fresh, deep mould, but the product grows less per acre every year, as the statistics prove, while our product per acre is increasing. The Pennsylvania farmer has, in the inexhaustible mineral resources of his native State, the permanent means of feeding the soil with lime. But when the Illinois soil is exhausted, where is the fertilizing agent? All these things, though overlooked now, will be appreciated in due time. And then we shall find our Chicago contemporaries imitating our example and looking after the interests of their State by endeavoring to arrest unnecessary and foolish emigration."

At a meeting in Baltimore on Monday of a majority of the corporators of the Western Maryland Extension Railroad Company thirty six thousand shares of the capital stock were subscribed. The act of the General Assembly of Maryland creating the Company fixed its capital stock at \$9,000,000, and the subscriptions made on Monday—the shares being \$50 each—give the \$1,800,000 represented the control of the organization of the Company. The election of officers takes place in October. The franchise is a most valuable one, and we hope that immediate steps will be taken for the construction of the road. The charter of the Company authorizes the building of a line of railway from any point on the Western Maryland Railroad in Washington county, to any point in Allegany county. It is generally understood that the proposed road will extend direct from Hagerstown to Cumberland.—American.

On the 1st of May next the special or license tax required of all kinds of distillers expires, except that of tobacco and liquor dealers, which continues in force, from which cause it is estimated that the receipts for the ensuing year will be decreased about \$150,000,000. The only internal revenue collected hereafter will be on incomes, duties on liquors and tobacco.

LOCAL MATTERS.

The picnic season is coming apace.

Chambersburg is to have a new Powder Mill.

Our farmers are now busily plowing corn and potatoes.

There are several cases of pneumonia in our town at present.

See sale advertisement of Mrs. Snowberger.

During the past week we had several frosts, but too slight to damage the fruit prospects.

Keep out of debt, out quarrels, out of law, out of damp cloths, out of reach of liquors, out of thin shoes, and out of doors.

The boys are closely watching the bill posters in the hope that they will herald the coming of a circus.

The wheat fields in this section continue to present an unusually promising appearance. An earlier harvest by two weeks than last season is predicted.

Attention is called to the Borough Ordinance in this issue authorizing the extension of North Street, opening a new street etc. at the west end of town.

MORE GOODS.—Messrs. Coon & Stonehouse, one of our most extensive mercantile firms, are on hand with a full stock of new goods. Call and see the late styles.

FESTIVAL.—The ladies connected with the Reformed Church in this place intend to give an Ice Cream and Strawberry Festival in a few weeks, the proceeds to be applied towards furnishing the new Church.

NEW GOODS.—The attention of persons in want of new goods is directed to the advertisements in this issue of Messrs. J. W. Miller & Co., Boerner & Waynant, and Mr. P. Wiesner, of the Marsh Store.

The third attempt to burn the property of Daniel Keefer at Orrstown was made on Wednesday morning of last week, the incendiary firing his smoke house. Owing to the frequent fires there, the citizens, says the Public Opinion, are compelled to keep a vigilance committee out nightly.

SAD ACCIDENT.—On Wednesday evening of last week an interesting little boy, aged between 2 and 3 years, son of Mr. Henry Creyton, accidentally fell into a tub of hot water, and was so severely scalded that death ensued the following evening. His remains were conveyed to Emmitsburg for burial.

GYPSIES.—A small band of these strolling vagrants encamped during several days last week in Lusher's woods adjoining town. The females, as usual, employed their time at begging and fortune-telling. We are not advised as to missing poultry, etc.

The Tax Collector (County Treasurer) will be in this place on Wednesday next. As the big hearted county officials required us to insert last spring a six-dollar advertisement gratuitously, a brief announcement must suffice for this occasion. For fifteen years previous to last spring our bills were promptly settled, but this is an age of reforms, etc.

MOUNTAIN ON FIRE.—About noon on Monday last a fire broke out on the East side of South Mountain in the direction of Germantown. About 9 o'clock in the evening a brilliant light extending for some distance in that direction was witnessed by our citizens. A serious loss by the destruction of rails and valuable timber has no doubt been sustained.

ADJOURNED MEETING.—According to the announcement in our last issue, a meeting of Carlisle Presbytery to ordain and install Rev. W. N. Geddes as pastor of the Presbyterian congregation in this place, was held on Tuesday evening. The requisite number of ministers not being present, after a sermon by Rev. J. Smith Gordon, the Presbytery adjourned to meet on Friday evening of next week, the 5th of May.

OUT.—We observe that our clever neighbor, Mr. E. W. Washbaugh, announces himself as a candidate for the office of sheriff, subject to the decision of the Republican County Nominating Convention. Ed. is a clever fellow and would make a "tip-top" sheriff. If nominated our Democratic friends will have to place a fleet rag upon the turf to win.

We purpose shortly publishing a "black list." There is a class of patrons who owe us largely, some of their arrearages dating back as far as seven and eight years. Having so far totally disregarded our appeals for settlement, we purpose exhibiting to our good-paying patrons the names of these non-paying or swindling subscribers. The names will be forthcoming as soon as we get the list complete, which will be in the course of the next month.

A Moravian Missionary, after forty years work in Greenland, on returning to England, reports: "In all Greenland there is but one station in the neighborhood of which there are many heathens. With this exception, all the Greenlanders now profess christianity." What shall we now do with our favorite hymn, viz: "From Greenland's icy mountains"

The Phrenological Journal for May—a very superior Number—contains an array of over twenty stated articles, besides its ever valuable Miscellany; among the more interesting subjects may be mentioned: Edward Harris, the eminent Rhode Island woollen manufacturer. I wouldn't be a Phrenologist!—Why not? Suggestions to Public Speakers; Dead or Alive—which? Woman as Woman's Rights; The Feet—their Dress and Care; In the Mammoth Cave without a guide; Charles Sumner; The Utah Gentiles; Why we need Women as Physicians; Defective Educational Methods; A Free Pulpit—a need of the Times; The Sugar Maple Tree; The Traveler, a poem; by Oliver Goldsmith; is commended in this number, with new illustrations, especially designed for this Journal Price 80cts.; \$3 a year. Sent half a year, on TRIAL, for \$1. Address S. R. WELLS, 389 Broadway, N. Y.

THE GREAT FURNITURE DEPOT.—One of the greatest curiosities among the business houses of our town is the mammoth furniture depot of I. H. Whitmore, No. 3 East Baltimore street, up stairs. He occupies the entire upper floors of the Rhodes building, with a splendid office and carpet room below. All this entire space is rammed jammed and crammed with the finest stock of furniture, carpets, oil cloths, matings, oil window shades, picture frames, looking glasses, &c., now offered in the Cumberland Valley, and which he offers at prices that would startle city dealers. He is a jovial and genial gentleman, a courteous and polite salesman, never fails to make all feel at home who favor him with a call.—Now is the time to drop in and secure bargains.—GreenCastle Echo.

Mr. Whitmore's advertisements will be found in our columns.

DAMAGE BILL.—The Senate held a session on Monday evening, April 24th. Mr. Duncan offered a resolution that the Senate hold a session on Tuesday evening to consider the bill relative to the border raids.—After several amendments the original resolution was carried by a vote of 20 yeas to 9 nays.

Rev. Alfred Griffith, the eldest preacher on the roll of the Baltimore M. E. Conference, died on the evening of the 15th, in the 88th year of his age, and was buried at Alexandria, Va., on the following Tuesday.—Mr. Griffith was well known to the Methodists of this county, having been Presiding Elder of this district a number of years ago.

NOTICE.—The annual meeting of the Waynesboro' Building Association will be held on Friday evening, May 5th. A full attendance is required. E. ELDEN, Sec'y.

It is rumored that another attempt is to be made this session to take from the Sinking fund \$9,000,000 to aid in building what is known as the Piny Creek Jersey Shore and Buffalo Railroad. This is the same swindle which was squelched last winter by Gov. Geary's veto. Little has been said about the scheme for some weeks, but it is said that the members are being quietly manipulated and as soon as a two-third vote is assured, the bill will be sprung and passed, if necessary, over the Governor's veto.

John Brown's soul is marching on, but his family are widely scattered. His widow lives in Humboldt county, California, with her son Salmon, and her daughters Sarah and Ellen. Anno, who was with her father at Harper's Ferry, is married in California.—The two sons John and Jason live in Ohio, Owen in Pennsylvania, and Ruth remains at the old place in North Elba.

A tapeworm measuring seven yards, has been taken from Mrs. Susan Kraft, wife of Benjamin Kraft, of York, Pa. She had been in bad health for the past year, and at times had become so prostrated that fears of her recovery were entertained. She has now regained her health.

An exchange says, "Solidified beer is the latest thing. It is larger concentrated the way that they do it to milk, so that the amount you can hold on the point of a knife will make you drunk clean through. A man can carry enough in his vest pocket to ruin a temperance society."

The house of Matthias Karle, at Germantown, Wis., was burned on Friday, and Mr. Karle and his wife perished in the fire.

Because a Fort Wayne woman kept her bed-bug poison on the same shelf with her preserves, she don't have to mend her little Johnny's trousers any more.

In four of the coal mines in the vicinity of Soranton work has been recommenced without the authority of the miners' Union, and this Association has sought to frighten off the men by "coffin notices."

MR. BLAIR.—I wish to say through the columns of your paper that there is not a man, woman, or child at or near Waynesboro' that can say with truth I owe them a farthing.

I learn through a friendly source that certain slanderous reports are in circulation about a little "tax" against me; if there is any lawful tax standing against me I am not aware of it and I hereby authorize John Philips, cashier, to pay it from funds of mine and charge it to my account, and ask the gentlemen to invest some more honorable means of venting their spleen than to stab one's character while absent.
